BUREAU VERITAS
Certification

JUBILEE HILLS PUBLIC SCHOOL

BLOCK - III, ROAD NO.71, JUBILEE HILLS, HYDERABAD – 500 033,
TELANGANA, INDIA.

*Bureau Veritas Certification certify that the Management System of the
above organization has been audited and found to be in accordance with the
requirements of the management system standard detailed below*

Standard

ISO 9001:2008

Scope of certification

**DEVELOPING AND IMPARTING EDUCATION TO STUDENTS OF PRE
PRIMARY CLASSES**

**IMPARTING EDUCATION TO STUDENTS OF PRIMARY, SECONDARY
AND SENIOR SECONDARY CLASSES IN ACCORDANCE WITH
REGULATIONS AND SYLLABUS OF CENTRAL BOARD OF
SECONDARY EDUCATION**

Original cycle start date: **30 January 2008**

Expiry date of previous cycle: **29 January 2017**

Recertification Audit date: **04 December 2016**

Recertification cycle start date: **28 January 2017**

Subject to the continued satisfactory operation of the organization's Management System,
this certificate expires on: **14 September 2018**

Certificate No. **IND17.5064Q/N** Version : **1** Revision date: **28 January 2017**

FROM THE BOARD ROOM

“Children must be taught how to think, not what to think,”

-- Margaret Mead

Dear Readers,

Each issue of our school magazine is a milestone that marks our growth, unfolds our imaginations and gives life to our thoughts and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing. The inculcation of passion for creative thinking and writing amongst the students is one of the major objectives set by Jubilee Hills Public School. The Annual School Magazine 'Ascent' has been a step towards it and has served as a great platform to express students' passion for writing and encouraging original thinking within them. JHPS does not merely impart education or create a brigade of literate citizens, we nurture lives through childhood to maturity.

Childhood is a special time of learning, exploring and growing. Children need to be provided free time to explore their world and experience the 'Joy of Discovery'. The theme of the magazine for the year 2016-17 was 'Creative minds - Innovations and discoveries'. The school values individualism and tries to inculcate creativity, innovation and confidence. We at Jubilee Hills Public School endeavor to inspire and empower our students to be lifelong learners, critical thinkers and productive members of an ever changing global society. Our school strives to sensitize its students to the needs of the community and inculcate values like integrity, fortitude and acceptance of individual differences.

The magazine brings in the works of students which are extremely simple but will surely provide an opportunity to peep into a child's thought process and his or her axiomatic creative thinking. We would like to thank the committed and supportive management. The dedication of teachers' and co-operation from parents blends harmoniously to create a child-centric school. We are sure through collaborative effort we can achieve more to benefit our students who are the future leaders of tomorrow.

Happy Reading!

Teachers' Editorial team

STUDENT EDITORIAL MESSAGE

"Innovation is a change that unlocks new values." - Jamie Notter

The next issue of Ascent magazine is here. All year long we have received valuable inputs from students, which have helped us create this issue of the magazine.

Creativity and innovation are two crucial assets that help the world grow and develop, while also ensuring all-round improvement in individuals. Our world has seen many creations that have led us to comfortable and convenient lives that we live today. It was the ability and interest of great thinkers like Albert Einstein, Isaac Newton, Galileo Galilei and many others that compelled them to think and create.

We live in a world that is constantly changing with new concepts, ideas and technology. An individual with a creative mind will help innovate something that has never been created before-anything from a product to a piece of art. Every person needs to think out of their cubicle instead they allow it to get stuck in that cubicle for the rest of their lives.

Today the world values creativity, innovation and exploration in everyday life. Every one of us should make sure to think out-of-the-box, and beyond what we can imagine and presume.

All the fun and knowledge that we aim to give to our readers is amply expressed in these pages. We hope to provide an insight into some of the great inventions in the world, while also giving information about the importance of creativity and thinking in everyday life.

HAPPY READING!

The new generation is our greatest national asset, and in today's ever evolving times, it is imperative to nurture and guide them

It gives me immense pleasure to send my best wishes to Jubilee Hills Public School on the occasion of publication of the Annual School Magazine 'ASCENT' 2016-17. The magazine showcases the diverse activities undertaken by the school and reflects the creative minds of the students.

The new generation is our greatest national asset, and in today's ever evolving times, it is imperative to nurture and guide them. The inculcation of values and beliefs alongside with academic learning empowers individuals to be good citizens. The school rose up to the challenge of disseminating knowledge and effectively administering quality education, thereby contributing to the society's vision of providing meaningful education for all.

I extend my congratulations for the successful publication of the school magazine and my warmest wishes to the management, staff, parents and students of Jubilee Hills Public School for continued success.

K. Krishnadev Rao

President, Jubilee Hills Education Society

The desire to create
is one of the deepest
yearning of the human
soul.

- Dieter F Uchtdorf

I am delighted to learn that the school is going to bring out its Annual School Magazine 'Ascent'. I am a firm believer that school years are the formative years, crucial for the development of personality and character. The school has the onus of transmitting the knowledge along with lighting the spark of wisdom. As such the modern day teachers need to exhibit greater dynamism, enhanced creativity and a higher level of awareness.

Nothing is more enthralling and joyous than knowing how a school is spreading a movement for kindling the young minds with a dream for a better nation. Jubilee Hills Public School is on a greater mission than simply imparting education. The children are being prepared to be the frontrunners and take the lead with teachers scaffolding them from behind.

The idea to set up 'Atal Tinkering Lab' in the school is to help students develop the discipline necessary for creative thinking. Creative ideas depend on nurturing the inklings that lead to these ideas, and nurturing creative ideas needs proper platform, which we give at Jubilee Hills Public School. Children have immense energy and potential which must be channelized and chiseled with constructive creativity by teachers and parents.

With warm regards and best wishes for a successful year ahead.

Children were encouraged to tap their talents in the field of their interest and the parents used to provide necessary support to them.

A. Murali Mukund

Chairman

Ancient India was the land of brilliant minds who contributed to the development of Civilization, Science and Society. Children were encouraged to tap their talents in the field of their interest and the parents used to provide necessary support to them. Children were handed over to Gurus and there was a bond between the Gurus and Shishyas by which the Gurus could bring out the hidden talent in the child and also help them to master it.

Due to several reasons and invasions by other countries, our people gradually became submissive and got used to taking orders from others. Even after getting independence we are yet to overcome the feeling of slavery and are tuning ourselves to acquire mechanical jobs for living and amassing wealth instead of innovating new ideas and creating wealth. This is one of the reasons we are losing out creative people to other countries.

At Jubilee Hills Public School we encourage creativity and in this direction we have come up with an idea of forming 'ATAL TINKERING LAB' which will help the children to innovate and create modern utilities for the mankind.

M. Varalakshmi

Principal

“

Creativity is seeing what everyone else has seen and thinking what no one else has thought

”

The school believes in providing a stimulating and intellectually challenging environment to students and teachers to become innovative thinkers, creative problem solvers and inspired leaders. The school encourages every student to think creatively and set high expectation for them and provides them the wings to soar high.

The legacy of the school continues, we step into the thirty first year, let our cumulative knowledge and words of wisdom of great personalities who have visited this institution, together with the profound vision of the Managing Committee members reverberate and remind us the path ahead so as we rewrite our history again. The school is making giant strides and moving forward in achieving the vision and mission of the school.

My best wishes to all 'JHPIANS'

Innovation is the ability to see change as an opportunity-not a threat.

-Steve Jobs

G. Sree Devi

Academic Director

The very nature of man is to evolve and change continuously. From the early men to what we are today we have passed through so many changes. The previous eras belonged to people who had might and strength but the 21st Century will belong to people who are creative and innovative. Students must be prepared to think out of the box and not be constrained and restricted by challenges if they have to succeed.

Jubilee Hills Public School is a school with foresight which has always been a pioneer in finding ways to inspire and motivate students towards creativity. The infrastructure of the school with all smart boards and state of the art labs has played a big role in stimulating the creativity of students. This has culminated in the school receiving a grant-in aid of Rs.20 Lakhs by Niti Aayog, Ministry of Human Resource Development, Government of India to set up the Atal Tinkering Lab. The objective of this scheme is to foster curiosity, creativity and imagination in young minds; and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc. What students will have to remember is that creativity and innovation will not be an end in itself but a doorway to progress in the future. This lab with its idea café will help students to develop an interest in research which is necessary for India to cement its position among the developed countries.

"Changes call for innovation and innovation leads to progress." -Li Kegang

ANNUAL REPORT FOR THE YEAR 2016 - 2017

JHKS

The student strength is 418 and there are 19 trained teachers.

JHPS

The student strength is 2346 and there are 131 trained teachers. During this academic year, 149 students have appeared for CBSE Class-X Board Examinations and secured 100% pass percentage this year also. Out of 149 students, 78 students have secured A1 Grade and 43 students among them have achieved 10/10 Cumulative Grade Point Average (CGPA). In CBSE Class-XII Board Examinations we secured 100% pass percentage and 12 students have secured distinction.

JHSDC

Jubilee Hills Skill Development Centre (JHSDC) focuses on developing the skills of the teachers and empowering them to create an excellent classroom environment.

INFRASTRUCTURE:

- The School is a proud recipient of Rs.20 lakhs as a Grant-in-aid from Government of India to set up the 'ATAL TINKERING LAB'. The school is setting up this new lab for the young minds to explore their innovative ideas.

- As the students' safety and security is paramount the school has installed 306 CCTV surveillance cameras and 10 Walkie Talkies are provided.
- Spacious interactive Classrooms, three 3D labs, three Computer labs, three Science labs, Social Science lab, Mathematics lab, English lab are provided for the students at all levels.
- Two well ventilated auditoria are available.
- The Library is used as a Resource Centre by students and Teachers with 15,000 titles.
- A well equipped gym is available in the school premises.
- Vast Football and Volleyball grounds, International Standard Basketball and Tennis courts, Badminton courts and a separate pitch for Cricket is available in the school premises.
- A V Studio is available to record the topics taught by the teachers and also the School programmes.
- The school provides mineral water for all the students.
- A spacious Art studio is set up for the students.

Awards of Excellence

- National Award for Principal Ms. M. Varalakshmi

Ms. M. Varalakshmi, Principal, Jubilee Hills Public School has been awarded the CBSE National Award for Best Teacher of India. The Honourable President of India, Sri Pranab Mukherjee gave the award at Rashtrapathi Bhavan, New Delhi on 5th September, 2016.

- Jubilee Hills Public School bagged the prestigious Academic Excellence School Award 2017 by Brain feed.
- The school has been ranked as one of the Best CBSE School in Hyderabad by Digital Learning in 2016.

Value Education

A workshop was conducted on 4th Jan 2017 in the school premises by Swami Bodhamayananda from Ramakrishna Matt on Human Excellence, Management and Personality Development.

Strategic Teacher Empowerment Program (STEP)

The main aim of STEP is to conduct workshops for the teachers to empower them and enable a better teaching-learning system in the school.

Workshops

- A two day CBSE Capacity Building Workshop on CCE and Mathematics was conducted to train teachers.
- A workshop on 'Unpacking ECE Curriculum' was conducted for pre-primary teachers on 12th July 2016 by Ms.Indira Nancy from New Zealand.
- The Academic Director Ms.G.Sree Devi and the Primary Headmistress Ms.Sonia Nagpal attended a conclave at Manipal University conducted on 8th and 9th November 2016.

Career Counselling

- A Career Guidance Workshop was conducted for the students of classes X to XII on 3rd December, 2016. Mr. Vishnu, an Indian representative of Asia Pacific University, Japan informed about the various courses offered by the university.
- A Career counseling workshop was conducted for classes X to XII in September 2016 where fifteen University representatives from U.S.A. had come and created awareness regarding admission and scholarship procedures.

Important Events and Functions

Tri Decennial Celebrations

The School celebrated its Tri Decennial Celebrations on 19th November, 2016 in the school premises.

CBSE Regional Level Science Exhibition

Dr. Subba Rao Pavuluri, Vice President of JHES was the Chief Guest for "The regional Level CBSE Science Exhibition" which was hosted at the school from 14th to 17th December 2016 with the theme "Science and Technology for Challenges in life".

Model SAARC

Dr. J. Purnachandra Rao, IPS was the Chief Guest for 'Model SAARC Summit' organized on 22nd & 23rd July 2016 provided a platform for students to explore their knowledge.

Haritha Telangana

B. Ram Mohan, Mayor-GHMC, Sri. Mahender Reddy, IPS, Commissioner of Police, Kaja Suryanarayana, Corporator- Jubilee Hills, Sreenivas Reddy-Circle inspector, Srikanth and Naveen Chandra cine artistes

from Tollywood, Students and staff of Jubilee Hills Public School took part in the Haritha Telangana Project on 22nd July 2016.

Prizes and Awards won by our students

External achievements

- Sri Sindhu Gunturi (Alumni) secured 49th rank at all India level in National Level Science Talent Search Examination (NSTSE), 2015 was felicitated at annual awards celebrations conducted by Unified Council in Telangana State on 19th June, 2016.
- Akshat Kumar Shahi of Class V secured zone 1st rank in Telangana state in Unified Cyber Olympiad, felicitated at annual awards celebrations ceremony with a memento.
- Rithwik Thummala of Class II participated in painting competition conducted by CBSE whose entry was selected as the best at National level and secured a cash prize of Rs 2500/-.
- V.Mahima Anu Michell of Class VI secured a cash prize of Rs.2500 in energy conservation painting competition conducted by NTPC.
- Twenty students from Class VII and VIII secured first place and a cash prize of Rs.10,000 in Dynamic National Dance Competition.

Sports achievements

- Aashritha Duddu of Class VIII bagged second place in Khelo India National Tennis competition conducted in Mysore, Karnataka from 17th to 21st January 2017.
- Rohan Kavali of Class VII bagged

third place in Khelo India National Tennis competition conducted in Gachibowli, Hyderabad on 11th February 2017.

- K. Sai Harini Rao of Class VI bagged 8th position in Gymnastics in 62nd National School Games conducted from 7th to 16th November, 2016 at Allahabad, Uttar Pradesh.

NCC

- Cadet Meghna Saha Class IX of Jubilee Hills Public School went to New Delhi as part of Andhra Pradesh and Telangana Directorate and she was adjudged 3rd All India Best Cadet. She was in the Republic Day Camp from 28th December 2016 to 29th January 2017 organized by Director General NCC, New Delhi under Ministry of Defence.
- Cadet Bhavya Mansa Class IX took part in the Thal Sainik Camp which was held at New Delhi from 20th September to 2nd October 2016 won Team Gold Medal in Advance Rifle Shooting in Inter Directorate Shooting competition organized by Director General NCC, New Delhi Under Ministry of Defence.

M. Varalakshmi
Principal

SECRETARY'S REPORT 2016-17

A.MURALI MUKUND

Secretary, Jubilee Hills Education Society

Dear Members,

Our Society has now expanded its operations to other areas of Telangana apart from the existing school at Hyderabad. This is an achievement and we can proudly state that we are now operating two schools and are on the way to start another school at Vijayawada in the near future.

We had a grand inauguration of our new school at Rampally Dayara campus at Medchal on 30th June, 2017 and all the Government dignitaries who have attended praised for the modern institution set up in that area. The Chief guest suggested that we should open such new schools in other areas of Telangana too and the Government will also try to provide the land. As a Social responsibility, he also suggested that we should adopt Zilla Parishad School in that area to educate the needy children. The inauguration gave us wide publicity and good recognition in the Press and Media.

Our student's performance as usual is good this year. We have been awarded the Best school by Brain Feed magazine and Digital Learning Magazine. Our school ranking has also improved in various surveys of various organizations.

As a practice of giving good moral values to the children we have organized a value education workshop by Swami Bodhamayananda from Ramakrishna Mutt on 4th January, 2017. The children actively participated and enjoyed the session. We have conducted several workshops for the benefit of teachers to hone their skills which help in delivering the quality education to the students. We had sessions by foreign representatives from different Universities

to explain our students about the opportunities that are available internationally.

As you are aware that we have completed 30 years of excellence in education and we have grandly and colorfully celebrated Tri-Decennial Anniversary on the school Annual Day.

For the first time we have successfully organized a Model SAARC in the month of July, 2016 to encourage and enlighten the students about the issues in the participating countries. The Chief Guest Dr.J.Purnachandra Rao, IPS appreciated the quality of debates and the meticulous arrangements of the programme.

State Government initiated HARITHA HAARAM, we took part in the Project and planted plants at our school campus. The Dignitaries such as Mayor of Hyderabad Mr.Bonthu Ram Mohan, Police Commissioner Mr. Mahendra Reddy and several other political leaders and film personalities have attended the programme.

We also had Mr G.Vivekanand, HCA President as the chief guest for the School's cricket team trip to Sri Lanka and he promised to help the development of ground.

Another major achievement

for the institution is the installation of Solar Power equipment at Jubilee Hills Public School, Hyderabad campus by which our Electricity bill has considerably reduced and we will be recovering the total capital within four years. We shall now replicate the same achievement at our new campus at Rampally Dayara.

We would also like to inform the members that our children have competed and successfully won from Niti Aayog, the prestigious grant of Rs.20 lakhs for setting up ATL Tinkering Lab. This shows that our children are trained to contribute towards the development of our institution.

During the year we could succeed in construction of the compound wall in the so called disputed area with the help of an interim order by the Court. We hope that the final order also comes in our favour.

We also would like to bring to the members notice about the CBSE changes in the examination structure. All our children have done well all these years and we hope that they will continue to do well in the new pattern of examination as well.

The parent days i.e the Annual Day of all the primary classes have been appreciated

by everyone as the standards of speaking abilities, stage presence, the confidence levels and the team work have greatly improved .

3D labs which are introduced during this year have added to the value of education. The children are now exposed to a better mode of media where they can understand the concepts, remember the good points and reproduce successfully and fare better in the examinations.

Principal made us proud by receiving the Best Teacher award from the President of India.

On behalf of the managing Committee, I thank all the members, staff and students for their continuous and comprehensive support in all areas and making our Education Institutions successful in all respects.

CREATIVE MINDS

INNOVATIONS AND DISCOVERIES

"Vision without Action .. Is Just a Dream
Action without Vision .. Just Passes the Time
But, Vision and Action .. Can Change the World"
-Joel A. Barker

CREATIVITY

"Creativity is Thinking up New things, Innovation is doing New things"

"Riya is brilliant, but she doesn't have a drop of creative talent."

"Bhargavi is wonderfully creative, but she does poorly on standardized tests."

"Rohan always has interesting approaches to problems, but he just doesn't fit into the traditional school environment."

How many times have we, as teachers, administrators, researchers, or parents, heard remarks like these? And how many times have we concluded that abilities are etched in stone, inexplicable, and unchangeable?

The seeds of creativity live in everyone. Some individuals are fortunate that their sprouting imagination was nurtured and grown into strong creative thinking abilities. Their parents and teachers nourished them with creative experiences and confidence building responses to their attempts, throughout their childhood.

Encourage and develop creativity by teaching students to find a balance amongst synthetic, analytic,

and practical thinking. Creative people invent, imagine, problem-solve, create, and communicate in fresh, new ways. Every business requires creative thinkers in the form of scientists, engineers, medical researchers, technology innovators, business entrepreneurs, artists, performers, writers and illustrators, designers, inventors, educators and parents. Those with the ability to "think outside of the box" will lead the future and make special things happen.

Steps for Personal Creativity

- Believe in yourself
- Question traditional assumptions
- Expand your problem-solving styles
- Practice thinking in new ways

Creativity in the Classroom

Creativity in the classroom not only improves those pesky test scores, but it also contributes to what should be our ultimate goal as educators inspiring students to become curious, engaged, and interested in the world around them and within them.

"The great engine that drives innovation and invention in society comes from people whose flame of creativity was kept alive in childhood. Research shows that, if not nurtured, creativity takes a nosedive by fourth grade. Young children who were awesome artists in preschool no longer colour the sky orange and pink just because they love the glowing colors," says Alice Sterling Honig, Ph.D, of Syracuse University.

In large part, this happens within the confines of the classroom walls. We train them to spit out the answers we want rather than find the answers themselves, because it's quicker and gets a more consistent result. But is it the right thing to do?

As teachers we must try to allow the child to create new things with their ability and ideas. When ideas open, creativity is born.

Innovation

Innovation is the "process of making improvements by introducing something new." Some innovations have solved problems. Others have made life better for people. Some have even changed

the world! An innovation often starts with an idea, or a question, or someone just saying, "What If...?" Those who innovate often take different paths to reach their end product, but many follow similar steps. Below are few steps commonly followed during the Innovation Process?

Step 1: Identify the challenge, problem or opportunity.

Step 2: Conduct research to learn as much as you can about the topic, problem, alternatives, what's already been done, etc.

Step 3: Brainstorm, brainstorm, brainstorm! Consider as many options as you can!

Step 4: Design a solution based on all you've learned.

Step 5: Create a plan for your solution. Think about how your solution would work and everything you would need, including materials, information, time and resources.

Step 6: Create a model, sketch, or prototype of your solution.

Step 7: Test your idea.

Step 8: Evaluate and make changes based on your evaluation.

Innovations and Inventions that Changed the World

Over the past few decades, innovative thinking has slowly been making its way to the top of the list of abilities employers rank most important to attaining a lucrative and esteemed career. In the age of advanced computers capable of accomplishing a variety of tasks on their own, autonomy and the ability to invent creative and unique methods of solving problems is extraordinarily desired and extremely rare. Innovation can be defined as a distinctive manner of thinking that brings about more

efficient solutions to modern issues.

In the sections below, we will explore various examples of how innovation has been put to use in the past! If you're interested in learning more about this topic, take a look at this awesome course on methods to kick-start your innovation.

Historical Technological Innovation Examples

Many inventions that exemplify innovation are technology-related and have made strong contributions to life as it is now. A few examples of innovations that shaped our lives are:

- **The Printing Press**

This incredibly influential machinery was designed in the mid-1400s by Johannes Gutenberg and has shaped every aspect of our paper-based industry. Without it, books, newspaper, and countless other typed resources would be non-existent.

- **Steam Powered Vehicle**

In addition to the steam engine

being an innovative invention that affected the course of history, it also was the product that launched society from the agricultural age to the age of industry.

- **Mechanical Vehicle**

The first automobile, designed in 1769 by Nicolas-Joseph Cugnot forever changed transportation. No longer were horse and buggies and week-long travels to distant cities needed; here was an invention that could get you where you needed to go in a fraction of the time it would usually take.

- **Telephone**

Take a look around you right now. I'm willing to bet that nearby you can spot your cell-phone placed haphazardly on an easy-to-reach surface, still warm from usage. The first telephone, created in 1876 by Alexander Graham Bell, revolutionized communication, making it possible to maintain connections with long-distance friends and reach acquaintances halfway across the world in mere seconds.

- **Radio**

The first radio broadcast, issued in 1920 in Michigan, altered methods of communicating nation-wide news incredibly. With the help of this invention, people would be notified of nationwide issues instantaneously instead of waiting hours or even days for the news from halfway across the country.

- **Television**

The first commercial television, produced in 1936 in the United Kingdom, brought about astonishment from all who viewed it with its ability to create moving pictures. Now, in modern-day society, it is almost impossible to locate a home

that doesn't possess at least one television set.

- **Video Games**

Video games, in their most simplistic form were produced in 1947 with the intention of using radar inspired technology to create a fun and entertaining way to pass the time. As you can see by the vast number of video games that sell-out annually, their plan was a success!

- **Personal Computers**

Chances are, you're reading these words on your own

personal computer, and may find it difficult to imagine an age where you wouldn't be able to accomplish such a feat. Before the invention of personal computers in 1964, by Pier Giorgio Perotto, information was not readily available at the touch of a button.

Modern Technological Innovations

Though the contributions listed above have been extremely beneficial for society's construction, there are also many modern-day instances of innovation used to create technological products. For example:

- **World Wide Web/Internet**

The Internet, in comparison with the previously mentioned items, is a fairly recent invention that led to the development of the information age. In its twenty-five years of existence, it has made vast leaps in extending the knowledge of millions of people.

- **Email**

Electronic Mail was first released to the general public in 1993 as an attempt to create a quick and

easy way to send a letter without having to wait the set amount of days it takes the post office to deliver the item. The system was a huge success and has become an almost necessary component of daily life.

Google Search

I'm Feeling Lucky

- **Google Search**

Google has simplified locating information online since its initial launch in 1997, replacing the need for a printed encyclopedia and eventually extending its search parameter to include categories, such as images, videos, news, and web depending on what it is you're searching for.

- **WiFi**

Though originally developed in 1985, the more modern version of this device came about in 1999, just in time for the turn of the century. I'm sure many of you still remember that agonizing dial-up Internet sound and the relief you felt when you finally obtained your own WiFi device.

- **iPod/iTunes**

Though the iPod may not

seem to fit into the scheme of life-changing innovations, it certainly does fit in the category of "miraculous inventions". The fact that one tiny rectangular box can hold thousands of songs that can be accessed immediately is mind blowing.

facebook

- **Facebook**

Facebook, founded in 2004 by the famous Mark Zuckerberg, forever altered the way in which acquaintances and friends could stay in contact with each other. With the use of this incredibly innovative website, it became easier than ever to communicate with old friends.

- **YouTube**

YouTube, developed in 2005, allowed users to upload homemade videos onto the Internet and brought a brand-new type of celebrity dubbed the "YouTube" star. Now, videos featuring adorable cats, romantic proposals, or any number of other comical or sweet subjects can be accessed at the touch of a button.

• Twitter

Twitter, launched in 2006, was a latecomer to the game, but still just as innovative as the social networks developed prior to it. Since its commencement, its user base has soared and now can be ranked right up with Facebook as “most-used social network”

Innovation has worked its way into countless past technologies and inventions that shaped the lives of people around the world. These inventors approached either an issue that needed resolving or an idea about how they can make life more enjoyable and used their inspiration to develop a product that could alleviate that need or dilemma.

You too can use the processes of innovation to improve your life and perhaps even make legendary contributions such as these to societies. In addition to the technological forms of innovation, there are also many that relate to the field of business

INNOVATIONS AND DISCOVERIES

A discovery is recognizing something that already exists for the first time that nobody has found before, e.g. how Christopher Columbus discovered the Americas. An invention is creating something

totally new with one's own ideas and development.

IMPORTANT INNOVATIONS AND DISCOVERIES

1. Electricity, late 19th century
2. Penicillin, 1928
Accidentally discovered in 1928, though antibiotics were not widely distributed until after World War II, when they became the silver bullet for any number of formerly deadly diseases.
3. Optical lenses, 13th century
Refracting light through glass is one of those simple ideas that took a mysteriously long time to catch on.
4. Paper, second century
5. The internal combustion engine, late 19th century
Turned air and fuel into power, eventually replacing the steam engine
6. Vaccination, 1796
7. The Internet, 1960s
The infrastructure of the digital age
8. The airplane, 1903
9. The personal computer, 1970s
10. The automobile, late 19th century
11. Nuclear fission, 1939
Gave humans new power for destruction and creation

12. Alphabetization, first millennium B.C.
Made knowledge accessible and searchable—and may have contributed to the rise of societies that used phonetic letters over those that used ideographic ones
13. The printing press, 1430s.
The turning point at which knowledge began freely replicating and quickly assumed a life of its own.
14. Refrigeration, 1850s
15. The mechanized clock, 15th century. It quantified time.

The Govt of India has started Atal Tinkering Labs in all schools with a vision to ‘Cultivate one Million children in India as Neoteric Innovators’, NITI Ayog is establishing Atal Tinkering Laboratories (ATLs) in schools across India. The objective of this scheme is to foster curiosity, creativity and imagination in young minds; and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc. Every school will now set up a lab to help students tinker with ideas and work on prototypes.

The new Atal Tinkering Lab set up in our school will help students to work creatively and shape their ideas with hands on experience. We are proud to be chosen as one of the schools in Telangana to set up such a lab in the campus.

AN INTERVIEW WITH THE YOUNG INNOVATORS

The school is glad to announce to receive an aid of Rs. 20 Lakhs from the Niti Aayog, Govt. of India as it was selected to establish the Atal Tinkering Laboratory in the school. Out of 13,895 schools that applied, 257 schools were selected across India and JHPS is one of the 8 schools that has been selected from Telangana. The schools were selected on the basis of the projects they had displayed.

With a vision to 'Cultivate one Million children in India as Neoteric Innovators', NITI Aayog is establishing Atal Tinkering Laboratories (ATLs) in schools across India. The objective of this scheme is to foster curiosity, creativity and imagination in young minds; and inculcate skills such as design mindset, computational

thinking, adaptive learning, physical computing etc. The school will now set up a lab to help students tinker with ideas and work on prototypes.

The students of class IX Karthik Ganti, Jay Reddy A M and Chandra Kiran Avula worked for the project. They share their experiences with the editorial team.

➤ What is your project about?

Our project is about waste management. We built a prototype which helps to burn the organic garbage like fruit and vegetable peel. This prototype will reduce garbage into smaller units which can be effectively used as manure. This project helps the community to reduce waste that comes on to the roads.

➤ How effective can this project be?

In India, most of the population lives in apartments. If this project takes over, the garbage collection will reduce.

➤ How do you plan to publicize this project?

Social networking sites would be the best way to spread this. You can also sign petitions in internet on change.org and create a joint petition. It should first start at city level, and then it would be later publicized by the media.

➤ How is this project advantageous?

This project will be eco- friendly to the environment. This would give a step towards the Swachh Bharat Mission.

➤ Do you consider any profits from this project?

No, we don't consider any profits.

➤ How can this project reach the citizens of India?

There are many online shopping websites. So this can help to marketize the project.

Sharing their experiences

Dr. Kashyapa sharing his views with the interviewers Pranati and Karthik

AN INTERVIEW WITH DR. KASHYAPA

The CBSE Regional Level Science Exhibition was organized in the school premises from 15th to 17th December 2016. Seventy two schools from Andhra Pradesh and Telangana with 280 students and 70 teachers participated in the 3 day event. Dr. Kashyapa and many other eminent members graced the occasion.

Dr. Kashyapa Balemorthy received the B.Tech. degree from IIT, Kanpur and the Ph.D from Georgia Tech USA both in Electrical Engineering. Dr. Kashyapa has over two decades of experience in the area of digital communications. Dr. Kashyapa was one of the judges for the event. He was interviewed by our students.

1. May we know where you are working as a Research Scientist at present?

I am working for a company called Optical Fiber Solutions (USA), started by Alexander

Graham Bell. It started a Research Group in India, which works on Terrestrial Networks used by Airtel, Reliance and many other telephone companies.

2. Did you aim at becoming a scientist right from your childhood days or did something influence you in between to become a scientist?

No, I was not a very bright student at the school level. I always used to think that I was not able to do what a topper did. So, I fell in love with the subject slowly. I went to IIT-Kanpur and discovered my interests since then.

3. As a scientist, what has been your prime focus?

My major area of focus is on high speed transmission technologies. I try to understand the equations and problems. I also work on designing Optical Fibers. I am not much interested in Physics or

Chemistry, but I do try to make problems of others easier.

