We are really proud and exuberant to announce that we are ready with all new hopes and hues to bring out this year's issue. The theme for this year is 'Exploring the hidden talent'. This magazine is surely going to unfold the most unforgettable and precious moments of the school.

The magazine is viewed as a launch pad for the children's creative urges to blossom naturally. As the saying goes, 'The mind like a parachute works best when opened.' This humble initiative is to set the budding minds free allowing them to roam free in the realm of imagination and experience, to create a world of beauty in words.

The enthusiastic write ups of our young writers are indubitably sufficient to hold the interest and admiration of the readers. This magazine is indeed an attempt to make our budding talents give shape to their creativity and learn the art of being aware because I believe that our success depends upon our power to perceive, the power to observe and the power to explore. We are sure that the

positive attitude, hard work, sustained efforts and innovative ideas exhibited by our young buddies will surely stir the mind of the readers and take them to the fantastic world of unalloyed joy and pleasure. We have put in relentless efforts to bring excellence to this treasure trove.

The magazine is a reflection of the school's spirit which is an expression of collective thoughts, actions and aspirations. A combination of these, I firmly believe would spur higher growth and enterprise in children.

It gives me immense pleasure to ensure that this magazine has successfully accomplished its objective. The reflection of the students' creativity and achievements is the epitome of the magazine. Students have put forth their ideas and thoughts that are too deep to be expressed and too strong to be suppressed. This magazine is before you due to the combined efforts of the Editorial Board. Jubilee Hills Public School has a good track-record of nurturing and fostering the creative talents of its students

I am happy to know that Jubilee Hills Public School, Hyderabad is publishing its Annual School Magazine 'Ascent' for the year 2018-19.

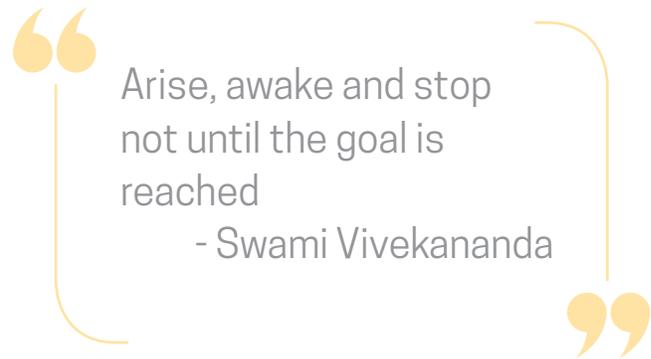

Jubilee Hills Public School has a good track-record of nurturing and fostering the creative talents of its students. I hope the school will continue to focus upon quality education and a variety of other co-curricular activities necessary for the all-round development of its students.

I extend my greetings and congratulations to the students, teachers and staff and wish the publication all success.

Shri. M. Venkaiah Naidu

Hon'ble Vice President of India

New Delhi

T. Harischandra Prasad

Secretary, Jubilee Hills Education Society

Dear Students and Parents of JUBILEE HILLS PUBLIC SCHOOL,

As given in the quote above your goal is your vision of success. You have to grow from the inside out. None can teach you, ...There is no other teacher but your own soul, and...your belief in yourself.

I am of the firm belief that the vast majority of people are born with different levels of intelligence; neither should intelligence be estimated based on the number of questions or tricky problems a person can answer or solve nor the memory levels. I further believe that an average person with average capabilities in quite a few areas of their daily lives are not called intelligent only because they don't exhibit any specific attribute about themselves. Finally, I believe that every child has some talent hidden somewhere in the depths of their body, heart, mind or soul, that is kept dormant only due to circumstances and not due lack of capability.

So why are only a few called intelligent and the vast majority called mediocre? To be termed intelligent, one needs to 'exhibit' some kind of talent. Note that the key word is 'exhibit' and not 'talent'. So 'talent' is exhibited through the marks you get, the runs/goals you make, the speeches you give, the money you make, etc. This exhibition of talent brings recognition and success. I for one don't believe such exhibition of superiority over the others is intelligence or talent. It is sheer hard work, tenacity, concentration and love for what they do.

The human traits that inhibit exposure of talent or intelligence are: FEAR, INDIFFERENCE, IMPATIENCE, DISTRACTION and APATHY. One has to overcome these and work towards success.

At JHPS you have numerous facilities and opportunities to hone and exhibit your talent. My dear young friends, the management of JHPS firmly believes in providing you with the necessary support at losing the negative traits that inhibit you from showing off your talents. We have many facilities in the areas of fine arts, sports, public life, science and technology. It is up to you to access the support provided and exhibit your talents.