4. If a student is aspiring to become a scientist, what would it take for him to become one?

To become a scientist, a student has to learn how to learn. You need to adapt to every new thing. You should be active and curious for learning. You should always question every statement you are reading or listening to, in any subject. Take guidance from elders and teachers. Watch and listen to the online lectures and videos and ponder on what you listen.

5. After looking at these many exhibits put up by many students from various schools, how do you think would the future of Science be in our country?

Yeah, the future of Science in our country would be pretty bright and amazing. These stalls are really very innovative and add immense value to our country. Some of the ideas involved higher technology and need support for their application in the real world. It's a very good initiative by your schools towards nation building through Science.

6. What message would you like to give to the students and the youth of our nation?

I advise all the students to learn how to learn, I am sure, you can learn anything in this way. Be patriotic and think how you can help the nation prosper. Always believe that problems of high scale can be solved by group work easily.

Team Work

A strength of unity

GODAVARI HOUSE

Motto: "The strength of the team is each individual member. The strength of each member is the team."

The colour blue is linked to consciousness and intellect and often associated with tranquility. In the similar way, Godavari house also symbolizes intelligence and aware about the tough competitors. In this house each student is a valued member. A positive self esteem among students is developed. Building of an individual's strength within the group is the main goal of Godavari house. Though there were a few ups and downs, the team was successful in receiving the second prize in March past. The house captains, prefects, members and the wardens have worked to their full ability during the academic year. With the motto "The strength of the team is each individual member. The strength of each member is the team." we believe that Godavari house will surely stand high in the years to come.

GANGA HOUSE

Motto: "Individually, we are one drop. Together we are an ocean"

Red signifies a pioneering spirit and leadership qualities, promoting ambition and determination.

The river Ganges symbolizes many virtues which one should inculcate. Perseverance, untiring journey through difficult times, gathering tributaries along the way and so on. Our house true to its name was able to overcome all difficult situations and move forward undeterred. We made use of every opportunity to exhibit our talent in house activities also. The relentless efforts of the students and house teachers paved way for the Ganga House to reach its glory. It was a great moment of pride for the members of Ganga House to lift the Trophy for over all best House.

KRISHNA HOUSE

Motto: "Unity is strength when there is teamwork and collaboration, wonderful things can be achieved."

Yellow the colour of sunshine, hope, and happiness. The House Wardens, House members and the House Captains have always strived to touch the zenith of success. Krishna house aims to discover the talent in every member of the house. The house has good coordination among the house captains, vice captains and prefects. This year the house stood first in March past. The house grabbed every opportunity to exhibit its talent in various activities. The persistent hard work of the students and house teachers has paved way for the House to accomplish all the tough challenges. It was a joyous moment of delight for the team to lift the Trophy for best house in March past.

CAUVERY HOUSE

Motto: "Ever more and better ever"

Green stands for balance, nature and rebirth. It's the symbol of prosperity, freshness and progress. The House wardens, House members and House captains have always strived to inspire and encourage the team. All students worked hard and supported each other in the pursuit of learning. With the motto "Ever more and better ever" we are sure Cauvery house will continue to excel. This year Cauvery house stood first in cultural activities.

CROWNING GLORY OF JHPS

EXCELLENCE AWARDED

“Put your heart, mind and soul into even your smallest acts. This is the secret of success.”

THE SCHOOL HAS BAGGED THE PRESTIGIOUS ACADEMIC EXCELLENCE SCHOOL AWARD 2017

The school was awarded 'The Best Academic Excellence School and Best ICT Implementation among Top Telangana Schools' in commendation of achieving excellence in quality education towards the development of the society.

The award ceremony was organized at Hotel Le Meridian, New Delhi on 4th February, 2017, Ms. Sonia Nagpal, Primary Headmistress received the award from Mr. Nirav Khambhati, CEO, Tata Classedge on behalf of the school.

JUBILEE HILLS PUBLIC SCHOOL RANKED AS ONE OF THE BEST AMONG THE CITY SCHOOLS BY DIGITAL LEARNING

The School is well-known as a premier school in Hyderabad. It has been successfully striving to provide a sound educational environment to the students. The School was ranked as one of the best schools amongst the CBSE schools in the city in various parameters like goodwill and legacy, learning experience, academic excellence, career advancement, future ready infrastructure, online presence and Social footprints by Digital Learning Magazine.

A MOMENT OF PRIDE IGNITING A NEW BEGINNING

INAUGURATION OF THE NEW BRANCH AT RAMPALLY

Unveiling the New Branch

Jubilee Hills Public School added another feather in the cap when it inaugurated the new branch at Rampally Dayara Village, Keesara Mandal, Medchal District on 30th June, 2017. The event was attended by eminent dignitaries.

The Chief Guest was Sri.T.Harish Rao. the Honourable Minister for Irrigation, Marketing and Legislative Affairs, Government of Telangana, The Guests of Honour were, Sri.M.Sudheer Reddy, MLA, Medchal, Sri.Raju, MLC, Sri. Prabhakar Reddy, ZP Chairman, Sri. Tula Uma, ZP Chairman Karimnagar, Sri. M.V.Reddy, IAS Collector, DEO Usha Rani, Sri. G.Mallesha, Sarpanch, Sri.K.Krishnadev Rao, President, Jubilee Hills Education Society, Dr.Pavuluri Subba Rao and

Sri. D.Vidya Sagar, Vice Presidents, Jubilee Hills Education Society, Sri.A.Murali Mukund, The Chairman, Jubilee Hills Public School and

Chief Guest Sri. T. Harish Rao's Address

Secretary Jubilee Hills Education Society, Distinguished Managing Committee Members, Ms. M. Varalakshmi, Principal, Ms. G. Sree Devi, Academic Director, teachers, parents and students graced the occasion.

The program started with a welcome dance followed by the lighting of the lamp by Sri.T.Harish Rao and other dignitaries. The Principal Ms. M. Varalakshmi welcomed the gathering and said that the school imparts holistic education.

Sri.T.Harish Rao, Honourable Minister, congratulated the

A perfect synchrony - Group Dance

Sri. T. Harish Rao, Honourable Minister for Irrigation, Marketing and Legislative affairs

Managing Committee for the initiative to start a school at Keesara with the finest infrastructure and the idea of providing quality education

in a rural area. He said that the school is one of the best schools in the heart of the city. He requested the Managing Committee to start

more such branches to improve the quality of education and also provide healthy competition among the schools.

Sri.M.V.Reddy, District Collector, Medchal said that strong foundation in academics and ethics is a must for an all round development of the child.

Sri.M.Sudheer Reddy, MLA, Medchal expressed his pleasure in having such a well known school in his constituency as it benefits the people in Keesara.

Speaking on the occasion, Sri.K.Krishnadev Rao, President, Jubilee Hills Public School, stated that the next generation needs to be educated and prepared for future challenges. He said the children need to dedicate themselves to the field of research. He congratulated the teachers and students for the

Chief Guest Lighting the Lamp

Managing Committee Members

soaring success of the school over the years.

The Chairman, Sri. A. Murali Mukund, in his speech said, education is important for the development of the society just as the three basic necessities of life food, water and shelter.

The Academic Director, Ms.G.Sree Devi addressed the gathering and said that there is a dearth of good schools in rural areas. The successful journey of JHPS set up 30 years ago was an impetus in starting a school in semi rural area with the benefits of a city school.

The inauguration of the new branch was indeed a moment of joy in the history of Jubilee Hills Education Society.

JHPS RECEIVES RS. 20 LAKHS FROM GOVT. OF INDIA

JHPS is a proud recipient of a grant in aid of Rs. 20 Lakhs from the Niti Aayog, Govt of India as it was selected to establish the Atal Tinkering Laboratory in the school. Out of 13,895 schools that applied, 257 schools were selected across India and JHPS is one of the 8 schools that has got selected in Telangana. The schools were selected on the basis of the projects they had displayed.

With a vision to 'Cultivate one Million children in India as Neoteric Innovators', NITI Aayog is establishing Atal Tinkering Laboratories (ATLs) in schools across India. The objective of this scheme is to foster curiosity, creativity and imagination in young minds; and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc. The school will now set up a lab to help students tinker with ideas and work on prototypes.

The Chairman, Sri A. Murali Mukund and Professor, Y. V. Umapathi Varma congratulated the Academic Director, Ms. G. Sree Devi, the Principal, Ms. M. Varalakshmi, the Science HOD Ms. Anupama, the Science department teachers and the students Master. Jay Reddy, Karthik Ganti and Chandra Kiran from class IX who were involved in the project.

Students with their project

CBSE REGIONAL LEVEL- SCIENCE EXHIBITION

The CBSE Regional Level Science Exhibition was inaugurated in the School premises on 15th December, 2016. The programme began with the ceremonial lighting of the lamp by the dignitaries, the Chairman, Sri. A. Murali Mukund, the Vice Presidents, Dr. Subba Rao Pavuluri and Sri. D. Vidyasagar, the Principal, Ms. M. Varalakshmi and the Academic Director, Ms. G. Sree Devi. The eminent scientists, Dr. Bhupal Raj, Dr. V. Dinesh, Mr. Indrajit Patra, Dr. Kirti Srivastava, Dr. Kasyapa and Dr. P. Hemagiri Rao graced the occasion and were the judges for the event.

The Hillside magazine of the school was released by Dr. Kirti Srivastava. As a token of appreciation medicinal saplings were given to all the eminent guests. 72 schools from Andhra Pradesh and Telangana with 280 students and 70 teachers came to participate in the 3 day event.

The Principal, Ms. M. Varalakshmi, welcomed the gathering and said that it was 'Science' that had brought students from various schools together. She also added

that this event would showcase the scientific talent of the students. Mentioning the achievements of Dr. Subba Rao Pavuluri, she said that JHPS was honoured to have eminent scientists in the school Managing Committee.

The Chairman, Sri. A. Murali Mukund stated that it was a matter of pride and honour for JHPS to organize such a prestigious show. He said that students are the budding and future scientists who would play a major role in the growth of our country. He asked the students to be patient which would help them to succeed in their lives.

The Academic Director, Ms. G. Sree Devi, said that the exhibition would definitely rejuvenate the scientific temper of the students. She asked them to sow the seed of Science, water it and fertilize it. She thanked the students for their participation and called them the Chief Guests for the day.

Dr. Kirti Srivastava, the Chief Scientist at NGRI said that each child has the potential to explore Science and it is important to be honest, do their duties with devotion and the sky would be the limit. The programme came to an end with the vote of thanks by the Academic Secretary, student council, Priyam L.

PARENT ORIENTATION PROGRAMME

As Parental involvement is a very important factor in a student's success at school, Jubilee Hills Kindergarten School conducted Parent Orientation programme on 25th June 2016. The main objective of the programme is to make the parents aware of the teaching learning processes followed in the school. Ms. Sri Latha the Coordinator of Pre-Primary welcomed the parents. UKG Coordinator Ms. S. Samatha gave a short introduction about the functioning of the Kindergarten school and the teaching methodology. The Headmistress of Pre-Primary and Primary Ms. Sonia Nagpal updated the parents on the teaching methodology, the assessment process and the importance of parent coordination for the smooth functioning of the school. The Open session was conducted by the Principal Ms. M. Varalakshmi, the Academic Director Ms. G. Sree Devi, and the Headmistress Ms. Sonia Nagpal, where the queries of the parents were answered. The programme concluded with the parent appreciating the Management and the teachers for their marvelous job. Most of the parents were reassured and happy that their children would be taken care of, by the Management and teachers. Ms. Nalini LKG- Coordinator proposed the vote of thanks.

Parents Clarifying their Queries

JHKS TEAM

Principal addressing the audience

Speech by the Head Girl - JHKS

The Chief Guest pinning the badge

INVESTITURE CEREMONY

JHKS celebrated the Investiture Ceremony on 2nd July 2016. The Chief Guest for the day was Sri. K. Krishnadev Rao, the President, Jubilee Hills Education Society. He pinned the badges and initiated the oath to the newly selected leaders. Pransh Rastogi from UKG-E was selected as the Head Boy and Saanvi Khandelia from UKG-B was selected as the Head Girl. The head girl shared her views about her responsibilities towards the school and promised to fulfill them.

The Chairman, Sri. A.Murali Mukund congratulated all the leaders and wished them all the best for their future. In the speech he said that a leader should set an example of patience, self-discipline and delegate the work as per the potential of his/her colleagues. He suggested them to be good leaders who can change India's outlook and work for the development of the country.

The Academic Director, Ms. G. Sree Devi conveyed her best wishes to the newly elected leaders and said that leaders are not made, they grow.

Pransh Rastogi and Saanvi Khandelia Taking the Oath

FRESHER'S DAY

Jubilee Hills Kindergarten School celebrated Fresher's Day on 13th July, 2016 in the school premises, where UKG kids welcomed the LKG students.

The Principal, Ms. M.Varalakshmi, the Academic Director, Ms. G. Sree Devi, the Secondary Headmistress, Ms. Durga and the Pre-Primary and Primary Headmistress, Ms. Sonia Nagpal graced the occasion.

The Head Girl, Saanvi Khandelwa welcomed the gathering. The UKG children presented a colourful cultural show for the juniors. The Welcome song and Western dance were enjoyed by the children. Along with this programme Vanamahotsavam was also celebrated where children presented a dance on "I promise to take care of the earth". The next programme was a rocking western dance performance by the tiny tots.

Miss/Master Fresher and Miss/Master Smiley contests were conducted. The winners of the Master and Miss Smiley Contest are Seetepalli Adhrit Sai and Mahi Kothari from LKG E. The winners of Master and Miss Fresher are Harshit Reddy and Ananya Achanta from LKG D.

PARENT DAY OF UKG A & B

Jubilee Hills Kindergarten School celebrated, "The Fitness Formula" - Parent Day of UKG A & B on 30th July 2016 in the school premises. The Chairman of Jubilee Hills Education Society Shri. A. Murali Mukund, the Principal Ms. M. Varalakshmi, the Academic Director Ms.G. Sree Devi, the Secondary Headmistress Ms.G. Durga and the Primary & Pre-Primary Headmistress Ms. Sonia Nagpal graced the occasion.

The programme began with a prayer song followed by a welcome address by Ms. Sonia Nagpal who emphasized that at JHKS teaching is a dynamic process and this year we have included simple science experiments. She also mentioned that being healthy is not a fad but it is a lifestyle therefore we should inculcate healthy habits in children.

Later on Anjani Vankineni, a student of UKG-A welcomed the gathering which was followed by "I gonna catch you" health day song and a Speech on Health Day by Shreya Jain, which was quite inspiring. The children posed riddles to guests about some fruits and vegetables and the parents participated actively. Ms Saanvi presented a PPT about healthy food. This was followed by an Aerobic dance, performed by our kids.

Along with 'The fitness formula', Orange colour day was also celebrated. The students walked in orange colour, depicting fruits and vegetables at the Orange station. The programme concluded with a zumba dance, which mesmerized the audience.

Parents shared their views and were very happy seeing their kids perform on the stage.

The Chairman, Sri. A. Murali Mukund, the Principal Ms.M. Varalakshmi and the parents appreciated the effort put in by the teachers and children. The programme concluded with a vote of thanks by Miss. Rushita.

PLAYING IN THE LAWNS OF BOTANICAL GARDENS

On 3rd August the School has organized an educational field trip to Botanical Gardens for Classes LKG & UKG, as a part of their academic curriculum. To enable the students to learn the different species of flora, along with offering an ideal place to relax and enjoy the bliss of naturally beautiful surroundings. Students had a great time looking at the plants, when they were having a round. Children excitedly observed the leaves, flowers and the greenery. After taking the walk the students sat in the lawn and had their delicious food. They also shared their food with friends and had a great time playing in the lawns. The trip ended with beautiful memories carried by the little ones and knowledge gain about different types of plants. All the kindergarten children enjoyed their bus ride back to school.

Had great fun...We are tired....

Yes !!! We Can do it...

We learn to share and care...

PARENT DAY OF UKG C & D

A spectacular show, "Earth Day" - Parent Day of UKG "C" & "D" was celebrated to showcase the skills and talents of the students on 20th of August, 2016.

The Chairman Sri. A. Murali Mukund, the Principal Ms. M. Varalakshmi, the Academic Director Ms. G. Sree Devi, the Pre-Primary & Primary Coordinator Ms. Srilatha and the Pre-Primary & Primary Head Mistress Ms. Sonia Nagpal graced the occasion.

The programme started with a prayer song "Sharde Maa", was sung by the kids. The Head Mistress Ms. Sonia Nagpal welcomed the gathering. In her address she said that, this programme is a part of our curriculum, which we organize to bring out the innate talent of each and every child. She also appreciated the teachers and the students for their hard work.

The welcome address was given by Master Ashaz Saif Mohammed, this was followed by a Welcome Dance by the kids, at JHKS Vrindavan. Miss Aaradhya from UKG - C spoke about the Earth. A song "Earth we're in it together", was sung by the kids of UKG - C and D.

Trinabh from UKG - C spoke about Brown colour and recited the rhyme on the same, followed by the choco choco chocolate dance. Ishitha, Ishaan and Abhijit from UKG - D gave a speech on Endangered species which was really informative.

Skit on "home sweet home", performed by the kids was wonderful, followed by a dance on "Swachh Bharat", was really heart touching.

The Chairman Shri. A. Murali Mukund addressed the parents saying that it's a team work. The Academic Director Ms. G. Sree Devi said that it's an opportunity given to the kids to perform on stage, which makes them feel confident right from the childhood. The programme concluded with the vote of thanks given by Mst. Samarth of UKG - D.

EVENT – GRANDPARENTS' DAY

Tribal Dance

Jubilee Hills Kindergarten School celebrated "PRANAAM", Grandparent's Day on 27th August, 2016 in the school premises. The programme started with a beautiful prayer song to evoke god's blessings. Saanvi Khandelia from UKG-B the Head girl of JHKS gave the welcome speech.

Pre-Primary and Primary Headmistress, Ms.Sonia Nagpal welcomed the gathering and mentioned that grandparents, through their exemplary behavior and unconditional love, teach basic morals to grandchildren. In her speech she thanked and appreciated all the grandparents who had come from different places to make their grandchildren happy as well as to witness their programme.

The programme included various cultural events like a poem on grandparents which was recited by the students from LKG and UKG, Western dance, drama on Dhruv Nakshatra, Rajasthani dance and Bathukamma dance. Mishika from LKG-A and Saanvi Garg from UKG-A shared their experiences about the sweet memories they had with their grandparents and finally, the programme came to an end with an electrifying Tribal dance performance by LKG & UKG children which made the audience give a huge round of applause to the performers.

**Active Participation
by a Grandparent**

The Academic Director Ms. G. Sree Devi suggested the grandparents to teach their grandchildren all the traditional values and morals, which we are not able to see in the present culture.

The Chairman, Sri. A. Murali Mukund in his speech suggested that the grandparents should instruct the children to stay away from the gadgets and motivate them to get connected to real life.

Few grandparents came forward to share their experiences and also thanked the school management for organizing such an outstanding event especially for them. Photo Gallery was yet another special attraction for the grandparents to cherish their little ones memories. All the grandparents carefully observed the photographs displayed at the Photo Gallery. It was indeed a fun filled day at Kindergarten for the grandparents and grandchildren.

The programme concluded with a vote of thanks by the Head Boy of JHKS Mst.Pransh.

VINAYAKA CHATURTHI

Jubilee Hills Kindergarten School celebrated Vinayaka Chaturthi on 2nd September, 2016. The programme started with a prayer to lord Ganesha, followed by a speech on the importance of eco-friendly Ganesha and the pooja ritual. The students performed a dance on 'Guru vandana & Ganesha vandana'. The programme continued with a melodious 'Ganesha song' which created a spiritual environment. Master Gagan and Master Akhilesh narrated the birth story of Lord Ganesha. The programme concluded with a dance performance praising Lord Ganesha which was amazing. The Chairman Sri. A. Murali Mukund appreciated the performance. The Principal Ms. M. Varalakshmi, the Academic Director Ms. G. Sree Devi, the Pre-Primary and Primary Headmistress Ms. Sonia Nagpal and the Coordinator of Pre-Primary Ms. C. Srilatha graced the occasion.

DASARA CELEBRATIONS

Jubilee Hills Kindergarten School celebrated Dasara Special Assembly on 16th September, 2016 in the school premises. The programme started with the invocation of Goddess Durga by a prayer song "Aiya Girī Nandini" followed by a few children speaking on the importance of Dasara. The students mesmerized the audience with their dance performance, dancing to the famous songs "Rama Rama" and "Dandiya".

The programme concluded with a graceful Bengali Dance performance on "Maa Durga". Primary and Pre-Primary Headmistress Ms. Sonia Nagpal appreciated the teachers and students for their hard work.

STORY TELLING COMPETITION

Children have an innate love for stories. Stories create magic and a sense of wonder at the world. Stories teach us about life, about ourselves and about others. Story telling is a unique way for students to develop an understanding, respect and appreciation for other cultures. They promote positive attitude in people and provide a common thread that helps unite cultures.

We at JHKS conducted a story telling competition on 19.10.16 for both LKG & UKG students. Students narrated stories in their own words which helped to increase their verbal proficiency. Each student got a chance to express his / her own thoughts and feelings through stories.

FREE HAND DRAWING AND COLOURING COMPETITION

Drawing plays a big role in the cognitive development. It can help children learn to write and think creatively, develop hand-eye co-ordination, improve analytical skills, and conceptualize ideas. Creativity is a bridge to learning. When children are creative and curious, they can come up with answers to the problems they encounter. There is joy in creating art at all ages, but at this stage especially, many children relish the feedback they get: the way the crayon feels, the smell of the paint, the squishy-ness of the clay. Creativity means having the power to express ourselves in our own way.

We at JHKS provide a free environment to our growing toddlers to express their feelings, emotions, liking, disliking by way of free hand drawing and colouring competition. This competition was held for students of LKG & UKG on 26.10.16.

Each one drew out of their own imagination and every one participated sportively.

CALLIGRAPHY COMPETITION

JHKS believes that calligraphy at school is very important. It benefits students for the rest of their lives. In recent years, computers have changed the way we express ourselves, by neglecting handwriting skills in favour of keyboard proficiency.

Such competitions turn out to be very meaningful for the students since calligraphy not only improves writing skill, but also teach the students about the unique structure and beauty of the national language.

Practising handwriting is an incredibly important exercise for students, enabling them to develop fine motor skills, confidence and most importantly their own style.

Hence, we had a handwriting competition at JHKS on 4th January, 2017 for students of LKG & UKG, they took part actively in the competition.

DIWALI CELEBRATION

Diwali is a celebration of the return of Lord Rama to his kingdom in Ayodhya after a 14-year exile. Diwali is a word which means row of clay lamps. Jubilee Hills Kindergarten School celebrated Diwali Special Assembly on 28th October, 2016 in the school premises.

The programme started with a prayer song "Achyutam Keshavam", followed by speeches given by tiny tots sharing the importance of the festival and celebration with family and friends.

A power point presentation was shown to kids to bring awareness about noise pollution and safety measures to be taken while bursting crackers. Our little ones mesmerized the audience with their dance performance on "Deepawali gali gali" song and "Diya" dance. A story on Lord Rama in "Ramayana" and the reason behind celebrating Diwali was well depicted by our students. The programme concluded with a beautiful dance performance to the tune of "Happy Diwali".

The Chairman, Sri.A.Murali Mukund, the Principal Ms.M.Varalakshmi, the Academic Director Ms.G.Sree Devi and the Primary and Pre-Primary Headmistress Ms.Sonia Nagpal graced the occasion.

PARENT DAY OF UKG G & H

Jubilee Hills Kindergarten School celebrated "The Rhythm of Life" Parent Day of UKG G & H on 5th November, 2016 in the school premises. The Chairman of Jubilee Hills Education Society Sri. A.Murali Mukund, the Principal Ms.M.Varalakshmi, the Academic Director Ms.G.Sree Devi, and the Primary and Pre-Primary Headmistress Ms.Sonia Nagpal graced the occasion.

The programme began with a prayer song "Hey Sharde Maa" sung by the UKG students. This was followed by a welcome address by Ms.Sonia Nagpal who said that children have the right to enjoy every bit of their life, and we at JHKS not only focus on academics but also focus on co-scholastic activities like Music, Art and Dance which are a part of our curriculum.

The cultural events commenced with a welcome address by a student of UKG-G Miss. Zainab Zunaira who spoke about the importance of parents in our lives. This was followed by a wonderful dance performances by UKG students to the tunes of "Vakratunda Mahakaya", "Give Me Freedom" and "Ghallu

Bhangra Dance

Song - Hey Sharde Maa

Ghallu", "Lal Tamatar" depiction and "Dhol Bhaaje" which were amazing and captivating.

Along with "The Rhythm Of Life" Red Colour Day was also celebrated. The song on red colour was sung well by the children. After this, was an informative speech on the colour Red by Miss. Nayana of UKG-H. The auditorium resonated with claps as the students performed

the stunning Bhangra dance. The audience was astounded by the energy levels of the students.

The Chairman, Sri.A.Murali Mukund said that he enjoys every programme in Kindergarten and he tries to attend every event conducted at JHKS, as it gives him energy and positive vibes throughout the day. He also suggested the parents to spend quality time with their children and nurture them with values.

The parents were filled with joy to see their children perform on stage with confidence. They also thanked the class teachers and the dance teacher for their untiring efforts in training the children.

The programme concluded with a vote of thanks proposed by Master.Aarnav.

RHYME DEPICTION COMPETITION

Rhyme Depiction Competition was organized on 16th November, 2016 for the tiny tots. The children of LKG and UKG participated actively in the competition.

The children joined in enthusiastically by wearing bright and colourful costumes, handmade props and face makeup done by the teacher. Each section depicted the rhyme in a very creative and innovative manner. Varied and unique themes were chosen by the teachers and the children were well trained.

The judges were enthralled by the tough competition put up.

The first prize was bagged by LKG-D and UKG-B. The second prize was bagged by LKG-F and UKG-C. The third prize was won by LKG-A and UKG-E respectively.

PARENT DAY OF LKG A & B

Parent Days help the students to exhibit their innate talent and perform confidently on the stage. A spectacular show 'The World of Harmony' was presented by the students of LKG A and B at Jubilee Hills Kindergarten School on 26th November, 2016.

The Chairman, Sri. A. Murali Mukund, Committee member Mr. Krishnamurthy, the Academic Director Ms. G. Sree Devi, and the Pre-Primary & Primary Head Mistress Ms. Sonia Nagpal graced the occasion.

The programme commenced with a sloka "Vakratunda Mahakaya". This was followed by a welcome address by Ms. Sonia Nagpal who said that we at JHKS would like to see parents as partners in the students' journey of learning. Keeping this in mind we wanted to have more parental involvement in various activities conducted at school. We invited few parents for story telling sessions in our classes. The response from parents was over whelming. Ms. Sonia thanked and appreciated the parents for their contribution in the teaching and learning process.

Mishika, a student of LKG-A welcomed the gathering. A video was shown on making of the Parent Day depicting the theme "Unity in Diversity". This was followed by spectacular dance performances to the tunes of "Swagatam Shubha Swagatam" and "Bharat Humko Jaan Se Pyaraa Hai".

Yellow Colour Day was also celebrated along with "The World of Harmony". Speech on colour yellow by Miss. Gamana, a student of LKG-B was informative. The fusion dance and folk dance enthralled the audience.

The Chairman Sri. A. Murali Mukund appreciated the children for their performances and confidence levels. The JHES committee member Mr. Krishna Murthy said

Puppet Show

that he enjoyed every bit of the show and was glad to see the talent of the kids.

The Academic Director Ms. G. Sree Devi said that the children not only conveyed their message through their dance performances but also expressed their concern to share and pass it to all, which was outstanding.

The parents thanked the Management as well as teachers for their enthusiasm and professionalism in teaching their children to take part in different programmes and making them confident.

The programme concluded with a vote of thanks proposed by Miss. Mihika Chowdhary from LKG-B.

PARENT DAY OF LKG C & D

Jubilee Hills Kindergarten School celebrated 'The Unique Touch', Parent Day of LKG C & D on 17th December, 2016 in the school premises. The Chairman, Sri. A. Murali Mukund, the Academic Director Ms. G. Sree Devi, and the Pre-Primary & Primary Head Mistress Ms. Sonia Nagpal graced the occasion.

The programme commenced with a prayer song followed by a welcome address by Ms. Sonia Nagpal who said that, we at JHKS would like to see 'Parents as partners', in the learning process of the child. She added that the school introduces new ideas such as involving parents in storytelling to strengthen the teacher – student – parent relationship.

Master Karthikeya, a student of LKG – D welcomed the gathering followed by a video, in which the importance of technology in our lives was showcased and the students depicted its impact on our culture and tradition. The audience were mesmerized by the dance performances to the tunes of 'Made in India' and 'Tradition and Technology'. The event continued with a dance to the tune of "Google... Google". 'Blue colour' day was also celebrated along with 'The Unique Touch'. A speech on the colour blue by Miss. Aishika, was informative. The Lambadi dance enthralled the audience.

The Chairman, Sri. A. Murali Mukund, appreciated the performances and said that it brought back memories of his childhood. The Academic Director, Ms. G. Sree Devi in her speech, said that the children showed the importance of a mother's lap even in this era of technology and requested parents to give them ample time and provide answers to their curious questions.

Parents shared their views and were very happy to see their kids perform on the stage confidently. Master Ch. Shreyas proposed the vote of thanks.

GOOGLE GOOGLE DANCE

CHRISTMAS CELEBRATION

Jubilee Hills Kindergarten School celebrated Christmas on 23rd December, 2016. The Chairman, Sri. A.Murali Mukund, the Academic Director, Ms. G. Sree Devi, Pre-Primary & Primary Head Mistress, Ms. Sonia Nagpal and other Heads of the school graced the occasion. The venue was decorated with a Christmas tree, stars, streamers and balloons.

The show commenced with 'Christmas Carols' sung by our tiny tots followed by a welcome speech by Master Darshil from UKG-C. The kids presented an eye capturing depiction of The Birth of Jesus Christ. Master Taha from UKG-A spoke about the significance of Christmas. The performances to the tunes of 'Jingle Bells' and 'Every Move I Make' mesmerized the audience.

This was followed by a Christmas song. The programme concluded with a graceful Christmas dance. One of the Kindergarten teacher Ms.Amrutha, dressed up as Santa Claus danced with the participants and gave a pleasant surprise to the students leaving them awestruck.

PARENT DAY OF LKG E & F

Jubilee Hills Kindergarten School presented Parent Day of LKG E & F with the theme "The Kaleidoscope". This was organized in the school premises on 31st December, 2016. The last day of the year and the beginning of a new year delighted year the audience bringing cheer as they were eagerly waiting to see what is in store for them.

The Chairman of Jubilee Hills Education Society, Sri.A.Murali Mukund, Principal, Ms.M.Varalakshmi, Primary and Pre-Primary Headmistress Ms.Sonia Nagpal graced the occasion.

The programme started off with a prayer song "Jai Ganesha, Jai Ganesha" by the students of LKG E and F.

Pre-Primary Headmistress Ms.Sonia Nagpal addressed the gathering and said that parents play a vital role in their child's progress. They are not only the role models but also act as an inspiring factor in cultivating values and beliefs in the lives of the children. They play an equally important role in the progress of the child's education as the school does. That's the reason JHKS introduces, new ideas such as involving parents to take an active part in school activities, like story telling session. The parents narrated a story of their choice in the class.

IMMERSED IN PAINTING

**WEALTH OUT OF WASTE -
Speech on the importance of Paper**

She also said that the response from the parents was very good and encouraging. She thanked the parents for their support and requested them to continue the same.

Master Rutham of LKG-F began the programme with a welcome

address which was followed by a video that showed how Art is connected with emotions and feelings. The students rocked the stage by performing a dance on 'Swagath hai aap ka' and Miss Sahana from LKG-E gave a speech on the importance of Art.

All the cultural programmes were very good, making the audience feel the essence of the New Year in a grand way. The audience were spellbound with the spontaneous art work done by the students. The dance performance to the tune of 'Barbie' song was outstanding. The journey of the newspaper was well depicted by Miss Prachi from LKG-F.

Blending of colours was shown well by the students and Master Pradyun of LKG-E gave a speech on pink colour which was very informative. Last but not the least the children rocked the stage by dancing, wishing and welcoming the New Year with a blast which really made the dignitaries as well as the parents happy.

The Chairman, Sri.A.Murali Mukund appreciated the performance as well as wished them "A Happy New Year". Parents were overwhelmed seeing their kids perform so confidently on stage.

The programme came to an end with a vote of thanks proposed by Miss Akshitha from LKG-E.

UMBRELLA DANCE

SANKRANTI - SPECIAL ASSEMBLY

Special Assembly was conducted on 6th January, 2017, to bring in awareness and celebrate the Sankranti festival. The mini auditorium was beautifully decorated with flowers, rangoli and props. The programme commenced with a prayer song "Ayigiri Nandini" followed by a Telugu speech about the importance of Sankranti by Miss. Niharika from UKG-B. This was highly appreciated by the audience.

The Chairman of Jubilee Hills Education Society Sri. A. Murali Mukund, the Principal Ms.M.Varalakshmi, the Academic Director Ms.G.Sree Devi and the Primary and Pre-Primary Headmistress Ms.Sonia Nagpal graced the occasion as well as performed pooja rituals .

The children participated in the enactment of Bhogi Mantalu and Gobbillu. A student dressed up as Hari Dasu was seen singing 'Hari kirtans' along with his Gangireddu. The programme concluded with children dancing to the tunes of "Sankranti Vachindi, "Patang Patang" and "Sankranti Panduga", which made the audience tap their feet. The students added fervour to the festivities by wearing traditional outfits which suited the event. A classical note played by Master Ananya Ram from UKG-F, on the keyboard was very pleasing to the ears.

The programme came to an end with the dignitaries, parents and teachers showering 'Bhogi Pallu' on the students as a sign of blessing.

Master Ishita Sahu from LKG-E, proposed the vote of thanks.

PARENT DAY OF LKG G & H

Parent Day of LKG G & H was a perfect blend with the theme "The Serene World" conducted on 28th January at JHKS premises.

The Chairman of Jubilee Hills Education Society Sri. A. Murali Mukund, the Academic Director Ms.G.Sree Devi and the Primary and Pre-Primary Headmistress Ms.Sonia Nagpal and other heads graced the occasion.

The programme commenced with a prayer to receive God's hope, love and joy for the day ahead, with the children of LKG singing a song to invoke the blessings of God on "Krishna Mana Mohana" which was followed by a welcome address by the Headmistress of Primary and Pre Primary, Ms.Sonia Nagpal. She said that JHKS functions with a lot of transparency. We encourage parents to be a part of learning process at school. This year, we have invited parents to take part in the story narration session which was acknowledged and appreciated on this day.

Miss.Lakshitha Reddy (LKG-H) and Miss.Aarnavi Pillai (LKG-G) started the cultural programmes with their wonderful compering which was praised and applauded by the audience. A video showcasing

Song and Dance on colour White

Peace Dance

the theme "The Serene World" left a message of spreading peace all around.

Welcome dance to the tune of "Swagatham" made the audience spell bound. Other programmes like dance on peace, speeches, white colour song and dance were well performed.

The performances of the students to the tunes, "My name is Madhavi", "IPL" and "Chair" dance were outstanding. The event ended with the students paying tribute to our beloved soldiers who sacrificed their lives for our safety and happiness. The audience felt very patriotic and gave a standing ovation for 2mins to pay their respect for the heroes of our nation. A PPT was shown about the soldiers who had made their mark in history.

The Academic Director, Ms.G.Sree Devi said that we at JHKS try to instill values, ethics and beliefs among children to create better citizens of India.

The Chairman, Sri. A. Murali Mukund appreciated the Masters of the Ceremony for their outstanding performance and confidence exhibited while compering.

Master Yathish from LKG-H proposed the vote of thanks.

The Great Comperers of the day - Lakshitha Dev & Aarnavi Pillai

“INDRADHANUSH” – GRADUATION DAY

We have been graduated..... receiving certificates.

Kavadiattam Dance

The journey of the tiny tots of Jubilee Hills Kindergarten School came to an end as they stepped into the mainstream education of Jubilee Hills Public School.

To celebrate this auspicious moment Jubilee Hills Kindergarten School organized “Indradhanush” – The Graduation Day on 17th March, 2017 in the school premises.

The Chairman of Jubilee Hills Education Society Sri. A. Murali Mukund, Managing Committee Member, Professor

Y.V.Umapathi Verma, the Principal, Ms.M.Varalakshmi, the Academic Director, Ms.G.Sree Devi and the Primary and Pre-Primary Headmistress, Ms.Sonia Nagpal graced the occasion.

The Chairman, Shri. A. Murali Mukund, inaugurated “The Time Machine” a model, where all the activities done by the children of LKG and UKG throughout the year were very well exhibited. The children spoke about the themes connecting to past, present and the future.

Indradhanush, the name itself means rainbow symbolizing the 7 vibrant colours, so were the cultural programmes of the little tots of JHKS. The cultural show started with a prayer song to invoke the blessings of God.

The highlight of the event was the little ones of UKG taking

RIBBON DANCE

over the show by compering with confidence. The programme began with the welcome address by the Primary Headmistress, Ms.Sonia Nagpal. In her address she said that the parents and the teachers play a very important role in the lives of their children. She also added that, parents become more excited as their children pass through a different phase of learning and this can be easily overcome by working hand in hand resulting in the overall development of the child. It is a joint effort of the parent and the teacher to bring the best out of them. Ms.Sonia Nagpal concluded her speech by thanking all the parents for their constant support and cooperation. The cultural programmes like Shivaya dance, Goan dance, Ribbon dance, Samurai dance, Thank You dance, Free style dance, Skit, Speeches, the Graduation song and last but

not the least Kavadiaatam dance did not go unnoticed as there was a lot of praise and applause from the gathering. The outstanding performance and the coordination in all the events was spectacular.

Finally in the main event of the day, the Graduation, all the children from UKG happily came on the stage to receive their certificates from the Chairman, Sri.A.Murali Mukund, Prof.Y.V.Umapathi Varma, the Principal, Ms.M.Varalakshmi, the Academic Director, Ms.G.Sree Devi, Primary Headmistress, Ms.Sonia Nagpal and the Pre-Primary Coordinator, Ms.C.Srilatha. Children

were looking great with their black graduation gowns. Parents showed their pride at their children graduating from the Pre-Primary to the Primary.

A few children from UKG shared their experience of their two year journey and thanked all the teachers for their support and encouragement.

The programme came to an end with the vote of thanks and the National Anthem.

SPORTS

NOVELTY AND INDIVIDUAL RACES

On the occasion of Sports Day, novelty and individual races for Kindergarten were organized on 23rd and 24th January, 2016, the main motive was to give students an opportunity to work as a team and develop their character by learning to accept success and failure. The day was full of excitement. The students were given thorough practice by the teachers prior to the competition. This helped the students to understand the game rules and regulations and participated with confidence and zeal.

- ❖ The novelty races for both LKG and UKG were Ladder Relay and Ball Passing Relay (12 participants in Each Group/Section).
- ❖ Individual race (Running Race) for both LKG & UKG Boys and Girls.

PARENT REVIEWS - LKG

The performance was awesome. Congratulations to the teachers. We now know the hard work that teachers have put up to make this show a successful one.

Ms. Jyothi Arvapalli.
Mother of Srivatsa, LKG – A

I would like to congratulate the teachers for putting up a wonderful show. I did not expect this kind of show by the tiny tots.

Mr. Vishnu Vardhan
Father of Puneeth, LKG-B

It's really great to see our kids performing on the stage at this age. My son got hurt and was not able to walk, but still he performed very well in the programme. Though my kid is very shy, he performed so confidently and as parents it is very difficult for us to make them do anything at home. Teachers are really doing a great job.

Ms. Aparna Padma
Shreyas Srinivas, LKG-C

I am very happy with the school's achievement and the recent changes. Encouragement by the class teacher, sending the child on the stage is really appreciable. Management and teachers are really doing a great job.

Ms. Annapurna Mantha
Mother of Nityha, LKG-D

We are speechless, we had not expected this kind of a fantastic performance by the children. They performed splendidly well and we are looking forward for many more such events.

Mr. Venkat Raghunand
Father of Adhrit Sai LKG – E

We are very happy to see our kid's excellent performance. They neither paused for a second nor fell short of words in speeches. We are thankful to the teachers.

Ms. Samatha
Mother of Bhuvana Harsha -
LKG – E

Very much impressed to see children performing on the stage. Hats off to the teachers for taking utmost care of the children.

Ms. Kaushik . M
Father of Rudransh LKG - F

It's a wonderful programme which is better than previous year when my elder daughter had studied in LKG. We can see the difference and things which are going better and better each year.

Mr. Dhrubashis De
Father of Tanishka De, LKG-G

Awesome, I have never heard him singing at home. But here, I am very happy to see my child singing. I thank all the teachers.

Ms. Sreeharsha Komati
Mother of Rithwik Chowdary
Jasthi LKG – H

PARENT REVIEWS - UKG

I am very glad to grab this opportunity to thank and congratulate all the teachers and children for putting up such a wonderful Parent Day Programme. It's a visual treat for us to watch our tiny tots performing on the stage. I can see the growth in my child and can see how she has learnt to perform on the stage confidently and without any fear. My heartfelt thanks to the entire JHKS family for moulding our children the best way possible and we are glad that our kids are in safe hands.

Thank you.

Ms. Rinku Garg

Mother of Saanvi Garg, UKG- A

The topics presented in the programme were very informative. The kids learnt the importance of saving trees, protecting the endangered species and about Swachh Bharat. It was heartening to note that every kid performed on stage and they all did a fabulous job. A big congratulations to all the teachers.

Ms. Pratibha & Mr. Vishnu

Parent of Ishitha, UKG - D

Teachers and kids worked very hard. Wonderful performance. We all enjoyed a lot watching our kids exhibiting their talents.

Mr. Gaurav Rustogi

Father of Pransh Rustogi,
UKG -E

I would like to congratulate the Class Teacher and entire JHKS team that made this Parent Day a great success. Involving all 60 students and giving practice during school hours within a short time requires a lot of patience and creativity as well.

I have seen my child Saanvi Khandelia's progress immensely not only in academics but also in other co-curricular activities during this tenure. She is basically a very sensitive and a shy girl. I am grateful to the school as it has helped her gain confidence and has made her a great orator. Wishing all the very best to the entire team of JHPS.

Thank you for all the support and cooperation.

Ms. Sheetal Khandelia

Mother of Saanvi Khandelia,
UKG - B

We are very happy to see our child performing on the stage with confidence. I also appreciate the teachers for the hard work they did and the way they trained the children.

Ms. G.Swati

Mother of Shreyas, UKG - F

The show was mind blowing. I thank the teachers who believed that my child can perform on the stage and build confidence in him. Thanks to the teachers and the committee members for putting up such a wonderful show.

Ms. Lakshmi Tulasi

Mother of Shourya Sashmit,
UKG-G

It's an amazing performance by both teachers and students. I think lot of hard work has been put up in the last four to five weeks by teachers and students to come up with such a fantabulous show. It's really good to see my daughter and all other kids perform so really well.

Mr. Mayur Vora

Father of Mahek, UKG - C

I want to thank the teachers and management in choosing the concepts, which is truly appreciable. At this early stage, it is really good to see kids talking about Swachh Bharat and endangered animals. We are glad to see our children being nurtured right from the beginning.

Mr. P. Ramesh

Father of Nihanth, UKG - C

I would like to thank all the teachers and committee members for putting up such a wonderful show. It was a stunning performance by kids. For the first time I have watched my child performing on the stage and all I can say is their performance was simply outstanding.

STUDENTS' CORNER

LET'S KNOW WHAT STUDENTS HAVE TO SAY ABOUT PUNCTUALITY

PUNCTUALITY-KEY TO SUCCESS

Punctuality means doing a thing at the previously designated or appointed time. It is often said that the task is arduous and time is fleeting. Punctuality enables us to do the assigned work within a given span of time.

Punctuality is the most important characteristic of all successful people. A punctual person is able to complete his entire task on time. The student, the teacher, the politician, the official, the trader and even the layman all have to observe punctuality in order to win glory and success in life.

Punctuality brings in efficiency. It helps us to build our career. A punctual person commands the confidence and respect of others. If we look at the

lives of all great men, we realize that they had kept a time schedule for everyday.

A punctual person reaches his office on time. Punctuality of an employee gives positive signals to the employer. A punctual employee gives the indication that he is competent of discharging his duties in an efficient manner. He commands respect in the eyes of both his colleagues and the boss. Punctuality is a virtue, which is doubly blessed. It imparts efficiency and keeps a person healthy and fit. If we get up early in the morning and take a walk everyday and follow a set-program of life every day, we shall be able to keep fit and healthy. But if we waver and show laxity in our daily programs, we are bound to meet failures in life. So we must strive hard to be punctual in everything we do to attain success.

C. Saatwik Reddy, IX B

PUNCTUALITY SHOULD BE PRACTICED FROM CHILDHOOD

A student, a teacher, a politician, an official, a trader, everyone has to observe punctuality in order to win glory and successes in life. Punctuality brings in its trail efficiency. It helps us to build our career. A punctual person commands the confidence and respect of others. If we look at the lives of all great men, we would realize that they had got a time schedule for every day. A punctual student never misses any classes and learns everything his teacher teaches.

He reaches the school on time and completes the assignments within the stipulated time. Hence, he manages to do well in examinations; hence punctuality should be practiced from childhood. Similarly, punctuality is very important at workplaces. A punctual person reaches his office in time. Punctuality of an employee gives positive signals to the employer. A punctual employee gives the signal that he is very serious for the job, and that he is competent of discharging his duties in an efficient manner.

He commands respect in the eyes of both his colleagues and the boss. Punctuality is a virtue, which is doubly blessed. It imparts efficiency and keeps a person healthy and fit. If we get up early in the morning and take a walk everyday and follow a set-program of life every day, we shall be able to keep fit and healthy. But if we waver and show laxity in our daily programs, we are bound to meet with failure in life.

Gauri Tewari, IX B

PUNCTUALITY - AKIN TO REGULARITY

Punctuality is a positive quality in an individual. Punctuality is akin to regularity. Regularity means working as per rules, regulations and time schedule. Punctuality involves time management.

If we are punctual we can finish our work at the right time. Punctuality checks unnecessary wastage of time. Time is very valuable. We can save it only by being punctual. Time and tide wait for none. Seconds, minutes, hours and days pass by in the right order. If we are punctual, a single second will never go wasted as punctuality helps us in progress. Everybody should be punctual in his everyday life. Every student should make a habit of punctuality and "punctuality" should be the motto of life.

G.Harika, IX B

WHAT SUCCESS MEANS TO ME.

Everybody wants to fulfill his/her dreams, desires and achieve the most of what they can. When people accomplish their aim they are termed as successful. When people are known for their work they are successful. When someone sets an example that person is said to be successful. Success holds a different meaning to every individual. Mostly, if people have a high financial status they think that they have achieved success.

Success to me means to fulfill my dreams. It is to do what I love and give my best to it. When you do something to inspire others, you build a path towards somebody's journey to success. Success does not mean working according to the standards of the society. It is all about following your passion. If you love your job your work is already half done. To me success is not defined but how much I would earn or my standards of living determine my success. I believe that if I do my work religiously, I will reach my goals. Motivation plays a key role in reaching your aim.

Why must we aspire to become somebody? Instead let's do our best and become people who will inspire others. Believing in yourself is the first secret to success. I feel that if anybody gives his full effort in whatever he/she does success will surely come to them. Personal satisfaction should always be the first priority, because your job doesn't define you. Your personality and hard work does. So work hard till you succeed to fulfill all your dreams. Create your own level of success and try to beat it. Hard work will be paid someday in life.

Sreeja Ghosh, VIII A

LEARNING SHOULD BE FUN AND INTERESTING -EDUCATION AND STUDENTS

Education is the process of instruction and teaching designed to impart knowledge and develop one's skills. It aims at the all round development of boys and girls. Education makes a man perfect in all aspects.

Learning should be a fun and interesting process where one learns to interact with their environment. Education is mandatory but many poor parents do not send their children to school as they cannot afford the expenses. The other reason is, they don't know the value of education. Child labour still prevails as parents are unable to send their children to school.

Education has become very interesting now-a-days, with the new technological-advancements. In today's world, students can learn difficult concepts using visual tools. The government has introduced many schemes to encourage education among poor people. Education helps people to think in an organized way

For everything there is a key,
If you really want to see
The key for success,
Is what you can express.
So let us go with a fresh start,
To put our heart,
Let us not leave behind,
To put our mind
Let us not neglect,
To put our intellect
And to achieve our goal

Jovita Elaine, VIII A

PUNCTUALITY BRINGS IN ITS TRAIL EFFICIENCY

Punctuality is defined as a quality by virtue of which a person is able to do the right thing at the right time and does not have to offer an excuse for the delay in work. Being punctual does not only mean to be on time but to also maintain everything related to it.

A person, who is punctual, lives a disciplined life and gets a lot of respect in the family and society. Students must reach the school on time and set their goals to complete all the assigned tasks. Punctuality brings in its trail efficiency. It helps us to build our career .It leads a person towards success.

Punctuality is a necessary trait for all. It needs to be developed by all especially youth as they are the future of the Nation. Punctual and successful people become role models and praiseworthy personalities of the society and country. People who waste their time can never become successful. So, punctuality in today's world is the key to success and also a key to survive happily.

Sarosh Razvi, IX B

PUNCTUALITY- A VIRTUE IN LIFE

Punctuality is a good trait which can be developed at any age however it is good to develop from childhood as the nature and capability of following regulations reduces slowly with age.

It is the quality of doing things promptly at the right time. It is a fundamental virtue which always gives its beneficial fruits all through life. It is considered as the best key to success in every field of work. People who cannot be punctual face failures in their lives

To develop the virtue of punctuality in a person's character one needs to be patient, active and disciplined in life. The quintessential quality of an individual is to have a positive attitude towards work and enough respect for time. An individual can develop the habit of maintaining diary to be on time for every appointment. Thus a positive outlook and dedication to work and the endeavour to complete given assignment on time can help a person to attain the desired goal.

B. Sai Preetham, IX B

FREE AND FAIR ELECTIONS

Free and Fair Elections- Role of Political Parties. India is a democratic country where elections are conducted to elect officials at the central, state and local levels. The elections in India are conducted by the Election Commission of India, who administer electoral process including rules and regulations for free and fair elections in India.

Free and fair elections allow people living in a democracy to determine the political climate of their nation. It is also important as every vote from a citizen comes with a voice. When citizens are not allowed to choose who they want to, or when political parties do not abide by the rules, the rights and interests of people are ignored.

In an election the nominated candidates carry out campaigns to attract voters. These candidates sometimes give freebies to the public to prove that they are of votes. In this process, parties need funds to spend on the campaigns. If the party does not have enough funds, donations and memberships are collected from corporate and individuals. Sometimes unfair practices happen during this campaign, because of these unfair practices, small parties and individual candidates are at a disadvantage while big parties use all sorts of corrupt means and are at a huge advantage. To solve this, the first step is that the election commission should be unbiased. Public media can be used to show or reveal the corrupt candidates or parties. Also the donations which are one of the main causes of black money for parties must be transferred to bank accounts rather than cash transactions.

Some other ways by which political parties can help to conduct a free and fair election are- Maintain the list of donations received. Use and consumption of alcohol should be banned during elections to avoid malpractices and violence. Decorum should be maintained on the day of polling this will allow smooth voting and transparent ballot counting. This will also help free and fair elections which will increase a peaceful transfer of power.

Arya Bharath, VIII A

CRIME AGAINST WOMEN IN INDIA

Who is a woman?

She is a precious gift given by God. She is a mother, a daughter, a sister, a daughter-in-law, a wife, a grandmother.....

Why are we destroying this God given gift?

Women of our society are constantly becoming victims to the social evils of the society. Why is this happening? Why is woman not being treated equally? The age old believes of our nation have treated women as a weaker section of the society. Sati, Child marriage, dowry—women have always

been treated as a liability. Nobody is taking action against this. Nobody is working to check crime against women. Dowry deaths, early marriages still prevail. New methods are used to ill treat women. Crime against women in India is seen every second.

Women need to voice out crime against them. Severe punishments should be framed to curb this issue. This should stop; otherwise our race will be no more. Government should take measures. Guilty should not go scot-free. There should be special courts set for crime against women. I plead every person to respect women and treat them equally.

STOP VIOLENCE AGAINST WOMEN, THE CHANGE IS IN OUR HANDS.

Bhavya Manasa, IX C

BOOK REVIEW- THE 'BIG FRIENDLY GIANT'.

Didn't we all grow up thinking that giants and monsters were creatures that we would always detest? Roald Dahl changes that belief in his book. Here the giant is not the villain. He is our hero- The 'Big Friendly Giant'.

Sophie, a little girl in an orphanage is unable to speak. So she decides to take a sneak peak outside her dormitory window. But then she spots something extremely mysterious- a really tall something! Suddenly she is snatched away by a huge hand and whisked away to a desolate waste land. Here she meets the giant and as she thinks he is going to gobble her up, he tells her that he is the only nice giant in the whole of giant country- The 'Big Friendly Giant'.

From here on the story draws us into a whole new world of magic, dream and fantasy. The book also features human hungry, grotesque giants who have weird names like Fleshlumpeater, Bloodbottler and Childchewer. These giants gallop from one country to another to eat human beings. The author's wit stands out when he highlights how the bad giants love the taste of 'turkey' in the Turks and don't like the greasy taste of the Greeks.

Sophie is enraged by these man-eaters. So she and the BFG devise a flush-bunking idea to save the poor humans getting eaten everyday! But will they succeed? Will Sophie ever go back home?

What I found most hilarious about this book is the way the BFG speaks. He has never attended school and is one mixed-up giant. He calls Charles Dickens 'Dahl's Chickens', helicopters 'bellypoppers' and squiff squiddles and whatever he wants to say.

Roald Dahl is one of my favorite authors. He has been bestowed with many awards, the most prestigious being the Lifetime Achievement Award by the World Fantasy Convention. He has also given us some other fantastic books like Charlie and the Chocolate Factory and Matilda, but I think BFG beats his other books hands-down. While all of you know how imaginative our author is, he takes the fantasy of this book to an entirely new level, though one might find a few parts of the book a little repetitive.

Arya Bharath, VIII A

BUDDING POETS

A LAND WITHOUT TREES

The branches stand like a beggar
 Each poor tree
 Have had its wrists nearly
 Torn from the branches like bones
 You will not be alone
 When you have the trees with you
 The silence after lightening before
 it says...
 Each poor tree
 Have had its wrists nearly
 Torn from the branches like bones
 There is another sky
 Even severe and fair
 Season of mists and maturing sun
 But without the trees it is all
 desolate
 Each poor tree
 Have had its wrists nearly...

Siddhida Pathak, IX D

MOM

Mom you are very special
 You never let me down
 Because you are the one I know
 You are the one who gave me
 birth
 And let me see the world
 You love me true
 And protect me from the outside
 world
 No matter what you are
 You areMy love, My life, My
 mom.

AKSHITA M, VIII B

FRIENDSHIP FOREVER

I know that you'll always be kind,
 If this poem sounds funny, do not mind.
 You have a good heart and character,
 In life, that is what will matter.
 You have the sweetest grins,
 All our hearts, it always wins.
 I know you are easily frightened,
 But you often scare me out of my wits to teach me a lesson.
 Don't mind if I m reckless,
 I will improve and try not to be careless.
 Hope our friendship is forever,
 Hope you leave me never.

Sai Shruthi, VII A

LIFE IS A CLASSROOM

Life is a classroom in which you are being tested, tried,
 and passed.
 You can't predict what will happen to you.
 But you can decide what happens in you,
 How you take it, and what you do with it.
 The real test of living is how to take each experience
 And make it a thing of worth and beauty.
 Everything you go through has some value.
 The highest qualities of success and character must be
 earned

Bharati Challa, VII B

A TRUE FRIEND

A true friend is close to your heart
 A friend is with us until our last minute
 A friend takes the pain and gives happiness to us
 A friend never gives you anything that you don't want
 A friend doesn't leave you when you are depressed and in need
 A friend is the one who gives a solution when you have a problem
 A friend is the one whom we love through thick and thin
 A friend does not reveal your flaws to others
 A friend is as precious as gold

Keerthi Choudary, VII E

FACULTY FLAIR

KEY FACTORS TO SUCCESS

"Positive thinking means expecting, talking, believing, and visualizing what you want to achieve. It means seeing in your mind's eye the things you want, as an accomplished fact."

As you all know "Reality is the mirror of your thoughts. Choose well what you put in front of the mirror." Positive thoughts are not enough. There should also be positive feelings and positive actions."

When you say, "I can't", and expect the worst to happen, you close the doors to the land of success and accomplishment." "When you think and say "I can", confidence and happiness will fill your entire being." "Clear thinking produces definite results."

"Positive thinking produces more energy, more initiative, and more happiness." So children, Think positively as Self confidence, determination, perseverance, and hard work are the key factors to success.

Archana,
Department of Social Science

BRIDGING THE GAP BETWEEN IDEAS AND ACTIONS

Students are gifted with a zillion great ideas, but then get stuck because they are not sure how to get those ideas into action. It's not the lack of ideas that prevent them from enjoying success and productivity, but the gap between their ideas and actions. Unfortunately for many of them, all the energy and enthusiasm of new ideas can soon turn to sour feelings when they think about planning and implementation. Before they know it, the excitement of a new idea has been replaced by doubt or anxiety. At this point they get completely stuck and convince themselves that this isn't really a good idea. Here are three tips to help the students put ideas into action and bridging that great divide between idea and action.

Take action: Putting the ideas off will only intensify the fear and despair. Taking an idea-to-action is roller coaster. The easier way is to jot down a couple of ideas. Having a couple of ideas written down will give us a choice. When we take an idea, it is in black and white and now you have a choice. That is empowering!

Get The Support You Need: One of the final steps is to ask someone the support we need to accomplish the next steps. Often this requires help, advice, or follows up from experienced elders. As a teacher, I have learned that at times enlisting the support of my team helps immensely getting into action. It's amazing how much simpler a task can seem to someone else who is not wrapped up in the complexity we have created in our minds. Just talking about the ideas with someone seems to decrease any

anxiety. Asking someone else what they think about an idea gets me out of my own head. The simple fact is, building a bridge is much easier with others involved.

Be clear about your Idea: If we are losing momentum in putting our ideas into action, take a moment and ask yourself: What is important to me about taking this action? What will this action move me closer to? What will it cost me if I do nothing? Where will I be six months from now if I do nothing? What positive benefits will I experience when I take this action? Getting ideas into actions can either be another chaotic roller-coaster ride or if you apply the above tips, a step by step journey across the bridge from ideas to action. Happy innovation!

Anupama Rao,
Department of Science

LEARNING IS A LIFELONG PROCESS

Life is a classroom. Only those who are willing to be lifelong learners will move to the head of the class. Lifelong learning is important to create the successful life and career you want and deserve. Treat each new day as an opportunity to learn. Stay open to new people and new ideas.

Everything in life is an experience. The more experience we have in life, the better educated we are about it. Learning from living, from doing, from making and from interacting with others is informal learning and is much more real and of far greater importance.

For a learner, everyone is a teacher. We learn from nature, we learn from people, we learn from difficult experiences and above all, we learn from our mistakes and failures. There are two main reasons for learning throughout life: for personal development and for professional development.

Learning starts at birth, when we learn to breathe and feed. Then, we learn to walk and talk as a child. As we grow older, we learn newer and newer things, which help us, live every day, and constantly grow as a person. Learning is the acquisition of knowledge through experience and education.

Your experiences don't define you, but shape you.

Through your experiences and life lessons, you can help others learn, heal, grow, and become one.

**Anuradha,
Department of Math**

CREATIVITY

"Imagination is the beginning of creation. You imagine what you desire, you will what you imagine, and at last, you create what you will. "

-George Bernard Shaw

The seeds of creativity live in everyone. Creative people invent, imagine, problem-solve, create, and communicate in fresh, new ways. Those with the ability to "think out of the box" will lead the future and make special things happen.

Creativity needs a more independent and individual approach.

It is not enough to just be creative, it is more important to develop creativity. One can develop creativity by providing space for free play and being focused and concentrated. To develop creativity one must learn from discussion and interactions should be able to use personal emotions and

experiences. Creativity can be enhanced by taking unique perspective to develop one's own skill and also should have the ability to work in teams. A creative person needs to be more constructive.

Creativity needs to be identified at a young age and nurtured. Some individuals are fortunate enough that their sprouting imagination was nurtured and grown into strong creative thinking abilities. Their parents and teachers might have played a vital role in identifying their creativity and helped them to develop their creative experiences.

I think it is just about finding a pure and independent way of the individual, dealing with the outside world. Combine personal experience with external information has no other choice than to be unique.

**P. Kanchana Valli,
Department Of Social Science**

CREATIVE POWER

When you say you can't, you stop the creative powers in you: when you say you can you free them –

you cannot do anything unless you allow your passion to motivate you.

Anything is possible – as long as you believe and truly engage yourself with your thoughts and feelings.

The power of thought is a very potent form of energy that penetrates all time and space.

We all have the capability to think in a positive manner if we really want to, but too often we resort to negative thinking and tell ourselves that we are not capable of doing anything.

People may tell you, "You can do it", "You can make it", "It's possible" but when you tell yourself always, "I can't make it", it's yours choice that rules everything.

Creative power is an energy flow, it is experienced in feeling. Without a flow of energy there is no creativity.

To access our creative power, we need to open to what we feel at each and every level of our being.

Creative power is about passion, desire and satisfaction.

The way you perceive and interpret yourself is a result of the belief system you adopted while growing up.