I am particularly happy at the fact that one such of my dream facilities - the TINKERING LAB - has helped bring out the creative talent of two of our students who have received national accolades and others who are innovating and receiving awards. With your inputs and usage, it is poised for bringing out many more such.

I wish you all great success and that you cherish your time at JHPS.

“Doing easily what others find difficult is ‘Talent’; doing what is impossible with talent is ‘Genius’.
- Amiel”

A. Murali Mukund
Chairman

Every child is unique. Every child is born with some talent or the other. Many talents go undiscovered in this complex and competitive world. It may be that a child had an inherent skill but never had the time to practice, an academic area where the child wanted to excel but could not, or a sport which the child was interested in yet never had the means. Many such talents go unnoticed due to lack of opportunities or support to pursue what the child wanted. There are so many examples where talent was found at different stages and ages of a child's life.

Some talents are recognized early by children themselves, parents or teachers. These children need further guidance to utilize these talents for the enrichment of their life, career or society. Most of us judge the children by their performance in academics but not in their other talents. Every child has some strength, some weakness and also some talent. Such a latent talent can be surfaced only by observing the child's hobbies, passions and performance on a continuous basis.

Talent is essentially an internal streak with which the child is born but it has to be honed if the child wants to make a profession of it. So, unless a child practices with passion and determination the child cannot excel in music, sports, academics, politics and so on. That is why people end up saying 'Talent' is wasted. So, talent along with rigorous practice makes you a 'Genius'.

All the Best !

Every child is a born genius, brimming with hidden talents waiting to be discovered.

M. Varalakshmi

Principal

Bloom (1985) reminded us that the process of identifying talents should begin early and be viewed as a continuous process of ever better delineation of students' strengths, interests, and learning-growth. It is a teacher's responsibility to find these seeds of potential and help them blossom into flowers. As Albert Einstein stated, "If you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid". We need to recognize that our children are growing up in a world, in a time, which is very different from our own childhood. Hence, we cannot guide them while being clouded by our own biases and preconceived notions. As they embark on journeys unto the unknown, we should fill their young hearts with courage and conviction. In Harry Edwards' words, "We must teach our children to dream with their eyes open". Once they begin to dream, we must equip them with the skills and abilities to realize them. Our students are about to take their first flight.

At JHPS, we are dedicated to providing our students an environment conducive to learning, imagining and achieving. Academic excellence, holistic development, and responsible citizenship are resolute pillars of this institution. JHPS has a rich heritage of brilliance and our students are a living manifestation of this legacy. Through the synergised efforts of the management, teachers and parents, we should ensure that they soar to great heights and create a world full of peace, harmony and self-knowledge with value based education and character formation. JHPS explores the talent of every child growing up to love the country, its people and fit into the democratic fabric of the country.

JHPS believes in making a difference with patience and commitment. Empowered with a strong sense of wellbeing, we are confident that our students will emerge as responsible global leaders and citizens with strong moral, ethical and social values.

Wish you all the Best !

“
 Whatever activity gives you
 happiness give that your best shot.
 ”

G. Sree Devi

Academic Director

India is renowned throughout the world for its technical education. This obsession with technical education has percolated down even to the children. Any time we ask students what they aspire for, it's mostly engineering as it has been instilled into them that the most lucrative profession is engineering. In our pursuit of academic excellence we have arrived at the conclusion that only those who do well in academics will succeed in life but in this quest we have forgotten that it is not the pursuit of excellence that leads to fulfillment but rather the pursuit of fulfillment that leads to excellence.

To achieve this, we need to cultivate a mindset which can guide us to a life of purpose, authenticity, and achievement. We need to look into ourselves to see our inherent talent and make consistent efforts to make the right choices that suit our unique interests, abilities, and circumstances that will guide us to a life of passion, purpose, and achievement. Only then can we blaze our own trail to a life of happiness, prosperity and a strong sense of fulfillment.

Students, as you are in a school which provides the infrastructure and facilities to maximize your potential, make the best use of this opportunity. Learn to sharpen all aspects of your personality. Be it in the class rooms, the school clubs, the house activities, art, dance, music, library, special assemblies, class assemblies, sports or any other competitions - the mantra is 'participate'. You never know which activity will strike the inner chord and ring the bell of your ability. Whatever activity gives you happiness give that your best shot.