Believe yourself - and say

I am strong / I am smart / I am confident / I am successful / I am a good person / I can achieve anything
I Want because I am POSITIVE and I CAN MAKE IT POSSIBLE.

Accept your past without regret, handle your present with confidence and face your future without fear.

You can go with an empty pocket and come back heavily loaded if you allow your passion to escort you.

So, avoid saying

I am not an expert and I don't feel ready

Don't believe in myself

It is not the right time

I am afraid of failure

Don't say '**I can't**' because mistakes increase your experiences and experiences decrease your mistakes. If you learn from your mistakes then others learn from your success. So try to free your creative powers and think positively to achieve success.

**Lavanya,
Department Of Science**

IMPORTANCE OF WORDS

Words are very powerful. It does not matter, if they are spoken or on the printed page. Words can please us, can frighten us, can sustain us and can enrage us. Wars have been started and ended by words. It can be in form of blessings or good wishes. It can change our life. It is up to us which words we want to choose. We can also realise the importance of words in certain circumstances. Think that you are appearing an exam and you eagerly wait for good wishes from our friends and family or think of a runner who is running in a race, is waiting for some cheerful words

So, children make your words motivating and supportive

**Mandira Senapati,
Department of Social Science**

RIDDLES, TONGUE TWISTERS, FACTS AND JOKES

FACTS

- 40% of our body weight is muscles and 14% bones on an average
- The smallest bone in our body is the malleus bone of middle ear
- There are 200 different types of cells and about 600 billion cells in our body.
- A human eye can distinguish about 17,000 different colours.
- If the heart is taken out of the body, it will continue to beat.

Rithvik Chowdary, VII A

RIDDLES

1. How do you mend a broken pumpkin?
2. Why don't mountains get cold in the winter?
3. Why did the farmer wear one boot to town?

- Dad** - I had bought a costly T.V. we should minimize the expenditure.
Mother - I will stop going to malls.
Kids - Then my school fees is 2 Lakhs. So, I will stop going to school.

Elections -The Upcoming Leaders

The School held its Student Council Elections on Monday, June 20th, 2016. The nominated candidates were given an opportunity during the morning assembly to express their thoughts. The contestants availed the free time to campaign for their post.

We, the citizens of democratic India have the right to vote. To inculcate this value in students, elections are conducted every year to elect members of the school Student Council. The Election for the Student Council was held in the school for the Junior wing, the Senior wing and the Senior Secondary wing. The nominated contestants gave inspiring speeches in the School Assembly. They put up posters all over the school as a part of the campaign. It was a challenging task to engage the contestants in a tough, but fair competition. The Principal, Ms.M.Varalakshmi, in her speech asked the students to select the most eligible candidate for

various posts and not to get carried away by promises.

The students voted through a computerized voting system for the following positions of the Student Council - Head Boy, Head Girl and House Captains. The teachers acted as polling officers and observers and ensured that a free and fair election was conducted. The results were declared on the same day with Master PRANSH RASTOGI and Miss SAANVI KHANDELIA as the Head Boy and Head girl for the Pre-Primary wing, Yug Garg and Yashna Reddy as Head Girl and Head Boy for the Primary Wing. Master RAJEEV NANDYAL and Miss SAI CHARITHA.G as the Head Boy and Girl for Senior wing and Master KEERTHJEET SINGH SETHI and Miss APARAJITA ACHARYA as the Head Boy and Head Girl for the Senior Secondary Wing.

Budding leaders at Investiture Ceremony

The Investiture Ceremony of Jubilee Hills Public School for the academic session 2016-2017 was conducted on July 2, 2016. The event was presided over by the Chief Guest, Sri. K. Krishnadev Rao, President, Jubilee Hills Education Society, the Secretary, Jubilee Hills Education Society and the Chairman, Jubilee Hills Public School, Sri. A. Murali Mukund, the Principal, Ms. M. Varalakshmi the Academic Director, Ms. G. Sree Devi, teachers, parents and students.

President's address

The programme commenced with the welcome address by the Principal, Ms. M. Varalakshmi. In her address, she said that the elected leaders had gone through the process of electronic voting to reach the much deserved pedestal. She asked the students to be observant, imbibe good qualities and lead from the front.

The Chief Guest, Sri. K. Krishnadev Rao, President, Jubilee Hills Education Society in his speech congratulated the newly elected Student Council members. He said that Jubilee Hills Public School is leading by example and said that every student can become a leader. He said that a leader should have charisma, honesty, inspiration, self confidence and knowledge. He also

stated that a leader should set a direction, follow the direction by setting goals and achieve them. He asked the students to take the Jawans of the country and the teachers as their role models. He concluded his speech by saying that a true leader is the one who brings a change in the society by being the novel role model who gets motivated and motivates others.

Chairman's address

The Chief Guest pinned the badges and administered the oath to the newly elected leaders from Jubilee Hills Kindergarten School, Primary, Secondary and Senior Secondary.

Speaking on the occasion, the Chairman, Sri. A. Murali Mukund stated that a leader should set an example with a lot of patience and discipline and learn to delegate work effectively. He advised the students to be good leaders who can change India's outlook and

A group dance

work for the development of the country.

The Academic Director, Ms. G. Sree Devi stated that the mantle of leadership rests on the shoulders of the elected leaders. They should work with honesty, integrity and commitment to bring a change in the society. She also suggested the Student Council members to choose a harder ride and not the easy way to become successful in life.

A skit

A variety of cultural programmes were put up by the students. The newly elected members were motivated to take up their task with zeal and enthusiasm. The programme concluded with the National Anthem.

PARENTS' ORIENTATION

Academic Director briefing the parents

ORIENTATION FOR CLASS IX AND X

An orientation programme was conducted for the parents of classes IX and X on 2nd July, 2016.

The Academic Coordinator, Ms. Suneeta Roopchand spoke about the features of Formative and Summative Assessment. She said that in languages, children are assessed in the four skills namely reading, listening writing and speaking. She said that the OTBA conducted for class IX during SA2 exam helps the students to develop reference skills and analytical skills. She concluded by saying that the assignments conducted in the school must be taken seriously by the child and the guidance of parents is imperative as the marks of classes IX and X reflect in the Class X report card.

Speaking on the occasion, Ms. G. Sree Devi, Academic Director said that 70% of marks are sent to the CBSE Board by the school with evidence. She asked the parents to ensure that their children are regular to school whenever tests are conducted and attend the Parent Teacher Meetings so as to know the

progress of their child. She advised the parents to invest time in their children as well as check their access to gadgets.

The session concluded with the parents' concerns being addressed in an interactive session.

ORIENTATION PROGRAMME FOR PARENTS OF CLASS I

The school conducted an Orientation Programme for parents of Class I on Wednesday 6th April, 2016. The Primary Headmistress Ms.Sonia Nagpal welcomed the parents.

The Academic Director, Ms. G. Sree Devi, addressed the gathering and said that "A child is best served if a parent crosses the threshold of school". She emphasized on shaping the lives of global citizens of the future by interacting with the teachers of their child and becoming a part of same team.

The Primary Headmistress, Ms.Sonia Nagpal presented Power Point Presentation on the Teaching Learning Process and emphasized on Scholastic, Co-Scholastic areas, and assessment process which will

be followed during the academic session.

The Counselor, Ms.Soghra, gave an overview of the learning problems and she discussed the same by showing the "Indicators List of Dyslexia".She also explained the referral process to the parents.

ORIENTATION PROGRAMME FOR PARENTS OF CLASS VI

The school conducted the Orientation Programme on Thursday, the 7th of April, 2016. The Principal Ms. M.Varalakshmi welcomed the parents. In her speech, she stressed on discipline, values and parent monitoring at the time of technology usage by the child.

The Academic Director, Ms. G. Sree Devi, addressed the gathering and said that "A child is best served if a parent crosses the threshold of school". She emphasized on shaping the lives of global citizens of the future by interacting with the teachers of their child and becoming a part of same team.

The Academic Coordinator, Ms. Suneeta Roopchand, emphasized on Social and Emotional Development, Curriculum, CCE pattern, Importance of Regular Reading and Healthy eating habits.

The Counselor, Ms.Soghra, gave an overview of the learning problems and she discussed the same by showing the "Indicators List of Dyslexia". She also explained the referral process to the parents.

VANAMAHOTSAV- CELEBRATING NATURE

The School celebrated Vanamahotsav on July 14th, 2016. The Principal, Ms. M. Varalakshmi welcomed the Chief Guest, Dr. K.P. Srivasuki, Indian Forest Service Officer (Retd.), Chairman Project Screening Committee.

The Chief Guest said that India is celebrating its 67th Vanamahotsav. He said that trees have been man's friends since times immemorial. Trees keep our nature green and clean taking carbon dioxide from the air. The Chief Guest advised the students to inculcate green culture by planting saplings.

As a part of the celebration, the Head Boy and the Head Girl distributed saplings to the Chief Guest, the Chairman. The Principal, Ms. M. Varalakshmi in her address said that Vanamahotsav, "the festival of trees" is very important as trees give us life. She also advised the students to plant more trees to save the Earth. The Academic Director, Ms. G. Sree Devi appealed to the students not to cut trees and protect nature by practicing sustainable development.

A variety of cultural programmes performed by the students conveyed the message that Vanamahotsav reminds us of our duties and commitment towards nature.

HEALTH IS WEALTH

Health week is an annual event that is celebrated in Jubilee Hills Public school. The school gives paramount importance to the health and well being of its students and staff and dedicates a whole week to reiterate and reinforce the fact that health is wealth.

This year school 'Health Week' was celebrated from 8th August to 11th August 2016. As a part of this, a general health check up including vision and dental check up was organized for students & teachers by a team of doctors headed by Dr. Sudheer Chowdary, Dental, and Ameerpet. A battery of tests including Complete Blood Test, ECG and Eye check up was conducted for teachers and Admin staff by Mr. Srikanth and his team from Lucid Medical Diagnostics.

ENRICHING THE YOUNG MINDS-Model SAARC

SAARC- South Asian Association of Regional Cooperation holds a summit to provide opportunities to the countries of this region by collectively reflecting on how South Asia can play its rightful role in the international arena.

The School organized 'A Model SAARC Summit' on 22nd & 23rd July, 2016 to promote a spirit of cooperation rather than competition. It is a platform provided to students as a simulation of SAARC, in order to expose them to the current set of problems in the bilateral relationships amongst South East Asian Countries.

The Chief Guest was Dr. J. Purnachandra Rao, IPS, Chairman, Telangana State Level Police Recruitment Board, Hyderabad. In his speech, said that communication & coordination are necessary to resolve any issue within the country and among the countries. He appreciated the school's effort in organizing the event on a grand scale.

Dr. Subba Rao Pavuluri, Vice President, JHES presented a memento to the Chief Guest.

The Chairman of Jubilee Hills Public School, Sri. A. Murali Mukund said that one can achieve development by loving ones family, neighbours, state and country.

The Principal, Ms. M. Varalakshmi welcomed the participants and said that the school recognizes that though the students are trainees in Model United Nation, in every school, they remain unaware of issues closer home. This was the idea behind holding Model SAARC.

The Academic Director, Ms. G. Sree Devi spoke about the importance and significance of SAARC.

Students from nine schools participated in this programme. A student from each school emulated and replicated the Prime Ministers of nine countries and addressed the gathering. They focused on friendship. Each member country was represented by two delegates. The sessions were chaired by students experienced in MUN.

Committees like SAFTA, Education, Environment, Financial Cooperation, Energy, etc. were formed. Two delegates from each country discussed on bilateral and multilateral issues and gave suggestions.

'The Best Prime Minister Award' & 'The Best Delegate Award' from each committee were given on this occasion.

The overall experience of the students was immensely enriching, both in terms of gaining knowledge and accustoming themselves to different situations.

The programme was appreciated by one and all.

This was followed by an interactive session. The session was informative and interesting and the teachers got an insight into various teaching methodologies for effective learning.

ANNUAL PTA MEETING

The school conducted the Annual PTA meeting on 16th July, 2016 for classes LKG to XII. The programme started with a prayer.

Principal's Address

The Principal, Ms. M. Varalakshmi welcomed the parents. She informed the parents about the aims and objectives of conducting Parent Teacher Association Meeting. She said that respect, commitment, accountability, collaboration and inclusivity are necessary for the development of the school and

the child. Later, she apprised them about the awards, scholarships, achievements and gave them an insight into the activities, infrastructure and facilities available in the school. She stressed on the importance of discipline in a student's life and requested the parents to come out with suggestions for the development of the child and the school.

Parents' at the meeting

Academic Director's Address

Ms. G. Sri Devi, the Academic Director informed the parents about CBSE results. She emphasized on Continuous Comprehensive Evaluation. She suggested the parents to see that the child is regular to the school whenever the tests are conducted and attend the Parent Teacher Meetings so as to know the progress of their child. She also requested the parents to cooperate and communicate with the school and teachers for the overall development of the students to support the school goals.

Elections for Class wise Parent & Teacher Representatives was held for this academic year to form PTA Executive Committee Body who will be the members in Safety, Discipline, Grievance, Transport and Canteen.

Class Coordinators and Parent Representatives

The Audience

GURU BRAHMA DAY

Guru Brahma Day was celebrated in the school with grandeur. Students spoke about Dr.Sarvepalli Radhakrishnan and expressed their love and affection towards their teachers through a variety of programmes. The children put in a lot of effort and made sure that teachers enjoyed every minute of their special day.

The Chairman, Sri. A. Murali Mukund wished all the staff members and said that a teacher needs to be career oriented and must work with confidence and dedication.

The Academic Director, Ms. G. Sree Devi, wished all the teachers and asked the teachers to introspect as teachers about what they have achieved in their career and what difference they have brought in lives of the students. This gave inspiration and motivated the teachers to go forward with passion in realizing their responsibilities.

THE INNOVATIVE MINDS - 'Aavishkar'

The tiny-tots exhibiting their talent !!!

The Science Exhibition-Aavishkar was conducted on 14th and 15th July, 2016 with a view to encourage and inculcate a scientific temper amongst students, where students from various schools including JHPS displayed their models. The Chief Guest for the occasion was Dr. K. P. Srivasuki, an officer of the Indian Forest Service (IFS). The event saw enthusiastic young participants from various schools putting up their exhibits comprising of innovative working models and investigation based projects. Venues were allotted for the display of projects made by the students. They also took part in the Inter- School Competition with innovative ideas on Krishi Shakti- Trendsetters of

Agriculture and Sourya Shakti – Fuel of the future. One among them was the 21st century farm depicting the development of farms in the coming years.

The Chief Guest keenly interacted with students who exuded confidence while explaining to him the various projects and activities that were on display. A few of the exhibits that caught everybody's attention were the Stress meter, Terror house, Hydroponics etc.

The presentations were judged on the basis of innovation, presentation and overall quality. The best models were given prizes during the closing ceremony.

Students of other schools felt that the exhibition was a good way to exchange ideas. The Science Exhibition was appreciated by one and all.

Briefing their project

GO GREEN WITH HARITHA TELANGANA

A unique initiative by Jubilee Hills Public School to 'go green' culminated in Haritha Telangana, which was celebrated in the school premises on 22nd July, 2016.

Trees are the kindest things we grow. This has been rightly said as the needs of all the living beings are fulfilled by them. But their depleting number has become a serious issue. To bring awareness among the students about this issue, the School celebrated Tree Plantation – Haritha Haram in its premises on July 11, 2016.

Sri. B. Ram Mohan, Mayor, GHMC, Sri. Mahender Reddy, Police Commissioner, Hyderabad, Sri. Kaja Suryanarayana, Corporator, Jubilee Hills, the Circle Inspector, Sri. Sreenivas Reddy, Cine Artists, Mr. Srikanth and Mr. Naveen Chandra, Mr. Shravan Rao, Chairman i-news, the Chairman JHPS, Sri. A. Murali Mukund, the Principal Ms. M. Varalakshmi and the Secondary Headmistress, Ms. G. Durga, graced the occasion.

The Mayor, GHMC, Sri. B. Ram Mohan said that key persons from various organizations, schools and universities are involved in this programme to inculcate the value of planting and caring for trees. He concluded by saying that his dream is to see a green Hyderabad.

Sri. Mahender Reddy, the Police Commissioner, Hyderabad said that it is the responsibility of every citizen, not only to grow trees but also to take care of them.

The Corporator Jubilee Hills, Sri. Kaja Suryanarayana emphasized

the need for planting at least one tree and taking care of it.

Speaking on the occasion, the Circle Inspector, Jubilee Hills, Sri. Sreenivas Reddy gave the message of preserving the flora.

Mr. Srikanth and Mr. Naveen Chandra Cine Artists reiterated that plants are the lungs of the Earth and it is the duty of every citizen to protect them. They said that the film industry is going to support the good cause to prevent further desertification of the earth.

The Chairman, Sri. A. Murali Mukund said that greenery is important to save the environment. He appealed to the students to protect their future by planting, nurturing and saving trees.

The Principal, Ms. M. Varalakshmi said that the event is an opportunity for the students of the school to get inspired to adopt trees and protect them.

The Secondary Headmistress, Ms. G. Durga said that trees should be planted to maintain ecological balance.

On this occasion, the school planted 81 saplings in the premises and with the idea that each section would adopt one plant and take care of it.

'Patriotic Dedication' – Independence Day

The school celebrated Independence Day in the school premises. The Chief Guest, Sri. A. Murali Mukund, Chairman, Jubilee Hills Public School and Secretary, Jubilee Hills Education Society, Vice President, Dr. Subba Rao Pavuluri, the Principal, the Academic Director, parents, alumni, students and staff graced the occasion.

India celebrated the Independence Day on 15th

August, 2016. The day was celebrated with great verve and solemnity as a mark of respect to our freedom fighters because of whom we are breathing the air of freedom. An air of patriotic dedication prevailed all over.

The Chief Guest, Sri. A. Murali Mukund unfurled the National Flag. The Principal, Ms. M. Varalakshmi addressed the gathering. In her address, she

requested the students to be sincere and study hard to become well educated in order to achieve goals. The Chief Guest, Sri. A. Murali Mukund, in his speech said that India has all the resources and potential to become the No. 1 country in the world. He asked the students to be strong, disciplined and become selfless leaders to take India to a better position.

The Senior Secondary Head Girl said that she would like to bring about changes in the country which would help in its progress and prosperity. The cultural programmes evoked a feeling of patriotism among the audience. The children performed a skit on 'Tanguturi Prakasam Pantulu,' the Great freedom fighter of India. A message 'One's love towards one's country' was extended by the students with their mesmerizing performance.

The Chairman, Sri. A. Murali Mukund and the Vice President, Dr. Pavuluri Subba Rao gave away certificates to students who strived successfully for 100% attendance during the academic year 2015-16. The school's Dr.A.P.J Abdul Kalam Quiz Club had conducted Independence Day Quiz and prizes were given to the winners. The programme concluded with a vote of thanks by the Secondary Head Girl.

THE INDIAN CONSTITUTION DAY

A special assembly was conducted in the school premises to mark the Indian Constitution Day. The PREAMBLE or the introduction to our Constitution describes India as a Democratic, Socialist, Secular, Republic. Jubilee Hills Public School celebrated the Indian Constitution Day on 26th November, 2016, as per the CBSE directive.

The Academic Director, Ms. G. Sree Devi administered the Oath - the Preamble of India to the students and teachers. A quiz competition was conducted for classes VI to XII and the names of the top three students were uploaded on the CBSE site. The students were given certificates in the School Assembly. The CBSE's drive towards such programmes will truly educate children in various aspects.

Students Taking The Oath

ADHYAYAN – THE BOOK WEEK

The books we read answer questions we didn't even know existed

- Axel Marazzi

To kindle an interest in reading, BOOK WEEK 'ADHYAYAN' The Knowledge Fest, was celebrated in our School from 28th November to 3rd December, 2016. A special assembly was conducted to showcase the importance and value of reading.

The celebrations began with a devotional song followed by the Saraswati dance. During the week various competitions such as 'Story-telling', 'Spell bee', 'Book Mark preparation', 'Rhymes Recitation' and 'Book Review' were conducted. This creates awareness about the importance of reading books among the students and also helps in their overall development. Prizes were given to the students as a mark of appreciation.

DEAR– Time (Drop Everything and Read) was held successfully on 28th Dec, in order to promote reading habit in students. Speaking on the occasion, the Principal, Ms. M. Varalakshmi told the students that books are our best friends. She added that students must read books, as reading not only brings pleasure but increases our knowledge and improves language skills.

Educational Field Trips- 'A Learning Experience'

"Nothing beats on exciting hands on experience to deepen learning. The magic of a field trip isn't just the subject. It's the break in routine and adventure that opens up children's minds to new things."

A field trip or excursion is a journey by a group of students to a place away from their normal environment. It is highly beneficial activity which helps them to learn by enquiring about information that interests them. The students develop "Technical Competency" by observing, collecting, interpreting, recording and evaluating geographic information from primary sources through field work.

CLASS 1 - A TRIP TO THE FIRE STATION

Class 1 students were taken for an Educational field trip to the Fire Station on 9th August 2016 to give a practical experience of the activities performed by the firemen and understand their importance during fire accidents. Children were delighted at seeing the firemen in their uniform and the tasks they performed using the equipment such as the hosepipe, foam gun, life jacket, life buoy, fire extinguishers, fire bullets etc. Students were overjoyed and energized when they got the opportunity to use some of the equipment and also climbed the fire engine. Firemen also demonstrated how to come out of a building that had caught fire and the usage of carbon dioxide cylinders. They were informed that they need to dial 101 for the fire station.

The field trip to the Axis bank / SBI bank / ICICI bank / Andhra bank was also organized on the same day to make children aware of the activities performed at the bank. They were shown a presentation on the various activities of the bank and the importance of ATMs.

Using Hosepipe

Presentation on Traffic Rules

CLASS 2 - A TRIP TO TRAFFIC PARK

All the students of class II were taken on an Educational field trip to the Traffic Park at Begumpet from 26th to 28th July 2016. The objective was to teach students the various safety measures to be taken on the road. The Traffic Park consists of a well laid track, signals, stimulators, and vehicles, digital aids to impart traffic education, training and awareness to the commuters. The students were taken to the auditorium and shown various PPTs and videos on "School Traffic Education". Various traffic symbols through flashcards were shown and explained to the students. The students were taught the significance of the traffic signals.

This created awareness on Road Safety among the children.

CLASS 3 - A TRIP TO NATIONAL INSTITUTE OF RURAL DEVELOPMENT

An Educational field trip to the National Institute of Rural Development was organized for the students of class III on 23rd August, 2016 to give them a practical experience about eco-friendly and biodegradable products. Students saw different types of houses like brick-house, dome house, wattle & drub house without cement, stilt house, bamboo house and stone mason house made of low cost and eco-friendly materials. Students learnt about natural dyeing using cotton fiber. They saw how vermicomposting is done. Students were told how the following are made without chemicals: handmade paper plates using leaves and herbal cosmetics and ayurvedic products. Children were thrilled to see the raw materials and the products made out of them. It was an enriching learning experience.

Presentation on Traffic Rules

Interaction at the Art Museum

CLASS 4 - A TRIP TO PUBLIC GARDENS

Class IV students were taken to the Public Gardens in Nampally for an educational tour on 4th August, 2016. They were shown the Telangana State Archaeological Museum, Art Museum, and State Legislative Assembly etc. All were excited to see a huge collection of stones and metal sculptures from the Satavahanas to the Ikshvaku period, unique antiques, art objects, armoury, articles with bidri work, china ware, and ornaments made of different materials etc. They learned and understood more about the past and it revived their interest to read history.

CLASS 5 - A TRIP TO TELANGANA STATE MUSEUM

An educational field trip to Telangana State Museum was organized for the students of Class 5 on 20th July, 2016. They visited many galleries devoted to showcase stone sculptures, bronze work, manuscripts, modern paintings, and textiles. Students really enjoyed and made a note of each antiquity to share the knowledge with their friends. Buddhist and Hindu sculptures hold prominent places in two of the museum's galleries. The Buddhist artifacts date as far back as the second and third century B.C. The Hindu collection, on the other hand, represents sculptures of the Chalukyan and the Vijayanagara period. An authentic Egyptian Mummy of the sixth Egyptian Pharaoh's daughter donated to the seventh Nizam of Hyderabad is fascinating. It helped the students to update their knowledge and share their experience with others.

CLASS 6 – VISIT TO NEHRU ZOOLOGICAL PARK

The students of class VI were taken for a field trip on 10th August, 2016 to the Nehru Zoological park to bring awareness

about conserving wild life. The Zoo is a place for nature and wild life lovers. The students saw a variety of animals like monkeys, chimpanzees, olive baboons and so on. They enjoyed tortoises, white tigers, spotted deer, jackals and many animals in the habitats. They also saw extremely dangerous jaguars, leopards, lions, cheetahs and other wild cats in their own enclosures.

The students were enthralled seeing wild boars, Himalayan bears and the creatures of the reptile kingdom. Students were delighted when they saw different wild animals like tigers, lions, rhinos, panthers, etc., roaming freely in the wilderness of a forest like environment. The park also has rare species of animals and birds. It was an interesting experience for the students and they carried a lot of information with them.

A TRIP TO THE MAGNIFICENT CHOWMAHALLA PALACE

The Chowmahalla Palace in Hyderabad was once the seat of the Asaf Jahi Dynasty and was built with the purpose to attend to royal guests and visitors. Located near the famous Charminar and Laad Bazaar, this palace has a lot to offer to its visitors. Every section is intricately designed and surprises all with its Nawabi charm.

The students of class VII, VIII and X went to see this palace in the month of July, 2016, on a day when the heavens opened up. The glum faces of the students made the sun relent and it shone brightly. The students boarded the school bus and set off to see the palace along with their teachers. Once they reached there, they were taken on a guided tour of the palace. There is no escaping the grandeur of the charm of the palace.

The students came back with wonderful memories of a bygone era.

Students inside the palace

A close observation of the antics

CLASS 9 - A VISIT TO ZINDA TILISMATH FACTORY

An educational field trip was arranged for students of class IX on 27th July, 2016. They were taken to the famous Karkhana Zinda tilismath, which is located in Amberpet.

Based on the ancient Herbal Unani concept of medicine, Zinda Tilismath was founded by Late Hakim Mohammed Moizuddin Farooqui in the year 1920. Zinda Tilismath was made during the Nizams rule in Hyderabad, for which it acquired the Nizams crown (Dastaar) as its trade mark. The logo of Zinda Tilismath is the African man's face which is symbolic of good health and trust.

The students were taken around the factory and briefed on the process of making the famous products of the factory. All the students were given throat

soothers, tooth powder and the famous lotion Zinda tilismath.

The students gained information about the age old unani medicines.

MATH DAY AT JHPS

Srinivasa Ramanujan, an Indian Mathematician was born on 22nd December 1887. In recognition of his contribution to Mathematics, the Government of India declared in December 2011 that Ramanujan's birth day should be celebrated every year as National Mathematics Day.

The School celebrated 'MATH DAY' on December 22nd, 2016 in the school premises to commemorate the event.

Many cultural programmes based on Mathematics were conducted in the primary and the secondary wing. Children participated with great zeal and enthusiasm and exhibited their talent.

The Academic Director, Ms. G. Sree Devi, in her address to the students said that Math becomes very easy and interesting, if we understand the concepts and logic. She added that Math is very useful in our daily lives and practice would make us perfect. The students enjoyed the programme and also learnt some interesting Math concepts.

HARIKATHA - REVIVING THE FADING ART

Dignitaries at Harikatha

Harikatha is a composite art form composed of story-telling, poetry, music, drama, dance and philosophy. It is this fading art which has to be revived back to life for the future generations. Thus JHPS organized a one of its kind programme. Ms. Bharati Bhargavatarini presented the "Harikatha Kalakshepam" on Sita-Rama Kalyanam for students of classes VIII to X and Girija Kalyanam for the staff and parents, on

Harikatha Kalakshepam on Sita Rama Kalyanam

5th November, 2016 in its campus. The main aim of this programme was to imbibe qualities of truth and righteousness in the minds of its young learners, sow the seeds of values in them and to educate them on the knowledge of self through stories. Dignitaries, teachers, students and parents attended the programme.

Divya, a student of class IX, expressed her views about it. She said that ancient art forms such as these should be revived and students should look forward to these in the future too. She on behalf of the students thanked the school management for this.

Morning prayer

Principal addressing the students

FRESH AND LIVELY-THE MORNING ASSEMBLIES

School assemblies nurture positive school ethos that stresses on care for self and others and the pursuit of all forms of excellence. Morning assembly is the most important feature of school curriculum where students learn the value of collective prayer and are exposed to the need to inculcate moral and ethical values. Morning assemblies provide a platform for students to showcase their talent and ensure a robust start to the day. Meditation and introspection form an integral feature of morning assembly.

CHILDREN'S DAY CELEBRATION

Childrens' Day was celebrated with gaiety and fervour at Jubilee Hills Public School. On this occasion the Principal, Ms. M. Varalakshmi, Secondary Headmistress Ms. G.Durga, Academic Coordinator Ms. Suneeta Roopchand and Primary Headmistress, Ms. Sonia Nagpal wished the students a Happy Children's Day. The Principal told the students that the teachers loved them very much and the school premises looks lively with their presence. A special assembly was held and the teachers rocked the stage with their fabulous performances. They made the day special with energetic songs, skits, puppet show, ramp walk and dance.

The students enjoyed every moment of the day and there was a smile on the face of every JHpian. There was joy all around and the campus buzzed with excitement. Chocolates were distributed and the students looked extremely delighted.

DISCOURSE BY SWAMI BODHAMAYANANDA

The school was honoured to have amongst them, Swami Bodhamayananda, the Director, Vivekananda Institute of Human Excellence Ramakrishna Math, Domalguda, and Hyderabad. Swamiji has been conducting workshops and seminars for students, teachers, managers and others on Human Excellence, Management and Personality Development.

This occasion was graced by one of the High Court judges, Justice. Sri. Challa Kodanda Ram and JHPS Chairman, Sri. A. Murali Mukund.

The Academic Director, Ms. G. Sree Devi, introduced Swamiji and his various accomplishments and said how his teachings inspire everyone.

Swamiji spoke about the importance of sensitivity and strength. He extolled the great personalities like Swami Vivekananda and Netaji and asked the students to emulate them. Giving various examples of people who made a change inspite of difficulties, he said that

there are no shortcuts to success. He asked the students to be united and move forward, to be the change, to be the light and to be the Nation.

He asked them to develop the three qualities, Truthfulness, Purity and Respect for Women. He asked them to "arise, awake, sleep no more and bring out the POWER" within them.

He further said that every soul is a young eagle, soaring higher and higher, gathering more and more strength till it reaches the glorious sun. At the end of the programme, there was an interactive session where the students expressed their views, asked questions and thanked Swamiji for his message.

SADGURU SRI THYAGARAJA ARADHANOTSAVAM

Sri Thyagaraja is one of the greatest musical prodigies amongst the Carnatic music composers of South India. His Keerthanas about Gods are of delicate spirituality. He composed his first song at the age of 13 and soon reached the summit of musical fame. He spent most of his time doing pooja and singing his compositions, inspired and infused with Rama bhakti.

'Thyagaraja Aradhanotsavam' was observed with devotional fervour in Jubilee Hills Public School on 31st January 2017. The Principal, Ms. M. Varalakshmi, the Academic Director, Ms. G. Sree Devi and the other dignitaries, lighted the lamp and invoked the Lord's blessing.

To pay homage to the great saint, five pancharatna keertanas were selected and sung by the music teachers and students, dressed in colourful traditional dresses which infused a festive ambience to the atmosphere. The programme ended with 'Mangala Harathi' to Sri Thyagaraja.

VIGILANCE AWARENESS WEEK

The Vigilance Awareness Week is observed every year across India to promote integrity in public life and achieve a corruption free society. Jubilee Hills Public School observed the Vigilance Awareness Week from 31st October to 5th November, 2016 to mark the birthday of Sardar Vallabhbhai Patel and to bring social awareness among the students. The theme for this year was "Public participation in promoting integrity and eradicating Corruption".

A special assembly was conducted to sensitize students about the various unlawful and unjust practices urging them to be more vigilant. The CBSE drive towards preventive vigilance as a tool of good governance was explained to the students. The school

Students participating in the Vigilance Awareness Week

Students receiving the prizes

organized several competitions at different levels to create awareness on vigilance in public life. A poster making competition for classes VII to VIII and an Elocution competition for classes IX and X were conducted. The Reserve Bank of India organized an essay writing competition for classes XI and XII. The topic for the same was announced in advance and important inputs for their

preparations were explained to the students. The students were able to give suggestions to put an end to the corruption that had already crept into the country's administration. The objective of the programme was the promulgation of a corruption free society in future by making the students honest and responsible citizens of India.

Chief Guest Sri. M. Sivaram Prasad's Address

Group Dance

The Republic Day was celebrated in all its solemnity and grandeur at Jubilee Hills Public School, on 26th January, 2017. The Chief Guest, Sri. M. Sivaram Prasad, FCA, Treasurer, Jubilee Hills Education Society, the distinguished Managing Committee Members of Jubilee Hills Education Society, parents, staff and students graced the occasion. The Chief Guest unfurled the National flag. This was followed by a March Past by the smartly turned out students of the Student Council, the four houses and the NCC Cadets.

The Principal, Ms. M. Varalakshmi, welcomed the gathering and wished everyone on the occasion. In her inspiring speech, she said that the untiring efforts of our freedom fighters brought us independence and it is from 1950, we have been celebrating the Republic Day with great patriotic feeling. She said that the students are the future citizens of India and should rededicate themselves to contribute to the financial stability of the country, technological development, and global peace and save the environment.

In his motivational speech, the Chief Guest stated the difference between the Independence Day and the Republic Day. Speaking about the significance of the Constitution, he said that great leaders of our country like Bal Gangadhar Tilak, Netaji and other freedom fighters struggled to get complete independence or 'Poorna Swaraj'. He said that the students play a very important role in the development of the country and need to wipe out poverty, pollution, corruption and other social evils.

A lively cultural programme with patriotic songs, enthralling folk dances of India, the stirring Zumba dance, an enchanting dance depicting the three colours of the National Flag, a few sports events and the energetic Mass Drill mesmerized the audience and infused a feeling of patriotism amongst everyone present.

The programme concluded with the prize distribution by the Chief Guest. The Principal appreciated the teachers and students who extended their cooperation in making this event a grand success.

BABY'S NIGHT OUT

The school organized Baby's Night Out for classes 1 and 2 on 27th January 2017 and classes 3 and 4 on 28th January 2017 in the school premises to encourage students to learn to share, develop social skills, confidence and co-ordination.

The parents dropped their wards at 3 p.m in the school premises. They were welcomed by the Academic Director, Ms. G.Sree Devi, Primary School Head Mistress, Ms. Sonia Nagpal and the teachers. The children were enthusiastic about spending a night with their friends and teachers. The programme started with a prayer song and welcome dance followed by a Magic Show. Children then enjoyed the scheduled, interactive, age appropriate, innovative activities -both indoor and outdoor, in a safe and supervised environment. The evening was lively with games such as Zorbing, Monster Ball, Australian Trolley and Caterpillar walk. Then the most awaited Bonfire was arranged. Children played, danced and enjoyed in the energetic surroundings. This was followed by dinner and a movie. Children had a good sleep at night and woke up at 6 a.m for Suprabhatam. This was

followed by jogging, yoga, meditation, zumba etc. based on their own choice. Breakfast was served and the event came to an end with the distribution of gifts to the children.

It was a very special, relaxing and enjoyable experience, full of fun for children and teachers. The children were safely handed over to their parents at 8.30 a.m. the following day. It was an awesome Baby's Night Out. Everyone had a great time and left reluctantly wanting more.

Parents were overwhelmed to see their children in such cocooned, safe and nurturing atmosphere.

'NOSTALGIC MOMENTS'-THE FAREWELL PARTY

The School bade a warm and emotional farewell to the students of Classes X and XII. The farewell party was celebrated with a lot of zeal and zest. The occasion took the students down memory lane into the most cherishing moments of school life.

Speaking on the occasion, the Principal, Ms. M. Varalakshmi asked the students to be brave enough to face the challenges of the new and competitive world in order to reach their goal.

The Academic Director, Ms. G. Sree Devi in her speech, asked the students to remember the values instilled by the school, develop self confidence, focus on their goal and move ahead. She added that they themselves should carve the path to success, through their hard work.

A variety of cultural programmes were organized for the outgoing students by the juniors. The outgoing students expressed their deep love and gratitude to the teachers. They also shared their memorable moments spent with their classmates.

Mr. JHPS title for the Senior Secondary was won by Vignesh and Miss. JHPS by Aparajita Acharya. The Secondary titles for Miss. and Mr. JHPS were bagged by Areeba Alvi and Krishna Chaitanya respectively.

The outgoing batches were given mementoes as a token of love.

TEACHERS PICNIC AT DREAM VALLEY

The teaching, administrative and other support staff of Jubilee Hills Public School went for a picnic to Dream Valley organized on 11th February 2017. Teachers took a break from their busy schedule at the resort, a beautiful place near Chilkur. The break acted as a stress buster that helped the teachers relax after the hectic schedule of the academic year.

They were welcomed with a refreshing drink. Despite the heat, the teachers enjoyed the rides, swimming and tug of war organized for them. The soothing music played had the desired effect and the teachers enjoyed to the core. This was followed by a sumptuous lunch which was savoured by all.

The day came to an end with hot beverages served with snacks. The teachers went back refreshed and rejuvenated. The teachers thanked the management for their gracious gesture in organizing such a wonderful outing. It was a day well spent and cherished by the JHPS fraternity.

RELIVING THE MOST MEMORABLE MOMENTS

The Alumni meet of Jubilee Hills Public School was organized in the school auditorium on 24th December, 2016. The annual get together witnessed a large number of alumni, interacting with each other, reliving the most memorable moments of their years in the school. The nostalgic evening began with the Vice President of the Alumni association, Mr. Srikanth, welcoming the gathering.

Addressing the function, the Principal, Ms. M. Varalakshmi welcomed the alumni and said that it feels great that JHPS has given a platform to its students to meet each other once a year. The Academic Director, Ms. G. Sree Devi, greeted the alumni, thanked them for coming and asked them to come next year, renewed and rejuvenated.

Ms. G.Durga, the Alumni Coordinator and Secondary Headmistress, asked the students to do something for the school and the society. The Vice President added that the Treasurer, Mr. A. Akarsh, has also been a great support to the alumni. In all, the ambience was electric, with people seen chatting and catching up with each other. The meet ended with a promise to meet again next year and everyone bid an emotional farewell to each other.

The Alumni meet of Jubilee Hills Public School was organized in the school auditorium on 24th December, 2016. A number of Ex students and teachers graced the occasion making it a memorable event. The main

aim of our alumni meet is to give students the opportunity to reunite with their old friends and teachers. Every year our students come back

to their Alma Mater and share their past experiences as well as their present occupations.

ART AND BOOK EXHIBITION 'BOOKS ARE GREAT COMPANIONS'

The school had its "Open-House Day" on 18th March, 2017. Book exhibition was held on this occasion to encourage the students and inculcate reading habit right from the early days of schooling this in turn will enhance their knowledge. Parents and students selected many good books from the exhibit.

An art exhibition displaying the students' works of art was organized to encourage the students and to enhance their self esteem. The exhibition was inaugurated by the Chairman, Sri. A.Murali Mukund.

Art work on Canvas painting, Poster painting, and Craft work (thermocool plate decoratives-wealth from waste) were displayed. Charcoal drawings with landscape as the theme mesmerized the parents. This painting showed the creativity of the students and was appreciated by everyone.

Book exhibition was also held on this occasion.

Parents shared their happiness and also appreciated the efforts of the management and the teachers leading to the holistic development of the children and the success of the school.

YOGA FOR FITNESS

The school celebrated 'Yoga Day' on the occasion of International Yoga Day on June 21st, 2016. The Yoga Instructor, Ms. J. Sandhya Rani, M. Sc in Psychology and Yoga conducted the session. She said that yoga helps improve memory and concentration. She started the session by demonstrating some warm up exercises and Pranayam. Later, a separate session was conducted for the students of Classes VII and VIII. Ms. Sandhya demonstrated various asanas and spoke about their benefits.

The Principal, Ms.M.Varalakshmi said that Yoga helps to imbibe discipline. It is a mental, physical and spiritual practice that needs to be practiced every day. She requested the students to promote the importance of Yoga amongst friends and family members. The students participated enthusiastically in the session.

Warm-up exercises

KALAM QUIZ CLUB

The School quiz club named after our beloved President late Dr. APJ Abdul Kalam is set up with a view to encourage children to be more inquisitive and sharpen their quizzing skills. Students from classes VI to VIII are selected through a screening test. Kalam Quiz Club has conducted quiz on various occasions like Independence Day, Republic Day, etc. The quiz competition is open to all the students of a given category. A screening test is conducted to select finalists. Students also participated in Avishkar quiz conducted by the Central Board of Secondary Education. This year the club conducted quiz announced by CBSE like Constitution Day quiz and National Voters Day Quiz. The winners were awarded certificates on Republic Day.

WORLD DAY AGAINST CHILD LABOUR- A SIGNATURE CAMPAIGN

The School celebrated 'World Day against Child Labour' on 11th August, 2016 as per the CBSE directive.

The International Labour Organization focuses on Child Labour in the supply chains. Supply chains are the sequence of activities/ processes involved in the production and distribution of a product. With globalization, supply chains have become increasingly complex. Child labour occurs largely in supply chains where the work may be done in small workshops or homes, and often goes undetected by firms at the top of the chain. Inadequate education systems heighten these risks.

In order to raise awareness among students and their local community about the fact that, violation of child rights is preventable, the students of Classes IX & X performed a 'Nukkad Natak' in Hindi with the theme 'Human Rights and Social Justice for child workers' in the school assembly. A signature campaign

was organized in the school to spread awareness. The Students were successful in getting 1000 signatures from students, teachers, parents and Local community members to bring awareness about the issue.

The Principal, Ms. M. Varalakshmi appealed to the students to spread the awareness about child labour.

PARENTS' DAY - Classes I to V

To be a good father and mother requires that the parents defer many of their own needs and desires in favour of the needs of their children.

By James E. Faust

Co-Scholastic Activities

Seasons

Parents make a family, which forms the fundamental concept and the first institution of love for a child. Bringing up a child in a proper way is really a great responsibility. Parents take up a huge responsibility in formulating the child's behaviour. They sacrifice their entire life for nurturing this relationship. Such a selfless service rendered throughout their life for the child, deserves some importance.

That is the reason 'Parents Day' is celebrated at Jubilee Hills Public School every year. This day is marked

by a grand celebration. The school believes that dedicating a single day of the year to the parents provides the children an opportunity to thank and acknowledge their love and effort. The most important aspect is that every child from classes I to V participates to make his/her parents understand how grateful they are for having such lovely parents. They try to adopt every method with co-operation and bonding to make their parents feel special and convey their feelings. The school promotes the message that the role of the parent is important in human development and this

requires investment, focus, and commitment.

Every year the parents wait for this memorable day to watch their children perform.

Parents are thrilled to see the exemplary performances of their children and are thankful to the Management.

Valuable words of the Dignitaries

The Chairman Sri. A. Murali Mukund applauded the children for their wonderful performance, confidence and their team spirit. He emphasized that children need to be made aware of the culture, bonding with family and friends. He said that the school believes in the overall development of each and every child. He mentioned that participating and performing in Parent Day programme imparts knowledge to the students which will help them in future. He told that parents need to teach values to children and must become good role models for the children. He also said that only when school and parents work together, good results and progress will be achieved.

The Principal, Ms.M.Varalakshmi conveyed that money can be earned in anyway, but, helping others with the money we have, is the prime necessity and also claimed that JHPS students are practically taught to help the poor and the needy.

The Academic Director Ms. G.Sree Devi mentioned that behind every successful man there is a woman but behind every woman are many people who help her to progress in life. She requested parents to teach their son's to be more sensitive to the women and always help the women and society to grow.

The Headmistress of Primary School Ms. Sonia Nagpal mentioned that achievement comes to those who have a desire, dreams in their heart, work in a planned manner, and work with honest devotion and the perseverance to carry on the job until the ultimate desire gets fulfilled. She also mentioned that boys and girls have to be given equal opportunities to make their choice of what they want to be, with proper guidance from parents and teachers.

Parents cherished the beautiful annual day presented by children. They were overwhelmed and appreciated the hard work, commitment and zeal of the management and staff to make the parent day very effective. Parents also expressed that their children's future is in the right hands to make them creative and wonderful human beings.

SPEAK OUTS

— Class IX and X —

Q. Should children below the age of 18 (between the age group of 16-18) be given the license to drive?

Children below the age of 18 should not be given the license to drive as they do not have the required mental maturity to handle the various challenges on the road. They also lack decision making especially at crucial moments.

Aman Rasheed-X B

Children should be given the license. If the license is given at an early age, they get better experience so that they can avoid accidents later on.

Ainesh Sanyal-X C

Children below the age of 18 should have a beginner's license. Now a day's both the parents are working, and children being alone at home may need to use the vehicle during an emergency.

Ridhee Bonda-IX B

In case of an emergency if family members or friends are hospitalised these driving skills come in handy in supporting and attending healthcare. So children below the age of 18 should be given a license.

Komal Aditya-IX B

— Class VIII —

A lot of students have started to learn driving by the age of seventeen. If they are trained properly and given the correct method of learning, accidents can be avoided. So children below the age of sixteen should be given a driving license or a learner's license.

Sreeja-VIII A

No, students must not be given a driving license now-a-days there are lot of accidents by children because of rash driving. Teenagers are prone to accidents. This should not be encouraged. They must not get a driving license and must not be allowed to drive.

Khyati-VIII A

No, I feel the children under the age of sixteen years should not get a driving license, because at this age they want to drive fast. It is a type of enjoyment for them but at eventually for this enjoyment they may lose their life.

Dhrutika-VIII E

I think children under the age of sixteen years should be given a driving license. This is the age where they want to experience new things in life, but they should be supervised by parents.

Medhansh-VIII C

AVIATION –AIMING TO FLY HIGH

The aviation industry is an upcoming industry which provides lucrative jobs to youngsters. H M Aviation Pvt. Ltd. is a leading organization of this industry which provides various career opportunities in the field of aviation. Captain Kenneth Bruce and Captain Surpreeth Singh of H M Aviation Pvt. Ltd conducted a career counseling workshop on 26th October, 2016 for students of classes XI and XII in our school. The students were guided about the enrolment procedure, course fees, basic pros and cons of the job, etc. The enlightening session truly inspired all the students and opened up another interesting career avenue for the students.

Captain Surpreeth Singh Taneja and Captain Kenneth Bruce

CULTURAL ACUMEN

Professor Dan Sheffield's Address

Professor Dan Sheffield Professor Near Eastern Studies, Princeton University conducted a workshop on 26th July 2016 on the topic 'Cultural Intelligence'. He enriched the students with the concept of cultural intelligence that helps them become global citizens. In the present day world countries are globally interlinked and are highly interdependent on each other. In order to keep pace with the demands of economic interdependence it is expected that the future citizens should overcome the cultural differences of individual countries and must move ahead with their broadened visions and open mindedness. The session was an eye opener and enlightened the students with new ideas.

MODEL UNITED NATIONS – 2016

The BVBJHMUN 2016 was held in Bharatiya Vidya Bhavan Public School, Jubilee Hills from 26th to 28th, August 2016. Students of our school participated in this program. The program commenced with the opening ceremony where the Chief Guest enlightened the delegates with his words. The delegates of different committees like The Disarmament and International Security Committee, (DISEC) United Nations Office on Drugs and Crime(UNODC) International Civil Aviation Organization(ICAO) United Nations Commission on the Status of Women (UNCSW) and Jewish Community Center(JC) discussed and drafted a resolution for the issues given

Participants at BVBJHMUN 2016

to them. BVBVJHMUN witnessed an amazing spectacle of tireless enthusiasm as the delegates were prepared to defend their countries under any circumstance. The MUN concluded with the closing

ceremony and the Secretary General declaring the conference closed.

The overall experience was immensely enriching.

LET'S ALL DO OUR SHARE TO CONSERVE WATER WITH CARE

Jubilee Hills Public School has always been committed to sensitizing its students on issues relating to environmental degradation. It encourages its

students to be pro-active towards sustainable development in the given milieu.

In the present scenario, the water crisis has become severe crisis and there is a dire need of reform in water management system and revival of traditional system.

Keeping this in mind, the school has set up a rainwater harvesting plant on its premises to fight water woes. The water gets accumulated which is then supplied to the borewell using a pipeline. This presentation of facts and experience brought an awareness among the students to save water and how to minimize the usage of water in this critical situation.

Rain Water Harvesting Pit

CAREER GUIDANCE FAIR - USA UNIVERSITIES

A 'Career Fair' was conducted for students of classes X to XII on 26th August, 2016 by Mr. Ganesh Kohli, counsellor, KIC University Assist. Mr. Ganesh Kohli, counsellor, KIC University Assist, explained in detail about the education system, the courses and the process of admission to the universities in the United States of America.

Representatives from Universities like Alfred State, The State University of New York College of Technology, California State Polytechnic University, Pomona, Capitol Technology University, Edmonds Community College, Embry-Riddle Aeronautical University, Florida International University, IOWA State University of Science and Technology, Millersville University of Pennsylvania, New York Film Academy, Portland State University, University of California, San Diego, University of Michigan-Flint,

University of Oklahoma, The University of Toledo and Wake Forest University addressed the students and briefed them about the various courses offered by their Universities.

An interactive session with the representatives of the Universities was organized for the students to identify their right career choices.

CAREER COUNSELLING FAIR- A VOCATIONAL EXTRAVAGANZA

The Career Counselling fair, an educational workshop for the session 2016-17 was held on 29th July 2016 by Ms. Maya Aripirala Head, Corporate Relations and Business Development at PAGE who gave valuable information regarding various career options available in various streams. She illuminated the students with different career options like Engineering, Medicine, Biotechnology, Design, Architecture etc. and talked about the entrance exams, application deadlines to universities and enlisted the renowned colleges in each field. An aptitude test was also conducted regarding verbal ability, quantitative skills, logical reasoning and creativity. The session proved to be edifying and beneficial to the students.

Mr. Nageshwar Rao, DGM of RBI addressing the students'

AN EDIFYING TRIP TO RBI

The students of classes XI and XII attended a workshop on financial literacy conducted by Reserve Bank of India on 19th August, 2016 in order to get first hand information about RBI and its functioning.

Mr. Manas Mohanty, General Manager, Financial Inclusion and Development Department gave an introduction about the functions of the RBI, its importance, financial inclusion, financial literacy, risks and returns. He stressed on the importance of planning and taking smart decisions. He concluded his speech with three golden words – 'Learn, Earn and Give'.

Ms. Geeta Giddi, Assistant General Manager of RBI Hyderabad gave an insight into the formulation and review of the monetary policy, effects of inflation, economy and how it must be controlled from time to time.

Mr. Nageshwar Rao, Deputy General Manager of RBI, enlightened us regarding the financial awareness and customer relation activities carried out by the RBI officials. He also explained about the Banking Ombudsman Scheme which was extremely intriguing.

The workshop concluded with an interactive session. The students thanked the school for giving them such a wonderful opportunity and also expressed their wish to attend many more such sessions in the future.

Mr. Manas Mohanty, General Manager, FIDD having a talk with the students'

CAREER GUIDANCE

A Career Guidance Workshop was conducted for the students of class XII on 3rd December, 2016. Mr. Vishnu, an Indian representative of Asia Pacific University, Japan informed about the various courses offered by the university. He explained the process of admission, application deadlines and fee structure. He also said that Japan has a low tuition fee and a reasonable living cost. For International student fees there are many scholarship programs to assist them financially.

The workshop was beneficial and informative for the students.

Ms. Anuradha Reddy, Convenor, Hyderabad Chapter and Co-Convenor, Telangana Chapter with the Incharge

THE EMERGING DIRECTORS- INTACH FILMIT FESTIVAL

INTACH Hyderabad, the Indian National trust for Art and Cultural Heritage has initiated a multi-cultural project to create awareness among students for preserving the Indian Heritage and Culture, the natural legacy of India by giving a platform to the young generation to showcase their talent through 'Filmit India Film Festival'.

The Award ceremony took place at Jubilee Hills Public School, on 17th February, 2017, with students from different schools sharing their enriching experience on making films. The project has uploaded more than 3000 films on the website.

The Principal, Ms. M. Varalakshmi said that JHPS was happy to host the project and welcomed all the participating schools. She stated that this project would help the future generations to remember and cherish their experiences making a film. She wished them all the best.

The dignitaries present for the occasion were Mr. Chandrashekhar Singh, Mr. Anurag Singh, Pulkita Parsai and others graced the occasion. Jubilee Hills Public School was awarded the 'Best Narration Award' for 'Lost Glory of Ancient India' a film made by the students. The other schools also were awarded for their best movies in different categories. The emerging directors took an oath to save the heritage of the country.

Participants from different schools

CUBISM PAINTING- THE ART DEPARTMENT

Mr. Prashanth Chary conducted a workshop on cubism painting for the teachers of the Art Department. He dealt with Cubism theory and how it became popular. He spoke about outline drawing and composition of figures with thick layers of paint.

He started the session with a method which required a lot of theoretical preparation. The teachers were taught preparation of drawings and compositional values. He then showed the teachers how to make a picture using cut lines and triangular shapes. After completing the outline drawing, he demonstrated the methodology of doing layer-by-layer colouring. He then went on

Resource person, Mr. Prashanth Chary

to explain the technique of creating texture and blur effects in a painting.

The 'Art-attack' was enjoyed by all the teachers.

Resource person, Mr. Sandeep

KIPS CURRICULUM- THE COMPUTER DEPARTMENT

An in-service training programme for the Computer Department was conducted by Mr. Sandeep, Area Head of KIPS Publishing on June 8, 2016. The workshop was held to update the teachers with the KIPS curriculum

Mr. Sandeep introduced the session with motivational thoughts using a PowerPoint presentation.

Mr. Sandeep said that teachers should always act as leaders and help the students set a goal and also motivate them to achieve their goals. Then he focused on curriculum training. He said that teachers should ensure that students learnt the concepts in a practical way, rather than memorizing the concepts. He also stressed that the entire curriculum should focus more on practical skills.

Later, he demonstrated the new features that were included in the KIPS software like Consolidate Your Learning and Interactive Classroom Learning. The latest version of the software was handed over to Ms. M. Aparna, Head of the Department. Mr. Sandeep concluded the session by saying that computer teaching is a blend of both theoretical and Practical skills.

CONTEMPORARY DANCE- THE DANCE DEPARTMENT

A workshop on contemporary dance was conducted for the Dance Department teachers on 8th June 2016. The resource persons, Mr. Sri Raj and Mr. Dhan Raj, choreographers in the contemporary style gave an elaborate explanation on techniques of various contemporary styles. The resource persons explained that contemporary dance draws from both classical ballet and modern dance. In terms of its technique, contemporary dance tends to combine the strong and controlled leg work of ballet while modern

dances stress on the torso. The dance teachers learnt the basics of contemporary dance and were also given tips on how to teach the students the same.

Resource persons, Mr. Sri Raj and Mr. Dhan Raj

APPRECIATION OF POETRY- THE ENGLISH DEPARTMENT

An in-service Training workshop for the English Department teachers was conducted on 10th June, 2016 by Ms. Geeta Rajeevan, Senior Secondary English Teacher.

She discussed Appreciation of Poetry and the technique to teach poetry.

Ms. Geeta started the session by asking teachers the difference between prose and poetry. She explained that poetry is an expression of feelings and prose is something to be read and understood.

The teachers were taken through innovative ways of teaching poetry in the class.

The session concluded with an interaction where thoughts were shared and ideas exchanged.

DEPARTMENT OF HINDI

An in-service training programme on skill development was held for the Hindi department on June 8th 2016. The resource person was Ms. G. Kiran, State Resource person for Teachers Training, S.C.E.R.T, Hyderabad, and A.P. She gave a presentation on Grammar concepts.

Ms. Kiran focused on the four skills namely, Listening, Speaking, Reading and Writing for the

holistic development of the child. Apart from these, she also dwelt upon other new skills like creativity and appreciation, which would help in the development of the child. She said that in her school listening and speaking skills are combined together and the parameters taken into consideration are expression, tone and speed. Book reviews are conducted in order to improve reading. She said that it is the moral responsibility of the language teachers to teach according to the given methodology. The knowledge of the students should be constantly enhanced. In order to do this, students should be encouraged to express their views. Basic values, art and culture should also be given priority. Teachers and students should both play the role of speakers and audience and interact with each other. Feelings of peace, non-violence, justice, freedom, creativity and awareness about the constitution should be inculcated in the students.

The session was very informative and helped the teachers to plan proficiently.

PHYSICAL EDUCATION

A workshop on 'Dealing with Childhood Obesity' and Talent identification was conducted on June 8, 2016, for the teachers of the Physical Education Department by Dr. Surya Kumari, Head of the Department, Narayanamma Institute of Technology and Science. Addressing the teachers, Ms. Surya Kumari said that not only parents, but PE teachers, the school administration and the health care providers are responsible for the overall health and well being of

the students. She asked the Department to ensure that physical activity for students is increased and classes before and after school hours be conducted. This she said will help in building the strength, endurance, flexibility and speed of the children.

Comparing the data of students playing sports in the last 20 years, Ms. Surya Kumari said that the percentage has come down from 80% to 20%. The workshop threw light on the problem of childhood obesity and talent identification and was appreciated by the teachers of the Physical Education Department.

ICT APPLICATION IN LIBRARIES- THE LIBRARY DEPARTMENT

An in-service training programme was held for the Library Department on 8th June, 2016 on the topic ICT Application in Libraries. The resource person, Dr. Murali Prasad, Librarian, Centre for Economics and Social Studies (CESS), Hyderabad, conducted the session.

The following points were discussed: Information and Communication Technology (ICT) has become vital in present day libraries. Automation of library helps us to provide better services to the users. Open source Library professional softwares like KOHA, New Gen Lib can be used for automation. New Technology of security systems like Barcode, RFID, Tattle Tape, and Biometric

Resource person, Dr. Murali Prasad

can be implemented in the library. RFID is very effective for library security as well as stock checking. But it is very expensive and the chips which we use in this system can be tampered easily. Bar-coding system for books can be used for in house operations like issue and return of books which will be easy and faster. Stock checking also will be faster. Along with bar-coding system, Electromagnetic tapes can be used for security purpose.

Resource person, Dr. Hemanth Rao

MATH MADE EASY- THE MATHEMATICS DEPARTMENT

Dr. Hemagiri Rao, M.Sc. M. Phil and Ph.d in Applied Mathematics from Andhra University, Vishakapatnam, conducted an in-service workshop for the teachers of the Mathematics Department on June 8, 2016.

Dr.Rao said that teaching is always interactive and the teacher should teach according to the students' requirement. He emphasized that the teacher should always encourage the students. He also said that he prefers calling teaching methodologies as strategies and that there is no hard and fast rule that we need to teach in a particular manner. Here he gave the example of cricket, which has the 20/20, 50/50 and test match format.

He spoke about Blooms Taxonomy and discussed it to focus on higher order thinking skills such as analyzing and evaluating concepts, processes, procedures and principles rather than just remembering facts. He emphasized that there should be question paper

analysis committee to check the question papers set by the teachers. He said that while setting the question paper, the teacher should see that the average student scores at least passing marks, the above average student secures 50-60 marks, good student secures 70 marks and excellent student secures 80 marks and more than 80 marks are scored by students who refer to reference books other than textbooks.

Dr.Rao advised the teachers to take care of slow learners by giving different assignments keeping in mind their requirements and suggested that it is better to place them in groups with varied levels of students so that they can get more practice. Then he discussed a few teaching methodologies like lecture cum discussion method which is commonly used and another important method which every teacher has to use is the cooperative and collaborative learning process in which the teacher acts as a facilitator. The three techniques of cooperative and collaborative learning process such as Jigsaw, Puzzle, Think Pair and Share methods were discussed by the resource person. He said that this method is important because students learn more in teams and in turn they also learn how to work in teams.

All through his session he interacted with teachers and used statistics, set theory and relations to make the teacher understand the concept.

The teachers gained insight into more effective ways of teaching Math and thoroughly enjoyed the session.

MUSICALLY YOURS- THE MUSIC DEPARTMENT

The Music Department had an in-service training programme on June 8, 2016. The resource person was Ms. C. Laxmi Prasanna. She dealt with the various techniques of teaching music in the class and also focused on the keyboard.

After sharing views on lesson plans, events and programmes, the resource person discussed various methods of teaching music. She said that the students should be inspired to be good lyricists, composers and musicians. Fun activities can be used to teach rhythm. Ms. Laxmi Prasanna emphasized on the importance of explaining the meaning of the song before teaching it. The students should be made to practice Alankaras for five to ten minutes. She also said that maintaining eye contact with students was very important.

Resource Person Ms. C. Laxmi Prasanna

The resource person then went on to explain the methods that can be used to teach kindergarten and primary children the basics of music. Students should be shown various musical instruments so that they are familiar with them. Many activities should be incorporated in order to make learning fun.

The session was informative and was appreciated by the teachers.

EFFECTIVE TEACHING

Effective teaching is a prerequisite for teachers today. Effective teaching is more than just the successful transference of knowledge and skill or application around a particular topic. It ensures that this surface approach to learning is replaced by deeper, student driven approaches to learning that analyse, develop, create and demonstrate understanding. Students need to initiate learning and maintain engagement during learning in their development as independent lifelong learners.

Keeping this in mind, regular in-service training workshops are conducted in Jubilee Hills Public School where subject expert resource persons are invited to conduct workshops for the various departments. An in-service training for Science teachers was conducted on 8th June, 2016 by Mr. Pankaj Kumar Tewari, M.Sc Physics, Deputy Director in Insurance Regulation and Development Authority and an enthusiastic educator on this topic.