All the Best! Put in efforts to hone your skills and talents in your school years.

Our words spread as if the pure nectar

The students and staff of Jubilee Hills Public School had the privilege of listening to His Holiness Sri. Tridandi Chinna Jeeyar Swami's message on 7th January, 2019 at the school premises.

Swamiji's interaction with students:

Q. What is education ? - Swamiji

Face the challenges in the society exploring yourself. -
Tanmayee - VII A

Q. Can we say that 'Guru' and 'God' are the same? - Keerthika - IX A

No, both of them are not the same. Guru is the guide in our life who directs us and shows the path to us. God is the Supreme force and is a place where we all need to go at some or the other point of time in our lives, he is the final destination.

Q. How should we follow the customs and traditions of all the religions? - Abhinandan.M - VII D

There are many religions in the world. But, each and every religion conveys the same message. All the religions preach the same thing, that is to spread happiness.

Q. Why are there so many gods in the universe?

Even though there are so many gods in the universe, God is one. There are many people who serve others in the name of God. There are 33 crore angels in this universe, but there is only one God. We humans pray to him with different names.

Q. Who is great-man or god? - Shravan - IV D

Man is the person who tells us that God exists. Therefore, man is great.

Q. What does education mean? - Aaditya Patnaik - VII G

A person who has knowledge from the book is known as a *literate*. Education doesn't mean knowledge confined to books. Bookish knowledge is called *literacy*. Education is the ability to understand challenges of life, analyze them and resolve them. A literate cannot face any challenges but an educated person can face every challenge in life.

Q. What is your advice to all the students of JHPS? - Hritiksree - X A

We always need to make the best out of all the opportunities provided to us. Education allows us to achieve this goal. There maybe good times and bad times in one's life. Anything can happen anytime. We cannot predict anything about future. Good things may come into our life from any corner. But, great things won't come always. Therefore we should wait for the opportunity patiently and take it up. Every person in this universe has tremendous potential to achieve outstanding things in their lives. It is just patience and perseverance that needs to be added up to become successful.

Q. In everyone's life, there is always a person who inspires us. Who is he? - Sandesh, X E

The teacher or guru is the main inspiration in one's life.

SWAMIJI INTERACTING WITH STUDENTS

Tete' A tete' with Brahmasri Chaganti Koteswara Rao

Pearls of wisdom

A discourse by eminent Pravachana Chakravarthi Brahmasri Chaganti Koteswara Rao garu on Personality Development was organized for the students by Jubilee Hills Public School. Speaking on the occasion, Sri. Chaganti Koteswara Rao garu said that for the overall development of one's personality, along with education one needs to cultivate good habits right from childhood and develop humility, tolerance, obedience, ability to learn from difficult situations which arise in life. He quoted examples of Sri. Adi Shankaracharya, Dr. A.P.J. Abdul Kalam, Mr. Nelson Mandela, Madame Curie and Mahatma Gandhi.

Sri. Chaganti Koteswara Rao garu was felicitated by the Chairman and the Managing Committee Members.

Guruji, Did you want to be a spiritual prophet since childhood or have you been inspired by someone?

I never thought to become a spiritual guide. But my family background influenced me. My father was a great scholar and I inherited his traits. During my college days the sermons on Ramayana disseminated by the eminent Guru Shiromani Shriman Shriramyam Appalacharya influenced me. The education received from my guruji and religious scriptures that I had gone through,

especially Sri Sri Shankara Charya's 'Vangmayam' have inspired me to get into the field of spirituality.

What kind of personal problems would the future generation get to face?

Based on my observations of the society the future generation might face two types of problems. Firstly, if the future generation does not learn to ingrain self-control in the increasingly tumultuous society, a serious degradation of self-destruction is a possibility. I will cite an example, during our student days the songs which we used to listen to were more patriotic and in the devotional category. But now the meaning of entertainment has changed, let it be the songs of today, the books available or internet facilities have corrupted the mindset of the youngsters. If this generation doesn't learn self-control it may destroy their future.

The inability of time management and planning is the second problem. Inability to use time wisely is the root cause of accidents and lack of concentration. Extensive use of mobile phones and internet availability is also a leading cause of rise in stress levels and different ailments in youngsters. These are the two major obstacles the future generation might have to overcome.

What does a person need to progress in life?