The session was about different aspects of teaching Science and dealing with different situations in the classroom. Mr. Pankaj Kumar

explained that a teacher should have the passion to teach Science and boost a student's interest in the subject. He said that the role of a teacher in imparting knowledge is immense.

Science is all about logics and facts. He explicated that each student should think logically. A teacher should allow the student to interact, discuss and participate in the class activities. The students should be able to express their doubts without fear and this can happen if the teacher encourages the students and keeps motivating them throughout the year. He advised the teachers to use real life examples to evoke scientific temper in the students.

Resource person, Mr. Pankaj Kumar Tewari

INDIAN FREEDOM STRUGGLE

Professor Atlury Murali, M.A. M.Phil, Ph.d (History), Central University, Hyderabad conducted a workshop on 8th June, 2016 for the Social Science Department on Indian Freedom Struggle.

Professor Murali gave an insight into the struggle for Independence. He dealt with the definition of Nation State and said that India cannot be called a nation state even today because the major elements of a nation state such as racial unity, geographical unity, structure and economic uniformity are not satisfied in India to a larger

extent Professor Murali also said that representation from the provinces, secularism and linguistic division play a major role in building Nationalism.

Professor Murali briefed the teachers about the five elements

with which Gandhiji tried to bring in unity and fought for the freedom of the nation. He suggested many reference books which can be used as a resource in the teaching-learning process.

Resource Person, Professor Atlury Murali

DEPARTMENT OF TELUGU

An in-service training for the Telugu department was conducted by Mr. L. M. Prasad, State Government, and resource person on 8th June, 2016. He is one of the writers of Telangana State textbooks. He started the session by explaining the methods of teaching the new textbooks printed by the Telangana State. He suggested reading the lessons given in the textbooks before preparing a comprehensive and interesting lesson plan. In order to follow the process, a teacher needs minimum 10 periods. He also emphasized on teaching poetry so as to develop creativity in students.

Resource person, Mr. L M Prasad

EFFECTIVE METHODS OF TEACHING - SOCIAL SCIENCE DEPARTMENT

An in-service training programme for the Social Department on effective methods of teaching Social Science was held on June 10th, 2016. The resource person was Ms. Bhuvana Ram kumar.

The resource person introduced the topic through storytelling, enactment, role play, practical experience and conversation between two characters of the topic. He stated that values were a part and parcel of a lesson. He asked the teachers to teach based on grade level. He said that the value of reading books must be inculcated in the child. Activities like map work, group work, comparing current situations or developments with that of ancient or medieval period should be interspersed in order to make the lessons more interesting. Debates should also be held to help the students develop their oral and communicative skills.

The resource person said that intra-disciplinary and inter-disciplinary projects will help the students relate one subject to another. Also, surveys based on activities like conducting interviews also can be included.

EMPHASIZING LEARNING BY DOING - SCIENCE DEPARTMENT

An in-service training programme for the Science Department on Learning by doing was conducted by Ms. Anusha Sahi, a senior faculty member of Educational Research Design and Training team of Teachers, SITY.

According to her, the teacher is the one who engages, explains, explores, elaborates and then evaluates the students. She insisted that the teachers should emphasize learning by doing and present the subject as a way of finding out rather than a body of facts to be memorized. She said that field trips and lab activities inculcate inferential reasoning skills among the students. The workshop focused on positive effective teaching with different tools, importance of interactive teaching and learning process that creates interest in Science.

Overall, the sessions were informative and armed the teachers with a lot of useful techniques to facilitate classroom learning.

Resource person Ms. Anshu Sahi

ENHANCE THE LATERAL THINKING OF THE CHILD TO REACH THE SOLUTION - MATH DEPARTMENT

The workshop for Mathematics teachers was conducted by Ms. C. Jayashree Vipin, Vidyashram, Chennai.

She started the session by saying that the main objective of teaching Mathematics is to enhance problem solving skills. She said that while teaching a concept one should keep the following things in mind.

- Move from Simple to complex
- Introduce a problem with only one characteristic then with two and so on.
- Have more discussion on how they have arrived at the solution.
- Try to give the problem in different ways so that the child thinks in and out of the box and come out with various answers. Try to present the problem in different ways so as to enhance the lateral thinking of the child to reach the solution.

She gave the following steps to teach Mathematics effectively:

- Teaching of any topic must cultivate curiosity in the student.
- It must provide conceptual clarity.
- It must be contextualized so that the student can relate it to real life situation.
- It must cater to the needs of different types of learners.
- Students must be able to collaborate learning with other disciplines.

THE TIMES NIE PRINCIPALS' MEET

The Times NIE seminar took place on 5th April, 2016 at Park Hyatt, Hyderabad. The workshop was attended by the Principals of top schools of Hyderabad. The Principal, Ms. M. Varalakshmi and the Academic Director, Ms. G. Sree Devi attended the workshop. The main objective is to focus on the emotional and cognitive development of children and to adopt practical teaching methods rather than sticking to routine class work.

The five key points highlighted in the seminar are sharpen the future of students, including inculcating in them, self-confidence relatedness, capacity to communicate and cooperate and the ability to accept and learn from mistakes. Students spend a majority of their time in school so their curiosity should be encouraged.

The Principals of various schools discussed how the contribution of parents was important in developing abilities of students. Now a days, the root cause of emotional instability among students is the environment and culture that they grow up in and

schools are constantly making an effort to develop a positive climate. The contribution of parents is equally essential.

The seminar came to an end with reiteration that education shouldn't just be only exam- centric and that students should be encouraged to learn freely and allowed to learn anything. Students will learn more in such a way and not in a structured way where there are exams.

It was a fulfilling session and a platform to share knowledge and collaborate on education.

Principal, Ms. M. Varalakshmi at the Times NIE Principals' meet

Creativity at the best

Mr. Sohel's Address to teachers'

DEVELOPING CREATIVITY

A Workshop on 'Creativity' was conducted for teachers by Michel Sohel, Creativity and Innovation Consultant and President, Maarij Web Solutions India Pvt. Ltd. on

19th April in the school premises.

'Creativity' is the capacity within individuals to think of new ideas. He spoke about patterns of thinking and learning. He said that creative development happens when the input is processed and a new output is created from it. To develop the

capacity to create in a child, skills like writing, expressing and drawing should be developed.

The latent creativity in students has to be brought forth and the capacity to think 'out of the box' has to be developed so that the lateral thinking capacity can be used to develop innovative ideas and design. This will help them manage tough situations in their lives. He advised the teachers to stimulate creativity and teach through strategies like Collaborative learning, Interactive Teaching, Problem Based Learning as well as by visiting public places.

The session was interesting and informative.

UNDERSTANDING CHILDREN WITH LEARNING CHALLENGES

A workshop on understanding the mental health of children with learning challenges was conducted on 7th June, 2016 by Ms. Rani, Special Educator and Ms. G. V. N. Gayatri, School Counsellor. Ms. Rani focused on Dyslexia. She explained the causes and symptoms of Dyslexia. Teachers were guided on how to deal with children with learning disabilities. Types of learning disabilities such as dyscalculia, dysgraphia, auditory processing disorders and visual processing disorders were explained in great detail.

The teachers were also given some activity sheets based on how a dyslexic child perceives letters, words and sentences. The teachers gained valuable knowledge about the special needs children.

SWAYING TO ZUMBA

A Zumba session was organized for the teachers in the Auditorium on April 21, 2015. The Latin-inspired dance workout is one of the most popular group exercise classes in the world. Working up a sweat in the 60-minute classes burns an average of 369 calories. The high-energy classes were set to upbeat music. Grooving to the beats of fast paced music, the teachers of JHPS performed the Zumba.

The instructors Navin and Jyoti spoke about Zumba and its advantages and then guided the teachers through a maze of intricate steps. The air

reverberated with pulsating music and the teachers performed the steps with ease. Everyone enjoyed the session.

WORKSHOP ON UNPACKING ECE CURRICULUM

A workshop on "Unpacking ECE Curriculum" was conducted for Pre-Primary teachers on 12th July, 2016 by Ms. Indira Nancy from New Zealand. The session started with the introduction of the teachers. It was an interactive session which emphasized on the holistic development of the child through play and exploration.

The Early Childhood Curriculum (ECE) emphasizes on the learning partnership between teacher, parent and the child. The five essential areas of learning like Well-being, Belonging, Contribution, Communication and Exploration are their goals. The following Empowerment, Holistic Development, Family and Community Relationships are the broad principles of the Early Childhood Curriculum which were discussed at length.

Ms. Indira Nancy had given tips to overcome the hurdles during the transition period from LKG to UKG

and UKG to First grade at the end of the academic year.

A new concept should be introduced with safety measure length. Especially, before using Discovery table and performing Experiments 'Do's and Don'ts' should be explained to the children, as the child is allowed to explore.

Fire Drill awareness programme can be conducted for Pre-Primary students also. She spoke about different learning corners like, Sensorial, Activities, Math, Eve, Reading, etc.

The teacher acts as a facilitator who provides the learning ambience for the child to explore, expand, explain and evaluate the concept on a regular basis.

It was an excellent and informative workshop.

BUILDING CAPACITY - CCE

A two day CBSE workshop on CCE-Capacity Building was held on June 17th and 18th 2016, in the school exclusively to train the teachers of the school. The workshop was conducted by CBSE Master Trainers, Ms. C. Rama Devi, Senior Principal, Bharatiya Vidya Bhavans School, Jubilee Hills and Ms. M. Varalakshmi, Principal of the host school.

Sri. K. Krishnadev Rao, President, Jubilee Hills Education Society, the Chairman, Sri. A. Murali Mukund and the Academic Committee Chairman, Sri.T.Harischandra Prasad graced the occasion. The goal of CBSE is to train teachers in Scholastic and Co-scholastic areas, Gender Sensitivity, Bullying, Attitudes and Values as well as help in effective implementation of the scheme for greater learning achievement. The session began with an individual activity for the teachers to gauge their understanding of CCE.

An in-depth study of the meaning, features, tools and technique of the Formative Assessment was done through different activities. The teachers gained knowledge on how to make rubrics to evaluate the quality of a student's work. The post lunch session started with a discussion on Summative Assessment,

Ms.C. RamaDevi,Senior Principal,
Bharatiya Vidya Bhavan,Jubilee Hills with dignitaries

its meaning and features. The technique in presenting questions, probing and shifting interaction were the points discussed with various examples.

The second day was dedicated to Summative Assessment wherein the teachers were re-acquainted with Bloom's Taxonomy which lays stress on the art of asking questions. The importance of 'Higher Order Thinking Questions' were discussed. Teachers sat in groups, analyzed a question paper as well as understood the Typology of Question Paper. Later, they designed a Summative Assessment question paper. The relation between scholastic and co-scholastic areas, understanding the concept of Gender Sensitivity with the help of 'Role Play' and the approach to become a gender sensitive teacher was also discussed.

The workshop was very informative and contributed to the teachers' knowledge.

SELF EXPLORATION THROUGH HEARTFUL MEDITATION

Heartfulness Meditation is about feeling the lightness and joy of our true nature and expressing it in our hearts. A Heartfulness guided relaxation session was conducted for teachers from 25th to 27th July, 2016 to help them relax and feel a lightness of spirit.

The session was conducted by one of our JHES members Sri. G. L. Rao, a retired engineer who has twenty years of experience in organising sessions of meditation. He was supported by Uma Subramanyan and G. Parimala.

Sri. G. L. Rao said that the meditation is not age bound irrespective of religion. These sessions enhance the ability of the individual to regulate his/her body. He mentioned that regular meditation is a better method to deal with stress and to keep one's mind calm and peaceful.

Ms.Uma Subramanyan stated that this system of heartfulness is elegant and simple and is spread over 120 countries. It allows the stubborn mind to come out of ego, jealousy, hatred etc. It is a simple method, just to sit and relax under guided relaxation techniques. She

also said that if a teacher does this meditation it will help the teacher to be creative by introducing various innovative techniques.

The teachers were given a guided meditation where they were asked to relax and focus. They were asked to focus on the subtle idea of lightness in heart and to feel a vibration and energy descending into them. They were asked to imagine that there is a light filling their heart and expanding to capture their attention. This meditation helps one to connect internally and start relaxing.

It was a relaxing session which took the teachers on the path of self exploration through heartful meditation.

Ms.Uma Subramanyan

CBSE CAPACITY BUILDING WORKSHOP- CLASS X MATHEMATICS

Jubilee Hills Public School, Hyderabad, was privileged to organize a two day Capacity Building Workshop for Class X - Mathematics teachers on 24th and 25th October, 2016. The Capacity Building workshop commenced with the ceremonial lighting of the lamp. The Resource Persons were Mr. Durga Kumar Reddy, Academic Coordinator, Vikas Concept School, Hyderabad and Ms. M. Varalakshmi, Principal, Jubilee Hills Public School.

Ms. M. Varalakshmi has 28 years of experience in the field of education, as an academican and administrator. She received the Prestigious National Award from Sri Pranab Mukherjee, the Honourable President of India on 5th September, 2016. She has also received the Prestigious Acharya Devo Bhava Award 2016 for the best Principal by the jury of Brainfeed. She is one of the 11 Principals in India who had participated in the Educational Conclave in Asia Pacific University, Japan in July 2015.

Mr. Durga Kumar Reddy has 27 years of experience in the field of Education in teaching Mathematics and Physics. He received the Best teacher award from the Science

Teachers at work

Principal's address

Olympiad Foundation and was also honoured with a National Level top teacher award by Arrow Publications.

The workshop was attended by 104 Teachers from 58 CBSE schools. The teachers shared their innovative ideas to make the teaching learning process of Mathematics interesting. The Principal, Ms. M. Varalakshmi, the resource person from the host school welcomed the Resource Person, Mr. Durga Kumar Reddy and the participants.

The session began with an objective to stress on the importance of innovative methods of teaching to

overcome the child's phobia for the subject. All the teachers contributed and gave their views on gender sensitization through a role-play and some tips to promote gender equitable environment. The session included talks on encouraging constructivism to enhance student centered learning rather than the traditional method of teaching. The learners should have the freedom of asking questions without inhibitions. Challenging areas and common errors in Mathematics and diverse backgrounds add to the diversity in a classroom and students should be dealt with equity, dignity and integrity.

The workshop mainly focused on making Mathematics the most interesting subject through hands on activities and teachers participated enthusiastically. Overall, it was a great experience which helped the teachers in learning better ways of teaching Mathematics and creating interest for the subject.

PRINCIPAL'S CONCLAVE AT MANIPAL UNIVERSITY

Ink Talks (Teenovators) in collaboration with Manipal University conducted a Principal's Conclave on 8th and 9th November, 2016 at Manipal. The Academic Director, Ms. G. Sree Devi and the Primary Headmistress, Ms. Sonia Nagpal attended the Conclave.

Their itinerary included a tour of the Manipal University and the innovation and research Centre where the students with innovative ideas are encouraged and guided by the professors. They were also informed about the organization 'Active Citizenship by Baal Jana Graha' which helps the students

with civic awareness. The University also has a website called Yourdost.com where one can share problems related professional/personal life with the executives to overcome hurdles in their lives.

The workshop was an eye opener, as they were informed about various organizations that run to make education more realistic and student' better citizens of tomorrow.

QUALITY QUESTION PAPERS

A workshop on designing quality question papers was conducted by Ms. Anupama, HOD Science Department (Secondary) on April 21st, 2016. The main objective of organizing the workshop was to help the teachers become better paper setters. Ms. Anupama dealt with the process of assessment that needs to be done while setting a question paper. This ensures fair representation of objectives. She explained at length the points to be kept in mind while setting the question paper. The session was interesting and informative.

Ms. Anupama, Science Teacher

WORKSHOPS ON LEARNING OUTCOMES AND DEPTH OF KNOWLEDGE

A workshop was conducted by the Academic Director, Ms. G. Sree Devi on 20th December, 2016 emphasizing the importance of learning Outcomes. She started the sessions by showing a video of a Zen dog and asked the teacher's views. She said that learning outcomes must describe what students should know or will be able to do at the end of the lesson. Intended learning outcomes should be about student performance.

She also said that SOLO taxonomy is a means of classifying learning outcomes in terms of their complexity, enabling to assess students' work in terms of its quality but not in terms of number of questions. SOLO taxonomy is used not only in assessment, but also in designing the curriculum. It also

aids both teachers and learners in understanding the learning process.

SOLO consists of five levels in order of understanding: Pre-structural, Uni structural, Multi-Structural, Relational and Extended abstract. She compared SOLO with BLOOMS Taxonomy and said Bloom's Taxonomy has been quite useful as it has extended learning from simply remembering to more complex cognitive structures, such as analyzing and evaluating. However, it has become more useful with the revised taxonomy SOLO which is a model that describes levels of increasing complexity in a learner's understanding of the subject.

A workshop on 'Depth of Knowledge' was also conducted by the Academic Director, Ms. Sree

Devi on 22nd December, 2017. She started the session by asking the teachers on how to create the kind of environment in the class where all students learn at a higher level. She spoke about Dr. Webb's Depth of Knowledge and its four levels (basic level, higher level, solving problems and solutions) of complexity of standards and assignments that help teachers meet the challenge. It measures the degree to which the knowledge elicited from students on an assessment matches the complexity of what students must know and do as a part of the standards.

She concluded the session by speaking about the awareness for the different levels of questions in the classroom. The sessions were informative and resourceful with a lot of interaction and will help the teachers promote student achievement.

Milestone Makers

'A Dream Becomes A Goal When Action Is Taken Towards Its Achievement.'

Success is where preparation and opportunities meet. Success is the result of hard work, learning from failure, loyalty and persistence. A variety of opportunities are given to the students of JHPS to discover their field of interest. Students are given a platform to develop aesthetics, sharpen sensibilities, channelize their energy and ignite interest in various activities.

NCC - An all-round development

National Cadet Corps (NCC) is a youth development movement. The NCC provides opportunities to the youth of the country for their all-round development with a sense of Duty, Commitment, Dedication, Discipline and Moral Values so that they become able leaders and useful citizens. Students from our school also participated in various events conducted by NCC and won Laurels to school. Some of the students are Bhavya Mansa, Meghna Saha, K Harsha, Sai Akshaj in the year 2016.

Cadet Bhavya Mansa took part in Thal Sainik camp which was held at New Delhi from 20th September, 2016 to 2nd October, 2016 and she won team gold medal in advance rifle shooting in inter directorate shooting competition organized by director general NCC New Delhi under ministry of Defence.

Cadet Meghna Saha class IX of jubilee hills public school went to New Delhi as part of Andhra Pradesh and Telangana directorate and she was adjudged 3rd all India best cadet. She was in the republic day camp from 28th December, 2016 to 29th January 2017, organized by director general NCC New Delhi under Ministry of Defence.

Sergeant K Harsha, Sergeant Aaryaman Sharma, Cpl. V.V.Karthik and Sergeant Surya Vibhav in Shivaji trekking to camp at Kolhapur Maharashtra organized by director general New Delhi under Ministry of Defence from 29/11/2016 to 12/12/2016.

Sergeant Sai Akshaj, Cpl Bhanu Phani kumar & Cpl Nischel at Narmada trekking camp at Gujarat organized by director general New Delhi under ministry of Defence from 28th November, 2016 to 11th December, 2016.

BASKET BALL

V.Gowtham Vignesh State Basketball Under 14 Captain and National player

- Gowtham Vignesh K of class VIII Participated in State Level U/14 Basketball Tournament and bagged Second Place held at Jawaharlal Nehru Stadium, Warangal from 28th to 30th Novemebr, 2016.He was the captain of Hyderabad under/14 basketball team.

Gouwtham Vignesh. K of class VIII participated in U/14 SGFI 62nd National School games Basketball Tournament held at Rajnandgaon, Chattisgarh from 6th to 10th December,2016.

हिंदी दिवस

जुबली हिल्स पब्लिक स्कूल में 'हिंदी दिवस' बड़े ही हर्षोल्लास से मनाया गया। इस अवसर पर विद्यालय की प्रधानाध्यापिका श्रीमती वरलक्ष्मी जी ने सभी को 'हिंदी दिवस' की शुभकामनाएँ दीं। विद्यालय के विद्यार्थियों द्वारा हिंदी भाषा के महत्त्व को दर्शाते हुए मनमोहक गीत, नाटक एवं नृत्य आदि प्रस्तुत किए गए। विद्यार्थियों द्वारा 'गाँवों का शहरीकरण' विषय पर नुक्कड़ नाटिका भी प्रस्तुत की गई। कार्यक्रम का मुख्य आकर्षण परीक्षा संबंधी हास्य कविताएँ थीं। विभिन्न कार्यक्रमों के प्रति विद्यार्थियों का उत्साह दर्शनीय था।

टी. वी. चाल ऐसी

जय टी. वी. टाइम पास के सागर
जय केबल तिहूँ लोक उजागर,
महाकाय टी. वी. बहुरंगी,
देखे सभी सगे-संबंधी
अलग-अलग चैनल्स की काया,
डाली सब पर अपनी माया,
सास-बहू, नन्द मन बसिहूँ
सबके चरित्र में तुहि सनेहूँ
घर-घर में लड़की खोजहूँ,
'जस्सी' जैसी कोई नहीं मिलेहूँ,
कौन, क्या और कितना चुराये ?
ये हल्ला आज तक मचाये,
जो आपण को खिलाड़ी कहलावे,
वो मैच के मुजरिम बन जावें,
तीनों लोक डिस्कवरी दिखलाते,
भूत-पिशाच मेकअप कर आते,
संकट से संसार छुड़ावे,
मन कर्म वचन ध्यान जो लावे,
तुम्हारे भजन जीवन भर गाऊँ,
हर जन्म में टी. वी. देख पाऊँ।

(आदर्श, कक्षा 9 D)

गरमी के दिन

गरमी के दिन आते हैं
कहीं चैन न पाते हैं
दिन-रात होते गरम
सूती कपड़े लगते नरम
ए.सी.से ठंडक पाते हम,
कितनी भी कुल्फ़ी खाए
वो भी पड़ जाती है कम।
दिन हो जाते बड़े दुर्गम
पसीने से हो जाते नम
सुबह-शाम नहाते हम
शुरु होते मस्ती के दिन
हुड़दंग मचाते छिन-छिन

(Arya bharath, 8 A)

प्रकृति

प्रकृति हमारी घोर निराली,
इससे जुड़ी है दुनिया हमारी।
प्रकृति से ही है धरा निराली,
प्रकृति में फैली है हरियाली।
वृक्ष प्रकृति का है श्रृंगार,
इनको क्यों काट रहा इंसान।
नष्ट इसे करके अपने ही पाँव पर,
कुल्हाड़ी क्यों मार रहा है इन्सान ?
प्रकृति दात्री है, उसने सर्वस्व दिया
मानव ने उसे ही दासी क्यों समझ लिया!
क्यों इतना स्वार्थी हो गया है मानव
अपनी माँ को ही दासी बना, हो गया दानव ?

(P. Shrainya, 7 E)

मुहावरेदार कहानी

एक दिन , ईशा ने सोचा कि क्यों ना आज मैं सबका हाथ बटाऊँ ? उसने अपने इस विचार का श्री गणेश किया अपनी माँ से।

उसने जाकर माँ से पूछा, “क्यों माँ, इतना क्यों काम करती हो कि आपके अंग-अंग ढीले हो जाते हैं ? क्यों ना मैं थोड़ी सहायता करूँ ?” माँ तो इस बात पर फूली न समाई, और सोचने लगी कि आज सूरज किस दिशा से निकला है , कि उसकी आलसी बेटी उसका हाथ बँटाना चाहती हैं? उसने कहा, “बेटा, मैं तुम्हारी इस सोच पर इतनी खुश हूँ कि मेरे पाँव ज़मीन पर नहीं पड़ रहे हैं, ये लो, तुम आलू छीलकर मुझे दो।” ईशा ने अपनी कमर कस ली, और काम करने बैठ गयी। लेकिन यह क्या ! ईशा ने काम पर चार चाँद लगाने के बजाय पूरे काम का गुड़-गोबर कर दिया। इस बात पर ईशा इतना रोई कि उसने आसमान सिर पर उठा लिया। तब माँ ने ईशा को समझाया, ‘बेटा , तुम इतना क्यों रो रही हो ? किसी भी कार्य को पहली बार करते समय फूँक-फूँक कर कदम रखना चाहिए। मुझे पता है कि अगली बार यह काम तुम्हारे लिए बाएँ हाथ का खेल हो जाएगा।’ इस पर ईशा ने रोना बंद करके कहा, माँ मैंने तो सोचा था कि आप मुझ पर आग बबूला होंगी। आप बहुत अच्छी हैं। आप उड़ती चिड़िया पहचान लेती हो। माँ-बेटी ने खुशी-खुशी अपना कार्य पूर्ण किया।

(ASHMITA ACHARYA, 8 F)

रिश्ता

रिश्तों को जोड़ना एक कला है, लेकिन उन्हें निभाना एक साधन है।

रिश्ता एक बहुत ही खूबसूरत एहसास है। रिश्ता वह पहचान है जो एक इन्सान को दूसरे इंसान से जोड़ता है। रिश्तों को कई नाम दिए गए हैं, जैसे - भाई-बहन, माता-पिता, पति-पत्नी, गुरु-शिष्य, दोस्ती, आदि परंतु इन सभी रिश्तों से ऊपर भी एक रिश्ता है ‘इंसानियत का रिश्ता’। इसमें प्यार, अपनापन, विश्वास एवं सहयोग बहुत ज़रूरी है, तभी रिश्ता कामयाब होता है। रिश्ते उस फूल की तरह हैं जिसे अगर प्यार से ना सींचा जाए तो वह मुरझा जाता है। रिश्तों को समझने व खूबसूरत बनाए रखने के लिए त्याग भी ज़रूरी है। हर रिश्ते की अपनी मर्यादा भी होती है।

रिश्ते होते हैं काँच की तरह,
चुभते हैं टूटने पर,
हथेली पर सँभलकर रखना इन्हें,
क्योंकि उन्हें टूटने में लगता है एक पल,
मगर बनाने में लग जाते हैं हजारों कल।

किसी भी रिश्ते की नींव अगर मज़बूत होगी तो रिश्ते में चाहे कितने भी उतार- चढ़ाव आएँ, वह रिश्ते कभी नहीं टूटेंगे। रिश्तों को अनमोल हीरे की तरह सँभाल कर रखना चाहिए, तभी रिश्तों में चमक बनी रहती है अन्यथा उनमें गाँठ पड़ सकती है।

रहीम जी ने ठीक ही कहा है -
रहिमन धागा प्रेम का, मत तोड़ो चटकाय।
टूटे से फिर ना जुड़े, जुड़े गाँठ पड़ जाय।

संबंधों में मिठास ऐसी ही बनाए रखना, हर रिश्ते को प्यार से सजाए रखना।
सुख-दुःख तो आते-जाते रहेंगे, मगर अपने रिश्ते की महक को महकाए रखना।

(Preksha Bandari, 8 A)

पर्यटन

एक बार मैं गया था मुंबई
वह शहर जहाँ एक्टर्स है कई।
खाँ साहब मिले मुझे रास्ते पर ,
चले हम गप्पे मारने एक दुकान के भीतर।
उन्होंने पूछा, कैसे आना हुआ ?
मैंने कहा- वो, हैदराबाद पर्यटन विभाग ने हमें ऑफर दिया।
खाँ साहब कहते हैं - क्या सुनोगे हमारा नया गाना ?
मैंने कहा, हाँ ज़रा सुनाना !
उन्होंने सुनाया —
पर्यटन खुशी के लिए यात्रा है
इस खुशी में बड़ी वाली 'ई' की मात्रा है।
लोग डिस्काउंट ऑफर पाते हैं ,
और दौड़े चले जाते हैं।
न सोचा , न समझा।
बस, ऑफर में उलझा !
पर्यटन खुशी के लिए यात्रा है,
इस खुशी में बड़ी वाली 'ई' की मात्रा है ।
लोगों को खुशी मिलती है बड़ी
यह सफ़र जैसे जादू की छड़ी।
पर्यटन बहुत उपयोगी यात्रा है,
इस उपयोगी में भी बड़ी वाली 'ई' की मात्रा है।
अर्थव्यवस्था के लिए भी लाभदायक,
और लोगों के लिए भी लाभदायक।
लेकिन हमने न यह पहले कभी सोचा, न समझा ,
बस हमारे पागलपन में उलझा !
आखिरकार पर्यटन खुशी के लिए यात्रा है
इस खुशी में बड़ी वाली 'ई' की मात्रा है।
मैं खाँ साहब की बातों में न उलझा,
वही पर उन्हें टोका,
बाय ! बाय! कहा
और चल दिया।
गाना तो था ही हटकर,
पर, मेरे डिस्काउंट ऑफर के लिए था यह जवाब पलटकर !

(Lisa . K, 10 B)

पेड़

आओ पेड़ लगाएँ हम ,
धरती हरी-भरी बनाए हम।
पेड़ हमारे जीवन साथी ,
हम रहे उनके साथी
जैसे दीया और बाती।
दूषित हवा ये लेते हैं ,
शुद्ध वायु ये देते हैं ।
इनका गुण-गान करे हम ,
आओ पेड़ लगाएँ हम।
कुछ तो नहीं लेते ये ,
पर सभी को देते छाया ये।
हमारे हित सब कुछ सहते ,
उनके हेतु हम जीवित रहते।
पत्थर खाते पर फल देते ,
पाठ परमार्थ का हमें पढ़ाते।
उनका गुण-गान करे हम ,
आओ पेड़ लगाएँ हम।

(Mokshag Kiriti, 4 D)

माँ

माँ है प्रीत, माँ है मीत
स्नेह का सागर, माँ ही है।
माँ है आकाश, माँ है प्रकाश ,
जीवन की भोर, माँ ही है।
माँ है बाती, माँ है आरती,
आशा की डोर, माँ ही है।
माँ है सुमन, माँ है चमन ,
जीवन की बहार माँ ही है।
माँ है सरिता, माँ है सविता ,
सुंदर सरोवर, माँ ही है ।

(Anusha Takur, 5 F)

बारिश का मौसम

बारिश का मौसम आया
हम बच्चों के मन को भाया,
'छू' हो गई गरमी सारी।
मारे हम मिलकर किलकारी
कागज़ की हम नाव चलाएँ।
मजा आ गया तगड़ा भारी।
छप-छप नाचे और नचाएँ
आँखों में आ गई खुमारी।
गरम पकौड़ी मिलकर खाएँ
चना खूब चबाएँ।
गरम चाय की चुस्की प्यारी
मिट गई मन की खुशकी सारी।
बारिश का हम लुप्त उठाएँ
सब मिलकर बच्चे बन जाएँ।
(विनायक भारद्वाज, 4 डी)

ईश्वर

ईश्वर सुबह और शाम का नाम है,
ईश्वर ज्ञान के रहस्य का नाम है।
सूरज में किरणें हैं, ईश्वर ऊष्मा का नाम है,
शिखर है, ईश्वर उनकी ऊँचाइयों का नाम है
सागर है ईश्वर उनकी गहराइयों का नाम है
ईश्वर सुबह और शाम का नाम है,
ईश्वर ज्ञान के रहस्य का नाम है।
ईश्वर के इस ओर उजाला है।
ईश्वर के उस ओर भी उजाला है।
उसने ही हम सबको पाला है,
यह ईश्वर ही होता है जो जगत का
रखवाला है।
ईश्वर सुबह और शाम का नाम है,
ईश्वर ज्ञान के रहस्य का नाम है।

हमारी धरती महान

धरती धरती धरती, कितनी महान है यह धरती।
ऊँचे पर्वत गहरे सागर
तान लगाते झरने व इठलाती नदियाँ।
सघन वन और लहलहाते खेत
जो देते अन्न और वनस्पतियाँ
कितनी महान है यह धरती, कितनी महान है यह धरती
हँसते-खिल खिलते पशु-पक्षी जहाँ
है धरती की शान वहाँ।
जल, वायु, अग्नि धरती का कण-कण
सिखलाता जीवन का ज्ञान यहाँ।
कितनी महान है यह धरती, कितनी महान है यह धरती
प्रकृति से मत करो छेड़-छाड़
पेड़ पौधों से न करो खिलवाड़।
वायु बहती जब मंद-मंद
रंग-बिरंगे पुष्प फैलाते हैं सुगंध
हर जगह सिखलाते हमें प्रेम की भाषा
करे सब मिलकर स्वस्थ अभिलाषा।
कितनी महान है यह धरती, कितनी महान है यह धरती।
(Bhavya Bhardwaj, 6 E)

देश के जवान

दुश्मन की फ़ौज से लड़े,
देश का गौरव ऊँचा करे,
तिरंगे को सबसे ऊँचा करे,
देश के लिए अपना जीवन
न्योछावर करे,
वहीं हमारे देश के जवान हैं।
सर्दियों से जूझकर,
आँधियों से लड़कर,
परिवार से बिछड़कर,
मौत के दर्द को सह कर,
सीमा पर देश की रक्षा कर,
जीवन में तड़पकर, देश के
जवान कहलाते हैं।
माँ की गोद से दूर रहकर,
पिता के आशीर्वाद से दूर
रहकर,
भाई के प्यार से दूर रहकर,
दोस्तों की खुशी से दूर रहकर,
देश की रक्षा के लिए लड़ते हैं।
आखिर में मरते वक्त,
क्षण-क्षण, माता-पिता, भाई-
बहन,
दोस्तों को याद कर करके
उस मिट्टी में मरते हैं,
जिस मिट्टी में जन्मे थे।
यह वही बहादुर देश के जवान हैं।
(ABHISHEK, 8 F)

भारत का राष्ट्रीय खेल - हॉकी

हॉकी बहुत प्रसिद्ध खेल है और यह भारत के राष्ट्रीय खेल के रूप में जाना जाता है। यह दुनिया भर के अन्य देशों में भी खेला जाता है। भारत इस खेल में बहुत अच्छी जीतों के माध्यम से कई बार गौरवान्वित हुआ है। भारत हॉकी के क्षेत्र में लगातार कई सालों तक विश्व विजेता रह चुका है। अब यह खेल अन्य देशों, जैसे- हॉलैंड, जर्मनी, पाकिस्तान, ऑस्ट्रेलिया, इंग्लैंड आदि में भी प्रसिद्ध हो गया है। यह रफ्तार का खेल है, जिसमें जब कभी भी खेल रफ्तार लेता है, तो खिलाड़ी को हर समय दौड़ना पड़ता है। यह दो टीमों के बीच खेला जाने वाला खेल है, जिसमें दोनों टीमों में 11-11 खिलाड़ी होते हैं। जब तक खेल की समाप्ति नहीं होती, खिलाड़ियों को तब तक हर समय चौकन्ना रहना पड़ता है। भारतीय हॉकी के स्वर्णकाल के नायक मेजर ध्यानचन्द, अजीत पाल सिंह, धनराज पिल्लै, अशोक कुमार, ऊधम सिंह, बाबू निर्मल, बलबीर सिंह सीनियर, मोहम्मद शाहिद, गगन अजीत सिंह, लेस्ली क्लॉडियस थे। ये सभी भारतीय हॉकी को बड़ी सफलता की ओर ले गए। ध्यानचंद एक प्रतिभाशाली हॉकी खिलाड़ी थे, जिन्हें हॉकी का जादूगर भी कहा जाता है। 1928 में, भारत हॉकी में विश्व चैंपियन पहली बार बना था और एम्सटर्डम ओलम्पिक में स्वर्ण पदक जीता था। उस वर्ष के बाद, भारतीय हॉकी ने अपनी विश्व चैंपियनशिप को बनाए रखा, जब तक कि वे रोम ओलम्पिक में नहीं हारे। बाद में, मांट्रियल ओलम्पिक में भारतीय हॉकी को सातवाँ स्थान प्राप्त हुआ, 1980 मास्को ओलम्पिक में स्वर्ण पदक; लेकिन, 1984 में फिर से हार गए। हॉकी बहुत ही अच्छा खेल है और विद्यार्थियों के द्वारा सबसे अधिक पसंद किया जाता है। हॉकी के लिए दूसरा स्वर्णकाल लाने के लिए, इसे कॉलेज और स्कूलों में विद्यार्थियों को नियमित भागीदारी के द्वारा बढ़ावा दिया जाना चाहिए। योग्य बच्चों को स्कूली स्तर से ही हॉकी को सही तरीके से खेलना सिखाना चाहिए। भारतीय हॉकी की गरिमा बनाए रखने के लिए सरकार द्वारा हॉकी खेलने वाले विद्यार्थियों के लिए खेल-कोष, वित्तीय सुविधाओं के साथ अन्य सुविधाएँ भी उपलब्ध करानी चाहिए।

(GAUTAM SAI. P VIII B)

माँ

ओ माँ, मेरी माँ, प्यारी माँ
हमें प्यार से खिलाती है माँ
कभी हँसाती, तो कभी रुलाती हैं माँ
बच्चों का अटूट रिश्ता है माँ
मैं हँसती हूँ तो खिल जाती है माँ
मैं रोती हूँ तो मुरझा जाती है माँ
मैं रुठती हूँ तो प्यार से मनाती है माँ
मेरी हर खुशी का ख्याल रखती है माँ
मेरा हौसला बढ़ाती है माँ,
मैं भटक जाऊँ तो रास्ता दिखाती है माँ
हर मुसीबत में मेरे साथ खड़ी रहती है माँ
तभी तो कहती हूँ
जिंदगी का सबसे अनमोल तोहफ़ा है माँ

(सानिया सलाउद्दीन, VII C)

समय

जब काम आज का नहीं हुआ,
फिर कल-कल करना क्यों?
जब समय अभी है पड़ा हुआ,
फिर कल के बल पर रहना क्यों?

जो आज छोड़ मैदान चला,
कल कौन काम कर लेगा?
फिर काम बढ़ेगा जो कल का
एक दिन में कैसे कर लेगा!

मत छोड़ काम कल पर
कल किसने देखा आएगा,
जो आया भी तो क्या जाने,
वह काम नया क्या लाएगा!

तो देख-देखकर डर जाना,
बालक वीरों का काम नहीं,
तो काम आज का, आज करो,
तुम लेना कल का नाम नहीं।

पर्यावरण

पर्यावरण, प्रकृति और मानव जीवन का सबसे महत्वपूर्ण हिस्सा है। अगर हमें स्वस्थ रहना है तो पर्यावरण को शुद्ध रखना बहुत जरूरी है। आजकल हवा में जिस तरह प्रदूषण फैल रहा है धरती के लिए सबसे खतरनाक है। प्रदूषण से न सिर्फ हमारे स्वास्थ्य पर असर पड़ता है, बल्कि पेड़-पौधों और मौसम पर भी इसका गहरा प्रभाव पड़ता है। प्रदूषण को रोकने के लिए हमें जिम्मेदार बनना होगा और पर्यावरण की रक्षा के लिए कड़े कदम उठाने होंगे। वायु प्रदूषण और जल प्रदूषण दोनों को रोकने के लिए हमें कारखानों को शहर से दूर रखने पर जोर देना होगा। हमारी गाड़ियाँ रोज हवा को प्रदूषित करती हैं, प्लास्टिक के थैलियों का प्रयोग करने से भी प्रदूषण फैलता है। इन सबके उपयोग को अगर सीमित किया जाए तो प्रदूषण पर काबू पाया जा सकता है। प्रदूषण को रोकने में सबसे बड़ा योगदान प्रकृति का होता है, लेकिन तेज़ी से हो रही पेड़ों की कटाई से प्रदूषण बढ़ता जा रहा है। पेड़ों की इस अंधाधुंध कटाई को हमें रोकना होगा और कई पेड़ लगाने होंगे। ताकि भविष्य में दुनिया का हर प्राणी शुद्ध और साफ़ हवा में जी सके।

(ए. दुग्गल)

माँ

भगवान का दूसरा रूप है माँ
उसके लिए दे देंगे जान
हमको मिलता जीवन उनसे
कदमों में है स्वर्ग बसा
संस्कार वह हमें सिखलाती
अच्छा - बुरा हमें बतलाती
हमारी गलतियों को सुधारती
प्यार वह हम पर बरसाती
तबियत अगर हो जाए खराब
रात-रात भर जागते रहना।
माँ बिना जीवन है अधूरा
खाली-खाली, सूना-सूना
खाना पहले हमें खिलाती
बाद में वह खुद है खाती
हमारी खुशी में खुश हो जाती
दुख में हमारे आँसू बहाती
कितने खुशनसीब हैं हम
पास हमारे है माँ
जो सुख माँ के आँचल में हैं
वो और कहाँ?

(Sri Lakshmi Sai . K, 5 A)

हल्ला-गुल्ला

एक आम का पेड़ लगा था
उस पर बहुत बड़ा रसगुल्ला,
उसे तोड़ने सब बच्चे
मचा रहे थे हल्ला-गुल्ला।
उसको पाना, उसको खाना!
मैंने देखा स्वप्न सुहाना।
सारे बच्चे रविवार के दिन
बैठे थे अपने घर पर,
खुली किताबें रखीं सामने
सभी पास हो गए पढ़कर
पर मेरी ही किस्मत में था,
सब बच्चों में अक्ल आना
मैंने देखा स्वप्न सुहाना।
ओलंपिक में खेल हो रहा
भारत के ही किसी नगर में
बच्चा, बच्चा खेल रहा था
घर-आँगन में, डगर-डगर में
पर मेरी ही किस्मत में था
सारे पदक जीतकर लाना!
मैंने देखा स्वप्न सुहाना।

(सरयू टोगर 5 B)

कहाँ खो गया बचपन

बचपन हमारा कहाँ खो गया,
यह आनंद न जाने कहाँ जाकर सो गया!
न वो गलियों में दौड़ने वाली बात है
न ही किसी दोस्त का साथ है...
मोबाइल ने इस कदर छीन लिया है
बचपन,
बस अब इसी में जाता है हमारा हर क्षण।
पहले हमारी आवाज़ से खिला करता था
पूरा घर,
अब मोबाइल हाथ में देख, माँ पकड़
लेती है अपना सर
कभी मेरी हर शरारत, माँ को लगती थी
प्यारी
अब वही शरारत उन्हें लगती है भारी
इस मोबाइल की लत ने मेरे भुला दिए
सारे काज,
मेरी प्यारी माँ को कर दिया नाराज़।
सच में दोस्तों अब सोचता हूँ मैं यही,
मोबाइल ही में! खो गया है बचपन कहीं!

(नुमा हसन 8 B)

मेरे पिताजी

मेरे पिता मेरे लिए आदर्श हैं क्योंकि उनमें वे सारी योग्यताएँ हैं जो एक श्रेष्ठ पिता में होती हैं। वे मेरे लिए केवल पिता ही नहीं बल्कि मेरे सबसे अच्छे दोस्त भी हैं जो समय-समय पर मुझे अच्छी और बुरी बातों का आभास करवाकर आगाह करते हैं। पिता जी मुझे हार न मानने और हमेशा आगे बढ़ने की सीख देते हुए मेरा हौसला बढ़ाते हैं। पिता से अच्छा मार्गदर्शक कोई हो ही नहीं सकता। हर बच्चा अपने पिता से कई गुण सीखता है जो उसे जीवन भर परिस्थितियों के अनुसार स्वयं को ढालने में सहायक होते हैं। उनके पास सदैव हमें देने के लिए ज्ञान का अमूल्य भंडार होता है।

घर में सब अपना प्यार दिखाते हैं पर कोई बिना दिखाए भी इतना प्यार करे, वो हैं पिता।

मेरे पिता ही मेरे सच्चे नायक हैं और सबसे अच्छे दोस्त भी। कोई भी परेशानी हो वे हमेशा मेरी सहायता करते हैं। ऐसे पिता को पाकर मैं धन्य हो गई।

पिताजी को शत-शत प्रणाम!

(Rasmi, 8 B)

भारत

देव और देवेन्द्र भी यहाँ पर,
निशदिन आकर विचरण करते है
आज भी हर नर-नारी में,
सीता और राम बसते है
भारत वो पुण्य धरा है जिसमें
महापुरुषों ने जन्म लिया
पूरे विश्व को जिसने
सच्चा अमृत प्रदान किया
यही है वो देश जहाँ यमुना-गंगा बहती है
अपनी इस मिट्टी की महिमा नदियाँ सबसे
कहती है।

(MOKSH JAIN, 8 D)

आओ पेड़ लगाएँ

आओ साथी आओ
ज़रा मिलकर हाथ बढ़ाओ।
आओ मिलकर इस धरती को
फिर से स्वर्ग बनाएँ,
इक भी पेड़ न कटने पाए
हम ये प्रण दिलवाएँ,
हम अपने हाथों से मिलकर
जग को स्वर्ग बनाएँ,
पेड़-पौधों की रक्षा करके
जग-वाटिका महकाएँ,
आओ साथी आओ
ज़रा मिलकर हाथ बढ़ाओ ।।

आज जो पेड़ लगाओगे तो
कल मीठे फल पाना,
कुदरत के हर कोप से
साथी, धरती को है बचाना।
आओ मिलकर कसम ये खाएँ
फूलों को महकाना,
वन-संपदा ही सच्ची दौलत
ये न कभी भुलाना,
आओ साथी आओ
ज़रा मिलकर हाथ बढ़ाओ ।।

(समर्थ नाईक, 5 A)

देश के प्रहरी

मेरे देश के वीर जवानों
तुम्हें मेरा नमन
सरहदों की रक्षा करते
बाँधे सर पे कफ़न
जवानों तुम्हें मेरा नमन।
कोई दुश्मन सीमा पर
आँख जो उठाए
शीश उसका काटकर
हम मातृभूमि को चढ़ाए।
दुश्मन जो हमारी सीमा लाँघे,
करदे उसको दफ़न
जवानों तुम्हें मेरा नमन।
जब चैन से रहते हैं हम घर पर,
तुम सीना ताने खड़े सीमा पर।
जीवन तुम्हारा बहादुरी का दर्पण,
सुख चैन कर दिया तुमने मातृभूमि को अर्पण
जवानों तुम्हें मेरा नमन।

(AARYAMAN SHARMA, 9 A)

बूझो तो जाने

1. एक हरा घर, घर के अंदर सफ़ेद घर,
सफ़ेद घर के अंदर लाल घर,
लाल घर के अंदर रहते काले बच्चे,
तो बताओ इसे क्या कहते?
2. वो क्या है जिसे बिना पकड़ें तोड़ा जा सकता है?
3. न कभी आता, न कभी जाता, इसके भरोसे जो रहता,
वह सदा पछताता।
4. वह कौन सी चीज़ है, जो पानी पीते ही मर जाती है?
5. तीन अक्षर का मेरा नाम प्रथम कटे तो राम-राम।
6. दिन में सोए, रात में रोए।
7. नाक मेरी लंबी
नाक से करता सारे काम
तो बताओ मेरा नाम?

(Hasmitha 8D)

उत्तर - तरबूज, वादा, कल, आग, आराम, मोमबत्ती, हाथी

पहेलियाँ

1. दो किसान लड़ते जाएँ,
उनकी खेती बढ़ती जाएँ।
2. हरी झंडी, लाल कमान,
तौबा-तौबा करे इंसान।
बताओ क्या?
3. कौन-सी ऐसी जगह है जहाँ अमीर-गरीब दोनों को
कटोरी पकड़कर खड़ा रहना पड़ता है।
4. दुनिया भर की सैर करता,
धरती पर ना रखता पैर,
दिन में सोता, रात में जागता,
रात अंधेरी मेरे बगैर,
अब बताओ मेरा नाम?

(SASHWAT MUKARJEE 9 C)

उत्तर - स्वेटर की बुनाई, लाल मिर्च, गोलगप्पे की दुकान, चाँद।

हे भाई ! हिंदी में भी तो जानो ..

Have a nice day - अच्छा दिन लो।

What's up - ऊपर क्या है ?

You're kidding - तुम बच्चा बना रहे हो।

Cool man! - ठंडा आदमी।

Let's hang out - चलो बाहर लटकते हैं।

Are you nuts?-क्या तुम अखरोट हो?

Am I right?- क्या मैं दांयी तरफ़ हूँ?

Rock the party - पार्टी को पत्थर करो।

Take a chill pill - ठंडी दवाई ले लो।

Get lost - जाकर गुम हो जाओ।

Misunderstanding - लड़की नीचे खड़ी है।

Time up - समय ऊपर हो गया।

Once upon a time - एक बार समय ऊपर।

Long time ago - लंबे समय बाद।

Breaking News - टूटती हुई खबर।

Hot Dog - गर्म कुत्ता।

Iron Man - लोहे का आदमी।

Housefly - उड़ता घर।

Basket Ball - टोकरी के साथ गेंद।

Outstanding - बाहर खड़ा हुआ।

(SASHWAT M 9 C)

हिन्दी चुटकुले

1. टीचर : 'क्लास में लड़ाई क्यों नहीं
करनी चाहिए...?'

संजू : 'क्योंकि पता नहीं एकजाम में कब
किसके पीछे बैठना पड़ जाये...!'

2. फेसबुक : मैं सबको जानता हूँ।

गूगल : मेरे पास सब कुछ है।

वॉट्सअप : मैं सब की जान हूँ।

इन्टरनेट : मेरे बिना तुम सब कुछ नहीं !

चार्लर : आवाज़ नीचे !

(K.O.L. Prasanna, VIII D)

1. पैसे को दुगुना करने का आसान तरीका क्या है ?
उत्तर - इसे आईने के सामने गिनो ।
2. डॉक्टर -बेटा, जरा जीभ तो दिखाना ।
बच्चा -नहीं , बड़ों को जीभ दिखाने पर पिताजी बहुत डाँटते हैं ।
3. डॉक्टर (दीपक से) - किसके लिए चश्मा बनवाना चाहते हो ?
दीपक - मास्टर जी के लिए ।
डॉक्टर -मगर क्यों ?
दीपक -क्योंकि मैं उन्हें गधा दिखाई देता हूँ ।
4. टीचर ने कक्षा में रोहित को डाँटा - 'मैंने तुम्हें कुत्ते पर लेख लिखने को कहा था । फिर तुम लिखकर क्यों नहीं लाए ?
'रोहित - 'मैडम, मैंने तो बहुत कोशिश की पर जिस भी कुत्ते पर पेन रखता वह कुत्ता भाग जाता ।'
5. वकील - तुमने घड़ी क्यों चुराई ?
चोर - चुराई नहीं, इसने मुझे दी ।
वकील - कब ?
चोर - जब मैंने अपनी बंदूक दिखाई ।
1. राम : जेल को हिन्दी में हवालात क्यों कहते हैं ?
गोलू : क्योंकि जेल में खाने के लिए सिर्फ़ हवा और लात ही मिलती हैं ।
2. मदन : राम खाना खाओगे ?
राम : मेरा पेट भर चुका है ।
मदन : अच्छा ! क्या खाया ?
राम : पापा से मार खाकर आया हूँ ।
3. बच्चा : अंकल मेरा आपसे एक सवाल है ।
बिल गेट्स : क्या ?
बच्चा : आप का नाम बिल गेट्स है तो आप गेट्स के बजाय विंडोस क्यों बेचते हैं ?

(ABHISHEK, 8 F)

मन की बात

हम अध्यापक इस युग के हैं
हृदय की बात सुनना जानें ।
बच्चों को समझाना जानें,
सुख-दुख की हर बाधा को
हँसकर हम मिटाना जानें ।
गीत खुशी के गाना जानें,
हम अध्यापक इस युग के हैं
हृदय की बात सुनना जानें ।

सहकर, तपकर, कुन्दन बनकर ,
बच्चों को हम चमकाना जानें ।
हम अध्यापक इस युग के हैं
नए युग में ले जाना जानें,
गीत खुशी के गाना जानें,
हृदय की बात सुनना जानें ।

(MS.VINOD KUMARI PONIA)

SANSKRIT ROUND THE WORLD

Sanskrit has been, from the most ancient times, a symbol and means of unity among the peoples of the world. The discovery of Sanskrit in the India by western savants in modern times was re-discovery of this unity; when William Jones in 1786, and before him, a few other pioneers, announced the kinship of Sanskrit with Greek and Latin, they laid the foundations of the modern science of Comparative Philology and the formulation of the Indo-European family of Languages, which embraced the vast stretch of the earth from Ireland in the West to India in the East. The antiquity, the preservation of archaic forms, and the transparent structure of the language made Sanskrit an indispensable aid and there is no philologist in any part of the world who is not a student of Sanskrit or at least of its Vedic phase.*

(*Published under the title 'Sanskrit in the World Literature' in the Government of India's journal 'Indian and Foreign Review', IX. July 15 ff., 1972.)

नीति श्लोकाः

यो ध्रुवाणि परित्यज्य अध्रुवाणि निषेवते ।
ध्रुवाणि तस्य नश्यन्ति अध्रुवाणि नष्टमेव हि ॥
दानं भोगो नाशस्त्रिस्तो गतयो भवन्ति वित्तस्य ।
यो न ददाति न भुङ्क्ते तस्य तृतीयागतिर्भवति ॥

दिव्यश्री-7-A

హాస్యవల్లరి

1. టీచర్ : మీనాన్న ఏం చేస్తారు?

విద్యార్థి : మా నాన్న డాక్టర్. కాని ప్రాక్టీస్ చెయ్యరు.

టీచర్ : ఎందుకని ?

విద్యార్థి : ఆయన దగ్గరకు రోగులు ఎవరు రారు కనుక.

2. రాము : డాక్టర్! నాకు చీమలను చూస్తే చాల భయం వేస్తోంది .

డాక్టర్ : ఎందుకని ?

రాము : నాకు షుగర్ వచ్చింది. అందుకని చీమలు కొరికేస్తాయేమోనని.

(విష్టు 6-ఎ)

3. పిల్లాడు ఏడుస్తూ ఇంటికి వస్తాడు.

తండ్రి : ఎందుకురా ఏడుస్తున్నావు ?

పిల్లాడు : పడిపోయాను నాన్నా! దెబ్బ తగిలింది.

తండ్రి : ఏడవకురా! దెబ్బ తగిలిన చోట మందు రాయి. తగ్గిపోతుంది (అంటూ మందు సీసా ఇస్తాడు. పిల్లాడు అది తీసుకుని వెళ్ళి పోతుంటాడు.)

తండ్రి : ఎక్కడికిరా వెళుతున్నావు ?

పిల్లాడు : దెబ్బ తగిలిన చోట మందు రాయమన్నావుగా. నేను మెట్ల మీద

పడిపోయాను. అందుకని అక్కడ మందు రాద్దామని వెళుతున్నా.

(డి. కార్తికేయ 6/ఎ)

4. టీచర్ : టి.వి. అంటే ఏమిటి ?

పిల్లలు : టైం విలువ తెలియకుండా చేసేది

5. కొడుకు : నాన్నా! నీ కొక ఛాలెంజ్.

తండ్రి : ఏంటిరా అది ?

కొడుకు : నువ్వు కళ్ళు మూసుకుని సంతకం పెట్టగలవా?

తండ్రి : అదేమంత పెద్ద కష్టం, తేల్చిగా పెట్టగలను.

కొడుకు : అయితే దీనిమీద కళ్ళు మూసుకుని సంతకం పెట్టు.

(అంటూ ప్రోగ్రెస్ కార్డు తీస్తాడు)

(ఎ.కె.సుహాస్ 6/బి)

6. రాము : నేను పరీక్షలలో ఎలా ఫెయిల్ అయ్యానో అర్థం కావటం లేదురా!

సోము : అన్ని పాఠాలు బాగా చదివావా ?

రాము : “పరీక్షలలో విజయం సాధించటమేలా” అనే పుస్తకాన్ని అన్ని పరీక్షలకి బాగా చదివాను. అయినా ఫెయిల్ అయ్యాను.

7. అమ్మమ్మ మనుమలతో : పిల్లలూ! అన్ని దానాలలోకి ఏ దానం గొప్పదో చెప్పండి?
పిల్లలు : మేము ఆడుకునే మైదానం అమ్మమ్మా.

8. టీచర్ : రామూ నేనే ప్రధాన మంత్రినయితే అన్న విషయం మీద వ్యాసం రాయమంటే రాయలేదేంటి ?

విద్యార్థి : నా సెక్రటరీ రాలేదు టీచర్.

(పి.డి. సాయి గిరిధర్ 6/బి)

9. టీచర్ : పరీక్ష రాసేటప్పుడు పెన్నులు, రబ్బర్లు మొదలైనవి మీ స్నేహితులని అడగవద్దు. ఎవరివి వారే తెచ్చుకోవాలి.

పిల్లలు : రాని ప్రశ్నలకు జవాబులు అడగవచ్చా టీచర్ ?

10. టీచర్ : రామూ నీ స్నేహితులు చేయలేని పని ఏదైనా నువ్వు చెయ్యగలవా?

రాము : నేను రాసింది నేను మాత్రమే చదవగలను. వాళ్ళు చదవలేరు.

(శ్రీ ఉజ్జ్వల్ 6/బి)

లక్ష్యసాధన

ఒక్కొక్క నీటి చుక్క కలిసి చివరికది మహా సముద్రమవుతుంది. అలాగే ఒక్కొక్క అక్షరం కలిసి పదమై, పదాలు వాక్యాలై, వాక్యాలు కథలై, కథలు మహాసాహిత్యమవుతుంది. ఏ పెద్ద పనైనా చిన్న అడుగుతోనే, చిన్న ప్రయత్నంతోనే ప్రారంభమవుతుంది. చిన్న పనిని ప్రారంభించి అందులో విజయాన్ని సాధిస్తూ ఆ ఉత్సాహంతో ముందడుగు వేస్తే మన లక్ష్యాన్ని సాధిస్తాం.

ఏ విషయాన్ని చిన్నదే కదా! అని నిర్లక్ష్యం గా వదిలేయకూడదు. అశ్రద్ధ చేయకూడదు. అలా చేసిన రోజున మనం ఎన్నో అవకాశాలను పోగొట్టుకుంటాం. కాలం మనిషికి భగవంతుడిచ్చిన వరం. ఏదైనా తిరిగి తెచ్చుకోగలం కాని గడిచిపోయిన కాలాన్ని వెనక్కి తెచ్చుకోలేం. కనుక కాలాన్ని ఒక్క క్షణం కూడా వృథా చేయకూడదు. చదువుకోవలసిన వయసులో ప్రతి క్షణాన్ని సద్వినియోగం చేసుకుంటూ, జ్ఞానాన్ని సంపాదించుకోవాలి. కొన్ని సుఖాలను, సరదాలను వదులుకోవాలి. ఏ అంశాలకు ప్రాధాన్యత ఇవ్వాలో గుర్తించి, ప్రయత్నిస్తే మన లక్ష్యాన్ని సాధిస్తాం.

భార్గవ్ వేమపరపు - 6 ఇ

అమ్మ

సృష్టిలో అందమైన పేరు
అమ్మ
మమకారానికి మరో పేరు
అమ్మ
సహనానికి నిలువెత్తు
సాక్ష్యం అమ్మ
ప్రేమకు ప్రతిరూపం అమ్మ
సముద్రం నుంచి వచ్చే
సంపద కన్నా
చెల్లనుంచి వచ్చే
ఫలసాయం కన్నా
అమ్మ ప్రేమ ఎంతో మిన్న.
క్రీడి చాదరి, 7 ఇ

మంచిదొంగ

అది భాగ్యనగరం. భాగ్యనగరానికి వచ్చిన వారికి ఏదో ఒక బతుకుతెరువు దొరుకుతుందని ప్రసిద్ధి పొందినదీనగరం. దేశం లోని వివిధ ప్రాంతాల నుండి ప్రజలు ఇక్కడికి వచ్చి సుఖంగా బతుకుతారు.

పల్లెనుండి వచ్చిన ఒక యువకుడు అలా బతుకుతెరువు కోసం వచ్చి చిన్న చిన్న దొంగతనాలు చేయటం మొదలు పెట్టాడు. కొంత కాలానికి అందులో ఆరితేరాడు. ఆ వృత్తే అతనికి సుఖంగా అనిపించింది. పండుగ రోజుల్లో గుడికి వెళ్ళి గొలుసులు, డబ్బు బాగా తెచ్చుకునేవాడు. అలా ఒకసారి ఆ దొంగ శివరాత్రిరోజు శివాలయానికి వెళ్ళాడు. ఆరోజు ఒక పండితుడు గుళ్ళో అన్ని ప్రాణులలోకి మానవ జన్మ ఉత్తమమైనదంటూ ఉపన్యాసం ఇస్తున్నారు. భక్తులందరూ ఎంతో శ్రద్ధగా వింటున్నారు. దొంగ కూడా అక్కడికి వెళ్ళి కూర్చున్నాడు. అవకాశం కోసం చూస్తూ పండితుడి మాటలు కూడా వినటం మొదలు పెట్టాడు. ప్రాణులన్నింటిలోకి మానవ జన్మ ఉన్నతమైనదని, ఎంతో పుణ్యం చేసుకుంటేనే మానవ జన్మ లభిస్తుందని, అలా లభించిన మానవ జన్మను మనం మన మంచి ప్రవర్తనతో సార్థకం చేసుకోవాలని, ఎటువంటి పరిస్థితులలోను అసత్యం ఆడకూడదని చెప్తున్నాడా పండితుడు. ఆ మాటలు విని దొంగ ఆలోచనలో పడి, తాను వచ్చిన పని మర్చిపోయి అక్కడే ఉండిపోయాడు. ఉపన్యాసం పూర్తయి

ఎక్కడివారక్కడ వెళ్ళి పోయారు, కాని దొంగ అక్కడనుండి లేవలేదు. అందరూ వెళ్ళి పోయిన తరువాత దొంగ నెమ్మదిగా లేచి ఆ పండితుడి దగ్గరకు వెళ్ళాడు. ఆయన కాళ్ళ మీద పడి తన పాపాలను పోగొట్టుకునే మార్గం చెప్పమని అడిగాడు. అప్పుడాపండితుడు ముందుగా నీకున్న దుర్గుణాలలో ఒకదాన్ని వదిలిపెట్టమని అన్నాడు. అయితే ఈరోజు నుండి నేను అబద్ధమాడను అన్నాడు దొంగ. మంచిది వెళ్ళిరా! అన్నాడు పండితుడు.