Values are very important to progress in one's life. The behaviour of a person will always be given importance rather than his professional position or his educational qualifications. A person plays various roles in his life it might be as a father, son, brother, student or a teacher but he is said to be a complete human being if he ensures that happiness prevails not just with his family but also in the society he lives in.

What message would you like to give to the students?

I advise students to read good books, be in good company, closely observe elder's lives and learn from them. Learn self-discipline so that the unnecessary things going around would not affect you. We should be able to absorb the good values from the society and ignore the evil. These are the simple habits which can help us in our development.

EXPLORING THE HIDDEN TALENTS

"Discipline is the refining fire by which talent becomes ability"

- Roy L. Smith

Everyone has a purpose in life and a unique talent to give to others. Talent is our innate ability to do something. It is our natural ability which is inborn. Every one of us has special talent. We just have to find what's special about us that distinguishes us from all others, and through true talent, hard work and passion anything is possible. Always have faith in yourself and keep going. You don't have to be the smartest person in the world but you have to identify the hidden talent which can help you reach your destination.

TALENT IS GOD'S GIFT TO US, LET US EXPLORE AND FIND OUT.

How to identify your talent?

Your perception of yourself is very complex. Similar to how you cannot see your own nose, you may often be blinded to the things that you are best at. It can be really hard to identify your brightest talents and they are often in the places you least expect. You may even be very good at things that you perceive yourself as being bad at. Therefore identifying our talent is very important in order to shine out in the crowd.

One of the simplest ways to identify your talent is to determine what is easy for you. There might be certain things that others may find difficult to do but you can easily do it. There might be certain things that enthrall you the most or there might be things that you love talking about. If we notice ourselves keeping these things in mind, we are surely bound to find our talent.

There might be things which you may think you are not good at but they may also prove out to be your talent. Sometimes we don't put our full efforts in certain things because of which we may not be able to understand our actual potential in it.

Asking others is also one of the ways. Sometimes people, like your family and your friends will be able to identify your talent better than you.

That is why one should always keep oneself motivated and should keep this fact in mind that each one of us in this world is talented and we can do wonders if we use our talent to the fullest.

Anusha Jaipuria - 10, F

I HAVE NO SPECIAL TALENT, I AM ONLY PASSIONATELY CURIOUS.

Is everyone talented?

“Everybody has talent; it’s just a matter of moving around until you’ve discovered what it is.”

- GEORGE LUCAS

Everyone is born with potential to achieve extraordinary things in life. Everyone is talented in their own way. We as human beings may not realize this potential within us but we need to work hard to find it, because it is there, hidden deep in our souls trying each and every second to shine out to the world.

Everyone has a certain area where they can shine. But many people have trouble finding it. We need to start our journey towards discovering ourselves and work on it so that we can reach greater heights in future and excel in each and every possible aspect in our lives. Talent comes in various forms. Every person is a unique collection of traits, aptitudes and circumstances. Each of us has a kind of mission on Earth; the writer Caroline Miss calls it a “sacred contract”—something that we are here to do. From this point of view, each of us have exactly the traits, aptitudes, and circumstances we need in order to fulfill our contract.

Therefore, it is pretty impossible to find someone that doesn’t have a talent. Every person has skills that their neighbour wouldn’t have. Every person can do something their partner can’t. These talents might be small and inconsequential in the grand scheme of things, or they might be life changing. Therefore, we always need to move forward in life with a positive attitude to achieve more laurels in our future.

We need to love our lives...love ourselves....and discover ourselves.

Following these tips may help you to develop your talent

1. To discover what our talents and skills are, try making a list of things that we can do and identify which among these do we like or we enjoy doing the most. We could also try new things -- something that we haven't thought of doing or perhaps something that we are totally afraid to do.

We need to get out of our comfort zone, because we know, this would be an avenue for our hidden talents to rise to the surface to make themselves known to us.

2. We need to listen to ourselves and find out what we love. Think about our achievements even all the way back to our childhood or ask our friends and family what they think makes us special.
3. Once we have sorted these out, we need to get a feedback from others to find out how we can improve on this talent or skill and make it even better.
4. We must be willing to spend the time and effort to develop the talent we are seeking and we must have faith in ourselves.
5. We must practice using our talent. Every talent takes effort and work to develop. The mastery of a talent must be earned.

I thank all the teachers for their wonderful work. We as parents, teaching one child at home is difficult but teachers are putting their efforts to train many children at school. All the kids dancing on the stage with confidence was a feast to eyes. The activities done in the class are really good. My daughter tells me not to throw even a paper plate and instead tries to make some thing best out of it. I once again thank all the teachers.