దొంగ దొంగతనాలనయితే మానలేదుకాని ఆరోజు నుండి అబద్ధం చెప్పటం మానేశాడు. ఒక రోజు అలవాటు చొప్పున ఒక న్యాయమూర్తి ఇంటికి దొంగతనానికి వెళ్ళాడు. అదే సమయానికి న్యాయమూర్తి చల్లగాలికోసం బైటికి వచ్చాడు. దొంగ అలికిడి విని ఎవరది అని ప్రశ్నిస్తాడు? నేను దొంగను దొంగతనానికి వచ్చానంటాడు దొంగ. ఆ సమాధానం విన్న న్యాయమూర్తి ఆశ్చర్యపడి, నువ్వు కొట్టేసిన దానిలో నాకు భాగం ఇస్తావా? నేను నీకు బీరువా తాళాలు తెచ్చి పెడతాను అని అడుగుతాడు, దొంగ సరేనన్న తరువాత బీరువా తాళాలు తెచ్చి పెడతాడు. దొంగ లోపలికి వెళ్ళి బీరువా వెతుకుతాడు. అందులో డబ్బు, బంగారు ఆభరణాలు కనిపిస్తాయి. ఆ సంపదను మూడు భాగాలు చేసి ఒకటి ఇంటివారికి ఉంచి రెండు భాగాలు తీసుకుని వస్తాడు. ఒక భాగాన్ని తన తోటి దొంగకు ఇస్తాడు. న్యాయమూర్తి దొంగను

నువ్వు ఎక్కడ ఉంటావని అడిగితే దొంగ తన చిరునామాను తెలియజేస్తాడు. మరునాడు పొద్దున న్యాయమూర్తి ఇంట్లో దొంగతనం జరిగిందనే సంగతి అందరికీ తెలుస్తుంది. న్యాయమూర్తి తన సెక్రటరీని ఏమేమి పోయాయో లెక్క చూడమంటాడు. సెక్రటరీ బీరువా తెరిచి చూసి దొంగ వదిలేసిన డబ్బు తన జేబులో వేసుకుని మొత్తం డబ్బు పోయిందని చెప్తాడు. న్యాయమూర్తి వెంటనే తన సెక్రటరీ దొంగబుద్ధిని తెలుసుకుంటాడు.

దొంగ ఇచ్చిన చిరునామా పట్టుకుని వాళ్ళ ఇంటికి వెళ్ళి పోలీసుల సాయంతో దొంగను పట్టుకుని వస్తాడు. దొంగను విచారించి అతడు అబద్ధం చెప్పాడని తెలుసుకుంటాడు. తన సెక్రటరీని తొలగించి దొంగను ఆ స్థానంలో నియమించుకుంటాడు. ఆ తరువాత దొంగ మంచి వ్యక్తిగా మారి సమాజానికి తన చేతనైనంత సాయం చేస్తాడు.

సిద్ధార్థ - 7 సి

స్నేహం

స్నేహం అంటే నాకు చాలా ఇష్టం
స్నేహం ఉంటే లేదు కష్టం
ఆపదలో ఉన్నప్పుడు తోడు స్నేహం
నీడనిచ్చే చెట్టు స్నేహం
స్నేహాన్ని చెడగొట్టలేము
స్నేహాన్ని విడగొట్టలేము
అపురూపమైన ప్రేమకు గుర్తు స్నేహం
స్వచ్ఛమైన ప్రేమకి మారుపేరు స్నేహం
కాలం మారినా స్నేహం మారదు
దూరం పెరిగినా స్నేహం తరగదు
స్నేహానికి అంతులేదు
స్నేహానికి చావులేదు.

మన ప్రాచీన సాహిత్యం - పాటించదగిన అంశాలు

మన సంస్కృతి, సంప్రదాయాలను మనం అర్థం చేసుకోవాలంటే ప్రాచీన సాహిత్యం చదవాలి. మన ప్రాచీన సాహిత్యంలో మానవతా విలువలకే ప్రాధాన్యం ఉంది. వాటిని చదివితే కరుణ, ప్రేమ మొదలైన గుణాలు అలవడతాయి. రామాయణ, భారతాలలోని అంశాలు సంస్కృతి, సంప్రదాయాల పరిరక్షణకు ఏవిధంగా తోడ్పడ్డాయో ఇప్పుడు మనం తెలుసుకుందాం.

రామాయణం

పితృవాక్యపరిపాలన - తండ్రి చెప్పిన మాటలకు శ్రీరాముడు ఎదురు చెప్పక రాజ్యాన్ని వదిలి అడవులకు వెళ్ళాడు. తండ్రి మాటకు కట్టుబడి ఏ పన్నైనా చేయడానికి సిద్ధమైనాడు. కనుక ప్రతి మానవుడు తల్లిదండ్రుల ఆదేశానుసారం నడచుకోవాలని ఈ పితృవాక్య పరిపాలన తెలియజేయుచున్నది.

సోదర ప్రేమ - అన్నదమ్ముల ప్రేమకు గుర్తుగా రామలక్ష్మణభరతశత్రుఘ్నులను చెప్పకో వచ్చు. అన్న అడుగుజాడల్లో లక్ష్మణుడు, రాజ్యాన్ని అన్న శ్రీరాముడే పరిపాలించాలని భరతుడు. ఈ విధంగా సోదరులంతా ఒకరి మీద ఒకరు అమితమైన ప్రేమతో ఉండాలని తెలుస్తుంది.

ఏకపత్నివ్రతం - ఒక్క స్త్రీని మాత్రమే వివాహం చేసుకోవాలని పరస్మిని కాంక్షించకూడదని మనకు శ్రీరాముని పాత్ర ద్వారా తెలుస్తుంది.

భారతం

స్త్రీకాంక్ష - పరస్మిని కాంక్షించినవాడు ఎవ్వరైనా, ఎప్పటికైనా నశించవలసిందేనని మన భారత రామాయణాలలో కీచకుడు, రావణుడు పాత్రలద్వారా చెప్పబడింది. దీన్ని బట్టి స్త్రీని పూజించాలని అప్పుడే మన సంస్కృతి నిలబడుతుందని తెలుస్తుంది.

జూదం - జూదములవంటి దుర్వ్యసనాలకు లోనవడం వలన అనేక ఇబ్బందులు పడుతూ ఎంతవారైనా పతనమవుతారని ఆనాడే చెప్పబడింది.

రాజ్యకాంక్ష - పాండవుల రాజ్యాన్ని కూడా కావాలి అని కోరుకున్న కౌరవులు పతనమైనారు. కాబట్టి ఇతరుల ఆస్తులను ఉచితంగా పొందాలని ఎవరు చూడకూడదు.

ఈ విధంగా పైన చెప్పిన రామాయణ, భారతాలలోని అంశాలను అర్థంచేసుకుంటూ అనుసరిస్తే, మన సంస్కృతిని మనం పరిరక్షించుకున్నవాళ్ళము అవుతాము.

(శ్రీజ ఘోష్ -8-ఎ)

విదురనీతి

మహామంత్రి విదురుడు విజ్ఞాన ఖని, ధర్మవిదుడు. మాండవ్యుని శాపంవల్ల మానవజన్మ పొందిన యమధర్మరాజే విదురుడు. విదుర నీతిని మనం చదివి అర్థం చేసుకుని ఆచరిస్తే మన జీవిత పరమార్థం తెలుస్తుంది. వాటిలో కొన్ని చూద్దాం.

- అ. ఓరిమి సామర్థ్యం కలవాడికి అలంకారం. అసమర్థునికి నైజగుణం కావాలి. శాంతిని ఖడ్గంగా ధరించిన వానిని ఎవరూ ఏమీ చేయలేరు.
- ఆ. ఈ భూమండలంలో కర్మను విడిచిన గృహస్థుడు, కర్మబద్ధుడైన సన్యాసి ఇద్దరూ అధములే.
- ఇ. ఒంటరిగా భోజనం చేయరాదు. అటులే ప్రయాణమూ పనికిరాదు. విషమ సమస్య ఎదురైతే ఏకాకిగా నిర్ణయాలు తీసుకో కూడదు. అందరూ నిద్రించేవేళ మనం ఒక్కరం మెలకువగా ఉండకూడదు.
- ఈ. ఇతరుల సొమ్ము హరించిన వాడికి, పరస్త్రిని కామించినవాడికి, బలవంతునితో వైరం పెంచుకున్నవాడికి మాత్రమే, రాత్రిపూట నిద్ర రాదు.
- ఉ. సమయా సమయాలు గుర్తించకుండా ఇతరుల ఇళ్లకు వెళ్లరాదు. రాత్రివేళ నాలుగు బాటల మధ్యలో నిలబడకూడదు.
- ఊ. నిరంతరం ఇతరులను నిందిస్తూ, ఎదుటివారికి దుఃఖం కలిగిస్తూ, సంతోషించే వాడికంటే మూర్ఖుడు లేడు .

ఋ. మితంగా భోజనం చేసేవారికి బలమూ, ఆరోగ్యమూ, చక్కని సంతానమూ చేకూరుతాయి.

ఋ. స్త్రీ గృహమునకు లక్ష్మి, సౌభాగ్యశాలిని: ఆమె గృహమునకు అలంకారము కనుకనే వారిని సర్వదా రక్షించుకుంటూ ఉండాలి.

ఎన్. దీపక్, 10 ఎ

ఆదర్శ జీవనం

మానవ జన్మ సర్వోన్నతమైనది. మానవుడు ఆదర్శ జీవితాన్ని గడపాలి. ఆదర్శవంతుడైన మనిషిగా రూపుదిద్దుకోవడానికి కొన్ని నియమాలను పాటించాలి. వాటిలో ఇవి ముఖ్యమైనవి.

1. క్రమశిక్షణ : నియమబద్ధమైన జీవితాన్ని గడుపుటను “క్రమశిక్షణ” అని అంటారు. మనిషి యొక్క జీవితగమనం క్రమశిక్షణను బట్టి ఉంటుంది. క్రమశిక్షణ చిన్నతనం నుండి అలవరచుకోవాలి. పెద్దలను గౌరవించడం, తల్లిదండ్రులను సేవించడం, దేశభక్తి, దైవభక్తి

మొదలైనవి క్రమశిక్షణలో అంతర్భాగమని గ్రహించాలి .

2. వ్యక్తిత్వం : మానవులు వ్యక్తిత్వాన్ని సంరక్షించుకోవాలి. ఉన్నతమైన వ్యక్తిత్వం వల్ల సమాజంలో సమున్నత గౌరవం కలుగుతుంది. అందువల్ల వ్యక్తిత్వాన్ని పెంపొందించుకోవాలి.

3. సత్య, దాన, ధర్మాచరణ : మానవులు సత్యాన్ని, ధర్మాన్ని, నియమాన్ని పాటించాలి. సమతాభావాన్ని అలవరచుకోవాలి. సమాజహితాన్ని ఆకాంక్షించాలి. తోటివారిపై ప్రేమ, దయను కలిగివుండాలి.

జయహో ఇస్రో

ఒకప్పుడు ప్రపంచం వైపు మనం చూశాం. ఇప్పుడు ప్రపంచమే మనవైపు చూస్తున్నది. నాలుగు దశాబ్దాల క్రితం ఆర్యభట్ట ఉపగ్రహాన్ని నింగికి చేర్చటానికి ఇస్రో ఎన్నోకష్టాలు పడింది. సాంకేతికంగా మనకన్నా ముందున్న దేశాల చుట్టూ ప్రదక్షిణలు చేసింది. ఓటములను చవి చూసింది. కొన్ని వైఫల్యాలు మంచినే చేస్తాయి. గెలిచి తీరాలనే తపనను రగిలిస్తాయి. అదే జరిగిందిప్పుడు. ఒక్కొక్క అవరోధాన్ని అధిగమిస్తూ, ఒక్కొక్క ప్రయోగాన్ని పూర్తిచేసుకుంటూ శతాధిక లక్ష్యాలతో దూసుకుపోతోంది ఇస్రో.

ఆర్యభట్టతో ఇస్రో తన ప్రయోగాలను ప్రారంభించింది. శ్రీహరి కోటనుండి ప్రయోగించిన ప్రయోగం విఫలమైనపుడు మనవాళ్ళే ఇస్రో శాస్త్రజ్ఞులను చూసి నవ్వారు. మనదగ్గర తగినంత డబ్బులేదు. కోట్ల రూపాయలు ఈ ప్రయోగాలమీద పెట్టి నష్టపోవటం తప్పంటూ తిట్టారు. అయినా ఇస్రో శాస్త్రజ్ఞులు కుంగిపోకుండా తమ తప్పులను సరిదిద్దుకుంటూ ప్రయోగాలు చేశారు. విజయం సాధించారు. అంతర్జాతీయంగా ఒక్క రష్యా మాత్రమే 37 ఉపగ్రహాలను ఒకే అంతరిక్ష నౌక ద్వారా గగనానికి పంపింది. నాసా 29 పంపింది. ఇప్పుడు మనం పంపింది 104 ఉపగ్రహాలు. అందులో నూటొక్క ఉపగ్రహాలు విదేశాలవే. ఇలా విదేశీ ఉపగ్రహాలను నింగిలోకి పంపుతూ కీర్తి ప్రతిష్ఠలతో పాటు దేశానికి కోట్లరూపాయల ధనాన్ని సంపాదించి పెడుతున్నది ఇస్రో.

ప్రయోగించే ప్రతి ఉపగ్రహాన్ని మోసుకు పోవటానికి ఒక నౌకను చేయాలి. అది ఒక్కసారే ఉపయోగపడుతుంది. ఒక్కసారికే వేలకోట్ల రూపాయలు ఖర్చవుతాయి. అయితే అదే నౌకని వేనక్కి తెచ్చుకోగలిగితే ఎంతో డబ్బు ఆదా అవుతుంది. అందుకే ఇస్రో ఆ ప్రయోగాన్నీ చేస్తున్నది. అందులో కొంత విజయాన్ని సాధించింది. ఆ ఉత్సాహంతో మరిన్ని ప్రయోగాలు చేస్తూ ముందడుగు వేస్తున్నది. ఇలా ఒక్కొక్క అనుభవం నుంచి కొత్త ఆలోచనలు పుడతాయి. అవి ఆచరణలో పెడితే విజయం సాధిస్తాం.

ఇప్పుడు నిప్పులు చిమ్ముకుంటూ నింగికెగిరింది ఉపగ్రహాలే కాదు. మన ఘనతా, మన సత్తా.

ఇది భారతీయులందరికీ గర్వ కారణం.

జయహో ఇస్రో.. జయహో భారత్.

ఆవకాయ అవతరణ

చప్పటి దుంపలు తినుచును
తిప్పలు పడుచుంటిమయ్య దేవా!
దయతో గొప్పగు మార్గం బొక్కటి
చెప్పుము మా నాల్కలోక్క చింతలు తీర్వన్.

ముక్కోటి దేవతలందరు
మొక్కగ తా జిహ్వలేప సృష్టించెనయా
చక్కనిది ఆవకాయన
ముక్కతినని వాడు కొండముచైచ్చి పుట్టున్.

ఆవకాయ పద్యాలు

శ్రేష్ఠంబిది పచ్చళ్ళన
టీప్టున ఇది మొదటనుండు డెఫినెట్గానూ
ఇష్టముగ ఆవకాయను
సుష్టుగ తిని దొర్లినంత సుఖమది కలదే!
ఊరిన ముక్కను కొరకగ
ఔరా!అది ఎంత రుచిని అందించునయా!
కూరిమితో నాల్గుముక్కలు
నోరారా తినని నోరు నోరవ్వదుపో!
బెల్లము వేసిన మధురము
పల్లినూనెను కలపగ పచ్చడి మధురం
వెల్లుల్లి వేయ మధురము
పుల్లని మామిడితో చేయ ముక్కది మధురం.
ఉదయమె బ్రెడ్డున జాముకు
బదులుగ ఇదివాడిచూడు బ్రహ్మాండములే
అదియేమి మహిమో తెలియదు
పదునుగ నీబుర్ర అపుడు పనిచేయునయ్యా!

లీలా అరుణ్, 10 బి

మనం మరచిపోయిన మన తెలుగు

అరసున్న, బండి అ లు ఎందుకు?

అరసున్న - బండి అ లు నేటి భాషలో దాదాపుగా వాడుకలో లేవు.

ఐతే అవి తెలుగుభాషకు ప్రత్యేకమైనవి. ద్రావిడభాషా లక్షణాన్ని నిరూపించేవి. అంతేకాదు కావ్యభాషలోను, లక్షణశాస్త్రంలోను వీటి ప్రాముఖ్యం చాలా ఉంది. వాడకపోతే ఫరవాలేదు కానీ వీటి గురించి తెలుగువాడు తెలుసుకోవాలి. మన భాషాసంపదలో ఇవీ భాగస్వాములే అని గ్రహించాలి. అరసున్న, అ, ల వల్ల అర్థభేదం ఏర్పడుతుంది. పదసంపదకు ఇవి ఎలా తోడ్పడతాయో చూడండి.

అరుగు - వీధి అరుగు	ఏడు - సంవత్సరం
అరుగు - వెళ్ళు,పోవు	ఏడు - బాధ , 7 సంఖ్య
వేరు - చెట్టువేరు	పోగు - దారము పోగు
వేటు - మరొక విధము	పోగు - కుప్ప
కాచు - వెచ్చచేయు	కరి - ఏనుగు
కాచు - రక్షించు	కఱి - నల్లని

మన తల్లిదండ్రులు, మన తెలుగుభాష ఎంతో విలువైనవి.

గుర్తుంచుకుందాం గౌరవిద్దాం.

ఖద్వోతన్, 10 బి

తెలుగు తల్లీ !

తెలుగు తల్లీ ! నీవు దిగులు చెందకుమమ్మ
కోట్ల బిడ్డలగన్న తల్లీ నీవు
కష్టకాలమునందు వెన్నంటి ఉండి
మాతృ ఋణమును మేము
తీర్చుకుంటాము.

పాశ్చాత్య పెనుగాలి పెల్లుబికినా
నవ్య నాగరికత నాల్కలు చాచినా

ఆరనీయము తల్లీ ఈ తెలుగు భాషాజ్యోతిని
చేతులడ్డగపెట్టి శాయశక్తుల గాచి
శాశ్వత కీర్తికై శ్రమియింతుమమ్మ

తెలుగు తల్లీ ! నీవు దిగులు చెందకుమమ్మ
కోట్ల బిడ్డల గన్న తల్లీ నీవు.

సత్యప్రణతి, 7 ఇ

అభిప్రాయం

ఓ పాతికేళ్ళ యువకుడు, తన తండ్రితో కలిసి రైల్వో ప్రయాణం చేస్తున్నాడు. రైలు ముందుకు వెళ్తుంటే చెట్లన్నీ వెనక్కి వెళ్ళిపోతున్న దృశ్యాలను అబ్బురంగా చూస్తున్నాడు. చిన్న పిల్లాడిలా సంబరపడుతూ “నాన్నా ! ఆ చెట్లు చూడండి, ఎలా వెనక్కు వెళ్ళిపోతున్నాయో” అన్నాడు. ఆ తండ్రి చిరునవ్వుతో తల పంకించాడు. వీళ్ళకు దగ్గరగా కూర్చున్న ఓ యువజంట ఆ యువకుణ్ణి హేళనగా చూసారు. కాసేపటికి ఆ యువకుడి దృష్టి మబ్బులమీద పడింది. “నాన్నా ఆ మబ్బులు చూడండి మన తోనే వచ్చేస్తున్నాయి.” అన్నాడు, గట్టిగా. ఆ మాటలు విన్న యువజంట నవ్వుకుంది. నవ్వుతూనే “ఓ సారి డాక్టరు దగ్గరకు తీసుకెళ్ళలేకపోయారా!” అని ఆ కుర్రాడి తండ్రితో వ్యంగ్యంగా అన్నారు. “ఇప్పుడు ఆసుపత్రి నుండే వస్తున్నామండి... మా అబ్బాయి పుట్టుకతోనే అంధుడు. మనసున్న మారాజుల నేత్రదానంతో చూపు వచ్చింది. ఇవాళే డిస్చార్జ్ చేసి పంపించారు. చెట్లు, మబ్బులు, ఈ రైలు...ఇవన్నీ వాడు మొదటిసారి చూస్తున్నాడు. అందుకే అలా ఆనందపడుతున్నాడు” అంటూ చిన్నగా నవ్వుతూ చెప్పాడు ఆ తండ్రి. ఈ మాటలకు ఆ జంట తలలు వాలిపోయాయి.

నీతి: ప్రతి వ్యక్తి ప్రవర్తనకు ఓ కారణముంటుంది. ఆ వ్యక్తి గురించి పూర్తిగా తెలుసుకోకుండా ఓ అభిప్రాయానికి రాకూడదు. అలా కాదని తొందర పడితే, నిజం తెలిసినప్పుడు పశ్చాత్తాపం పడాల్సి వస్తుంది.

అచ్చులమాల సంపూర్ణరామాయణం

అ- అయోధ్యకు రాజు దశరథ మహారాజు

ఆ- ఆయనకు ముగ్గురు భార్యలు

ఇ- ఇలలో వెలసిన శ్రీరామచంద్రుడు

ఈ- ఈయనకు తమ్ముళ్ళు ముగ్గురు

ఉ- ఉత్తమ ఇల్లాలు సీతాదేవి

ఊ- ఊర్మిళ లక్ష్మణుని భార్య,
సీతకు చెల్లెలు

ఋ- ఋషులు వశిష్ట విశ్వమిత్రులు
గురువులు

ఎ- ఎన్నడూ తండ్రి మాట జవదాటలేదు.

ఏ- ఏడేడు పద్నాలుగేండ్లు వనవాసం
చేశాడు.

ఐ- ఐకమత్యంతో వానరమైత్రి చేశాడు.

ఒ- ఒక్క బాణంతో వాలిని చంపాడు.

ఓ- ఓపికతో శబరి ఎంగిలి పండ్లు తిన్నాడు.

ఔ- ఔదార్యంతో అహల్యకు శాపవిమోచనం
చేశాడు.

అం- అందరితో కలిసి వారధి నిర్మించాడు.

అః- అః అంటూ రావణుని సంహరించాడు.

పలకరింపు

పొద్దుపోయింది. చీకట్లుముసురుకుంటున్నాయి. అతిశీతల గిడ్డంగిలో పనిచేస్తున్న వారందరూ ఇళ్ళకువెళ్ళే హడావిడిలో ఉన్నారు. సుందరయ్య అనే ఆయన సమయం చూసుకోకుండా పనిలో మునిగిపోయాడు. ఓ శీతల యంత్రంలో వచ్చిన సాంకేతిక సమస్యను సరిచేస్తూ లోపలే ఉండిపోయాడు. మిగిలిన సిబ్బంది అందరూ దీపాలను ఆర్పేసి ఎవరి దారిన వాళ్ళు వెళ్ళిపోయారు. గిడ్డంగికి తాళం పడిపోయింది. అప్పటికి గాని విషయం అర్థం కాలేదు. గాలి కూడా జొరబడలేని శీతల గిడ్డంగిలో తాను బందీ అయ్యానని గ్రహించాడు. నిమిషాలు..గంటలు గడుస్తున్నాయి. బయటపడే మార్గం కనిపించడంలేదు. తానింక మంచు గడ్డల్లో సజీవ సమాధి కావడం తప్పదనుకుంటున్న సమయంలో... తలుపు తీసిన అలికిడి అయ్యింది. హమ్మయ్య అనుకున్నాడు. కాని ఇంత రాత్రిపూట లోపలికి ఎవరైనా ఎందుకు వస్తారు? అతనికేమీ అర్థం కాలేదు. టార్చ్ లైట్ తో ఏదో వెదుకుతూ వస్తూ కనిపించాడు కాపలాదారు. “ సార్!.. మీకోసమే వస్తున్నా... మీకేం కాలేదు కదా!” అన్నాడు. నేను లోపలే ఉన్నానని నీ కెలా తెలుసు? ఎవరైనా చెప్పారా! బయటికి వచ్చి, గుండెల్నిండా గాలి పీల్చుకుంటూ కాపలాదారుణ్ణి అడిగాడు రమణ. ఎవరూ చెప్పలేదు సార్! ఈ గిడ్డంగిలో 50 మందికి పైనే పనిచేస్తున్నారు.. కాని రోజూ పనికి వచ్చేటపుడు, తిరిగి వెళ్ళేటపుడు నన్ను పలకరించేది మీరొక్కరే సార్. ఈ రోజు ఉదయం హాలో చెప్పిన మీరు సాయంత్రం కనబడలేదు. అనుమానం వచ్చి లోపలకు వచ్చాను అన్నాడు కాపలాదారు.

నీతి: మనం చేసే చిన్నచిన్న పనులే ఒక్కోసారి మనకు శ్రీరామ రక్ష అవుతాయి. భేషజాలకు అతీతంగా ప్రతి ఒక్కరిని ప్రేమగా పలకరించే మనుషులెప్పుడూ అవతలి వ్యక్తుల గుండెల్లో స్థానం సంపాదించుకుంటారు. ఎంతైనా ‘మాట’ మనసుల్ని దగ్గర చేస్తుంది కదా!

బి.దేశిక, 10 సి

మంచిమాటలు

కాలం కలిసొస్తే ఇంట్లో
డబ్బు మొక్కలు
మొలుస్తాయి!
కానప్పుడు ఆ డబ్బుకే
రెక్కలు మొలుస్తాయి!
ఐశ్వర్యం, ఆనందం

అవిభక్త కవలలు!
దారిద్ర్యం, ఆరోగ్యం
కలవని సవతులు!
రోడ్డు దారితప్పినట్టుంది.
ఏ ఊరి కోసమో
వెతుకుతూ

పోతూనే ఉంది!
చెట్లను చంపి
రోడ్లు పుట్టాయి.
ఆ చెట్ల పిల్లలే పెరిగి
రోడ్లకు గొడుగు పట్టాయి!

డి.రేపంత్ రెడ్డి, 10 సి

తెలుగు భాషాదినోత్సవము

మా పాఠశాలలో తెలుగు భాషా దినోత్సవాన్ని వైభవంగా జరుపుకున్నాం. విద్యార్థినీ, విద్యార్థుల నృత్యాలు, పాటలు, నాటకాలు, ఏకపాత్రాభినయం, పొడుపు కథలు మొదలైన వివిధ సాంస్కృతిక కార్యక్రమాలు ఆహూతులను ఆలరించాయి.

కార్యక్రమానికి ముఖ్య అతిథిగా ప్రముఖ సినీగేయ రచయిత కె. సుభాష్ చంద్ర బోస్ గారు విచ్చేశారు. వారు ప్రసంగిస్తూ తెలుగు భాష చాలప్రాచీనమైనదని, అపారమైన సాహిత్య సంపదను కలిగివుందని, దానిని కాపాడుకోవలసిన బాధ్యత మనపై ఉన్నదని, తను మాతృభాష తెలుగు పై ఒక చిత్రంలో రాసిన పాటను శ్రోతలకి వినిపిస్తూ, అందులోని తెలుగుభాష గొప్పదనాన్ని వివరించారు. మాతృభాషను మరవద్దని మనవిచేస్తూ, తెలుగు వెలుగును కాపాడుకుంటూ, ఇతర భాషలను ఆదరించాలని అన్నారు. తనను ఒక రెండు గంటల కాలం అద్భుతమైన తెలుగు ప్రపంచంలోకి తీసుకు వెళ్ళినందుకు కృతజ్ఞతలు తెలిపారు.

పాఠశాల చైర్మన్ శ్రీ ఎ. మురళీ ముకుంద్ మాట్లాడుతూ అవసరాలకి, చదువుకోవటానికి ఇంగ్లీషు భాష నేర్చుకున్నా, తెలుగు మరిచిపోకూడదని, నిత్యవ్యవహారాలకు మనం

తెలుగునే వాడుకోవాలని, భాషపై పట్టును సాధించాలని, మనకు అపారమైనసాహిత్యం ఉందని, దానిని కాపాడుకోవలసిన బాధ్యత మనపై ఉందని అన్నారు.

పాఠశాల ప్రిన్సిపాల్ శ్రీమతి ఎమ్. వరలక్ష్మి మాట్లాడుతూ మాతృభాషను మనం ఉగ్గు పాలతో నేర్చుకుంటామని, ఎన్ని భాషలు నేర్చినా ఏస్థాయికి ఎదిగినా మాతృభాషను మరిచిపోకూడదని అన్నారు. ఏదైనా బాధ కలిగితే అసంకల్పితంగా నోట్లోనుండి అమ్మా! అనే పదమే వస్తుందని అదే మాతృభాష గొప్పతనమని అన్నారు. మనమందరం కలిసి మన మాతృభాషను ముందుకు తీసుకువెళ్ళాలని విద్యార్థులను కోరారు. జై! తెలుగు తల్లీ! అంటూ ముగించారు.

అకడమిక్ డైరెక్టర్ శ్రీమతి జి.శ్రీదేవి మాట్లాడుతూ మాతృభాషను మరవడమంటే మాతృమూర్తిని మరవడమేనని, మాతృభాష పై పట్టుసాధిస్తేనే ఏ భాషానైనా సులువుగా నేర్చుకుంటామని, తెలుగు వారిగా జన్మించినందుకు గర్వపడాలని, మనం మన తెలుగు భాషను చూసి గర్వించాలని, మాతృభాషను మరవద్దని సెలవిచ్చారు.

పందన సమర్పణతో కార్యక్రమాన్ని ముగించాము.

STUDENTS'
POTENTIAL
UNLOCKED

- Understand your true capabilities
- Identify your strongest skills
- See where you can improve
- Track your performance year-on-year

In 2017 the most comprehensive international benchmark of learning progress will be launched in India. ICAS is already helping students develop their skills in over 20 countries around the world.

ICAS does not test recall of curriculum content so you don't need to study for it.

It assesses higher order thinking skills that underpin success in English, Mathematics, Science (Classes 2–12) and Digital Technologies (Classes 3–10). ICAS can help you, your parents and teachers understand and improve your depth of capability across these different skill areas with powerful, proven results.

ICAS is trusted by educators who are genuinely invested in advancing education outcomes for their students and school.

ICAS's rich diagnostic reports help you unlock your true potential.

Awards

The Aim of Education Should Be to
Teach Us How to Think
Rather Than What to Think

PHILOSOPHY:

- Stress-Free Education : Free thought & expression are the basis of Teaching Methodology.
- The Global Classroom : Visualization of the concepts within the curriculum through animation and 3D presentation for realistic daily applications
- A Home Extended : Providing parental care and concern through mentorship.
- Providing self confidence and Generating competitive spirit.

They ask... they think... and they solve...

Creating leaders