Parent Name : Mr. Ramakrishna Rao
Student Name : Dhruva Ramaraju, LKG-C

I sincerely express my gratitude to JHPS. Gratitude is something which you do unconditionally like mother's love and father's fraternity. Similarly, I respect this institution because it is as old as I am. So, from past 32 years the school underwent many transformations and produced many successful students. My sincere thanks as well as gratitude to the teacher. She has been doing a tremendous job and it's a fact because me and my wife interact and collect feedback during PTM and work on it. There are many reasons for which I have entrusted my confidence in the school and believe that whatever happens in the school is for the benefit of the child. Thank you once again.

We are from Chennai. When we joined our kid here, we told the

teacher that she doesn't understand Hindi or Telugu. We requested the teacher to help her in building the confidence levels. After seeing her performance and confidence here today on the stage, I and my wife were in tears. Thanks to the teacher.

It was a wonderful performance. After seeing today's performance and my child's overall development, I understand that school plays a very important role in every person's life to overcome their

weakness. Now it's like the school is second home for my child. Today's theme was presented very well by the children. I was so emotional by seeing my child performing so well at this young age.

It was so nice to see my grand son performing on the stage. He was looking so cute. I think teachers struggled a lot to make these small kids perform on the stage. Thank you so much to all the teachers.

The theme of the programme Incredible India was excellent. It really made our day. Congratulations and thanks to all the teachers and other staff. It needs a lot of effort to train the kids and make them perform on the stage. Thanks to the Management, Principal and the Headmistress for coming up with such good programmes. .

There are so many schools but the reason for choosing JHPS is, it not only focuses on academics but also moral values and co-curricular activities. The programme was fabulous and I appreciate the team work of all the teachers.

PARENT REVIEWS - UKG (TARANG)

Thank you for this programme. When we were young we never had these type of programmes related to Nature and Mother Earth. We have already done enough damage to the planet. It is good to pass on this kind of messages to younger generations, so that they can save the planet for the next generations.

Mr. M Karthik Reddy
Father of Jathin UKG -A

I think the theme was perfect. More than anything, every time I walk in to any of the Parent Days, it reminds me of another innocent world. Tears were rolling down while watching the performances of these innocent kids and it's a different world altogether. I am proud that both my kids are with JHPS. Thank you.

Ms. B. Priya

In my childhood, I used to cry till class III to go to school. I always wonder why Ashrith never does that. If school is like JHPS no one does. They will be really happy to come to school. The second thing is the theme, the concept and the effort put in were really great. This year I have seen lot of improvement in Ashrith's performance when compared to last year. I expect he will do much better in the coming days too. Thank You.

Krishna Chaitanya Gelli

It's a great message how to save nature. I am happy that children at this age are learning how to save our planet earth. I am also working for the same cause "Save Nature". I am the Founder Director of Green Morning where we translocate trees . We need not cut the trees, we can lift the trees with roots and plant them wherever we want and give rebirth. We have successfully translocated 8000 trees all over India. I am glad to see these young kids conveying the same and making our work easier. Thanks to JHPS.

Mr. Ramchandra Appari
Father of Saransh Appari, UKG - D

The importance of blending tradition and technology was well depicted. Children need to be told about our culture as they are born and brought up in the modern world. We, as parents are responsible to balance modernity & tradition and ensure to become role models for our children. This is the best platform to inculcate values and skills. Hence parents and teachers should play a major role in keeping up the tradition.

Dr. Santosh Kumar
Father of Mohit Sai, UKG-E

Iam a parent of two kids, who are studying in LKG and UKG. Taking care of two kids at home is very difficult. Today I see around hundred students from four different sections on the stage. Everybody is being taken care of by the teachers and sub staff. As parents, we are just here to take video or one clipping of our children to make it our Domain picture. But to make it happen, the teachers have to put in a lot of effort. Three big cheers to them.

Ms. Sridurga Challa
Parent of Challa Adhrit, UKG - G

Recently we have shifted from Bangalore but my sons do not miss their old school because they are getting the same treatment in JHPS also. My sons are extremely happy to come to school. Thank you so much for the motivation.

Secondly, today's programme - The theme of the programme was excellent. It brings us back to the old days of playing marbles, dancing in the movie theatre, group photograph etc. Thanks for taking us back to our childhood days. It really made our day.

I would like to congratulate all the teachers and the students for a brilliant show. I feel it was like a triangle with three corners. A PARENT'S MESSAGE

Mr. Indrajit Patra is the father of Aanchal Patra, who studied in Jubilee Hills Public School from 2014-2019. As he was transferred to Visakhapatnam he wanted to share his experiences in JHPS and forwarded the following letter to us:

"Every parent wants his children to excel in all fields especially with a solid foundation in education at the initial stage. I really feel proud from the deep core of my heart to have taken a correct decision to put my daughter in JHPS way back in 2014. Her journey of five years from LKG to Class III has been very fruitful in diverse respects, which comprises strong basics in studies and keen interest in co-curricular activities, which she developed.

In my unbiased opinion, following TEN points prove that JHPS is the best....

- 1. Very strong top management, which believes in core issues on education and how to execute it. The present Chairman Shri. A. MuraliMukund is a classic example of this. He is a man with down to earth quality, clear cut vision and efficient managerial capability.*
- 2. For the success of any school, role of Principal is of paramount importance, who plays a bridge between the top management and the teachers. Ms. M. Varalakshmi is a glorious example of that. She is a lady with enormous patience, dedication and commitment and still with a smiling face always. The Best Teacher award from President of India is a testimony to her intrinsic talent and management.*
- 3. A galaxy of fantastic teaching faculty (Academic Director, Headmistress and all teachers), who know their key responsibility to deliver the best to the students to nurture their hidden potential. Teachers are the best asset to any school, as doctors in a hospital.*
- 4. Excellent/innovative teaching methodology studied with continual monitoring on the grasping ability of the students-A key factor for overall student output.*
- 5. Giving equal opportunity to each individual in studies as well as extra-curricular activities, which is lacking in most of the schools. This testifies the patience of every teacher as a micro-observer. Each kid is a wonder in his/her respect.*
- 6. Right place for parent-teacher-student triangle concept, a ground where any problem can be solved and a strong bond between Teacher-Student, which is very essential. Even, my daughter remembers all her teachers from LKG to Class III.*
- 7. A real example of Swachhata (A dream project of our Prime Minister), each part of the school is very neat and clean. Neatness is a pre-requisite of everything.*
- 8. Presence of a real good administrative and other staffs for any help and a reliable transport facility to every corner of the city with adherence to care/safety.*
- 9. Spacious playground and availability of ample space for any event to organise, which other schools lack now-a days.*
- 10. Finally, an Excellent use of modern technology in day-to-day activity of school, practical move towards Digital India concept.*

I wish all the very best to JHPS to flourish in future in all respect."

THE WILDEST DREAM

As I looked out of the window that morning, the first dawn rays were filtering through the window into the train's cabin. Rumbling noises had jolted me awake and it was evident it wasn't the train. So, my guess was right! The man with the extra-large nose sure did have some extra-snore powers! Beads of sweat had begun to run into the folds of my neck and I chided myself for picking this full-sleeved top. I mulled changing into something more comfortable, but currently, my satchel was serving as a pillow to my mom in the middle berth, her sleep clearly having triumphed over the heat and noise. I groped my kindle, wondering when the train would move again.

That's when I saw her, huddled at the foot of a bench, a small sack beneath her elbows. I wasn't sure at first-the oil from the Bhelpuri had further botched up the already grainy CCTV shot of her just after she had nabbed a 6-day old baby from a government hospital. Our eyes met, and my scream ripped the early morning air in the cabin.

The nightmare felt silly now that Amma's hand was soothing my brow. "This is why you shouldn't read all those crime thrillers. There's nobody here!" Amma shushed me with a crimson face, embarrassed by the sleepy, annoyed eyes that were on us now.

Later that morning, it was the newspaper's turn to scream at me: "CHILD GRABBER NABBED AT RAILWAY STATION!"

THE SECRET OF THE BERMUDA TRIANGLE

Five of the area's most mysterious and terrifying disappearances, some of them centuries-old, some eerily recent! Read and draw your own conclusions.

The Bermuda Triangle, also known as the Devil's Triangle, is a notorious area that lies in the North Atlantic Ocean between Florida, Puerto Rico, and the island of Bermuda. If you draw a line connecting these three points, you get a huge triangle. In fact, it's estimated to be a whopping 500,000 square miles in size!

Here are some numbers that will draw you the right

picture: around 300 ships gone missing in this specific area, 75 aircrafts never found. Nobody knows what makes the crafts disappear in this area.

Not many are aware of what the Bermuda Triangle hides in its depth. Are you ready to discover the most scary and shocking creatures you've ever seen in your life?

Dragonfish, Vampire Squid, the Goblin Shark and so many more creatures lurk in the depth of the Bermuda Triangle.

I am sure you wouldn't even think about going and finding out over there, but adventures are supercool.

WILD IMAGINATION

As I looked out of the window during the morning on that day I saw that the world war-III had just begun. Just few survivors and I wanted to go to a safer place which was about 520km and that was an impossible task but we didn't give up the survivors and I travelled day and night and managed with the food and water we had. On the second day of our travel around noon they dropped five shells and we had to run as quickly as possible which was a complicated task.

The shells killed many people in the world, and then we got to know that we had covered 200km and we thought to take rest for a few days. But we couldn't do so as there could be another attack so we continued our journey. There was another problem, we were running out of food and we made sure that at least the kids were eating well.

When we were almost 100km from the refugee camp, we saw the protection army coming towards us and we were very happy. As the army came closer to us there was an unexpected attack and our army made sure we all were safe. Finally, we were in the refugee camp and started a new life. We all were praying for the war to end. There was no news from the army for a week and we all were getting tensed. Then we heard the news that the war ended and our army was safe.

MY EXPERIENCE IN THIS TEMPLE OF LEARNING

I have been studying in JHPS from 2nd grade. It has truly been a wonderful experience these past eight years.

Time flew so fast that it is hard for me to believe that this will be my last year in this school. The school has not only taught me lessons and chapters from textbooks but also taught me moral values, discipline and evolved me into a citizen who would strive hard to build the Nation. I will never forget my teachers who are my role models in this journey.

The infrastructure provided by the management is excellent. We are provided with all the facilities and opportunities required. The school has also provided us with many opportunities and always encouraged us to participate in various competitions and programmes. My friends were the best and always supported me in every aspect. I am sure without them this journey would have not been so bright and fun filled.

Lastly, I would like to say that I will always cherish the sweet memories of my beautiful school days.

MY MEMORIES AT JHPS

"School", this word is a potpourri of emotions. A place where we spend half of our day reading, writing, learning and of course, playing, chattering with friends, standing out of our classrooms for punishments and feeling happy when the teacher is absent. It's all part of our school life without which every student's life is incomplete.

My association with Jubilee Hills Public School began in 2008. I was very much excited and nervous at the same time. New school, new friends and everything new. When I entered the campus that day, I was nervous, but later I felt comfortable and safe because of the supportive teachers. Teachers in JHPS shape our character and caliber, motivate us and explore the hidden talents in us. Every teacher here is amazing in his/her own way which is, arguably the best one.

Being part of the student council wasn't easy. I thank the school for providing us an opportunity to spread our wings of leadership and pushing our limits to the maximum.

All such memories are valuable for me and will stay in my heart. School was like our second home where we shaped our future. In these 11 years of association of mine with JHPS and still counting, I couldn't be happier. JHPS moulded the leader within me. The values I've learnt here will never be forgotten.

THINK WIN-WIN, YOU WIN AND I WIN

We all want to win and never lose in whatever we do in our lives. However, even before trying, we give up and not move forward as we are afraid of losing and being laughed at among friends. Half of the battle is lost by doing this. Most of us believe in keeping a low profile rather than participate and lose.

Our mind is a big motivator, and it is through our thinking that we win or lose, be happy or sad, be weak or strong and so on. If we keep ourselves positively motivated by reading the right books, listening to powerful, encouraging speeches and lectures, being with enthusiastic friends or company this will help us to be positive in all aspects.

More than external influences, one also has to be self-motivated, have a positive attitude, strong faith and steadfast confidence in ourselves. Be prepared in all possible ways, losing does not mean give up, rather take it with a positive attitude, put forward your best to achieve success.

I would like to quote a few words which will infuse positive vibes:

“Some people want it to happen, some wish it to happen and others make it happen”.

So being positive and handling situations with a positive attitude goes a long way – “Always pitch in with your best”.

Shrey Mathur, IX B

FIGHT RATHER THAN QUIT

Vince Lombardi, famous football coach once said, “A quitter never wins and a winner never quits.” We have heard of this saying, at least once in our lives and had the opportunity to apply it to our lives be it sports, academics or at work.

A winner is someone who is determined to achieve the goal no matter how arduous the journey may be. A winner is ready to face challenges and obstacles that may come before attaining the goal. On the other hand a quitter gets perturbed by challenges and in the midst, gives up, not having a strong determination required to face the difficulties in order to reach the goal and is thus declared a quitter.

To give up midway is easy but to continue despite challenges is difficult. That is why only winners are remembered for a long time, their exemplary attitude shows that it pays to fight rather than to quit.

So I conclude by saying, face the difficulties on the way to success despite the difficulties that may be discouraging. Never quit because for the rest of your life you will regret having given up half way. Persist and fight to carve your way to success

FACULTY FLAIR

‘EVERY INDIVIDUAL SHOULD STRIVE TO UNLEASH THE WINNER WITHIN.’

1. Why is winning important in life?
2. Who in this world does not want to win?
3. What effect does winning have on a person?

Winning is important because it motivates and keeps a person happy and healthy. It builds confidence, grooms our personality and makes us smarter and bolder.

Winning brings fame and laurels as well. Winning is the key to a passionate, productive purposeful and prosperous life.

At the same time losing or defeats should not create unhappiness, hatred, depression and weakness, rather it should strengthen a person to be positive, overcome loss/defeat and work hard to win and achieve success.

Competitions are a part of our lives. They always make us stronger, create an urge and appetite to be victorious. They also create a mindset to accept challenges to win. It is better to dare mighty things to win glorious triumphs than to rank with poor spirits and

remain a mediocre. Winners should stay focused. Every individual should strive to unleash the winner within.

The major attitudes of winners are:

- Winners believe that it is possible to achieve.
- They see possibilities not problems.
- They do not quit even when others give up.
- Winners are constant learners.
- They rehearse often and practice their art to perfection.
- They do not lose strength under the pressure of criticism.
- Winners do not make success a resting place.
- They give their best in all their attempts.
- Winners come back from the worst situations and pull a win straight from the jaws of defeat.
- They make it possible for others to succeed.

So, Let us have a winning attitude towards every challenge we take up in our lives.

‘IF YOU DO WHAT’S EASY, YOUR LIFE WILL BE HARD. IF YOU DO WHAT’S HARD, YOUR LIFE WILL BE EASY.’

When an unexpected situation happens, there are two ways to act – blaming the circumstances and waiting desperately for someone to do something or analyzing it properly and responding in a timely and reasonable manner.

The second type of thinking is what we call being proactive. Being proactive means relying on your own choices and acting instead of waiting or expecting luck and circumstances to intervene.

People who achieve great results in life are proactive regardless of the situations they find themselves in. A proactive person is good at analyzing problems and finding solutions, even when not asked for. Fortunately, it is also a skill that can be developed and trained.

Uncover your proactive abilities, they are hidden deep inside you so delve into them. Each step towards developing proactivity will bring you closer to the mindset that you require to live the life of your dreams as reality.

VIDEO GAME

Friends say it's just a video game
I'll get over it in time
though it wastes time and electricity
And even it destroys my eyes

Parents say that I'm too old for this
I should know a lot better than to be hooked on this
game
I don't have 20-20 because of this game

I think we'll make a group
And have many friends
I know exactly
What I'll name them...
Wii, PSP, Play station, X Box, Nintendo
and More Game boy Advance,
Windows XP, PUBG, Fortnite
Less for you and more for me!

I think I need to get some rest
It probably is for the very best
But no matter what I do, or what I say
Please don't take my games away!

It all started with my parents
They decided to insert a coin into a slot,
And then pressed the button START
My life has many chapters and stages
Like a game has levels that engages

My Parents are busy doing whatsapp and twitter
to make me busy they gave me trigger,
Now they want me to hold a pen and write
But I love my game too much
For it to take the blame

Though life is like a video game
Still it can't work without hard work and effort
So I have decided to leave the video game and
Embark in to life to the level where I reach and all the
games are aside!

EDUCATION FOR INTEGRATION

Incredible Hindustan- A nation of diversity
Land of different cultures and languages,
Living in harmony incredibly with complex
bondages.

Before we say Hindus or Muslims or Christians,
We are all the proud sons of the soil, Indians.
Our culture has been through testing times
Suffering foreign invasion multiple times.
The abundance of geography of this great nation
Rises in the Himalayas and tapers gently into the
Indian Ocean.

Education here, has always been to nurture the
soul
Materialistic ideology has always played foul.
United we stand and make our country proud
Gather along and say 'Vandemataram' aloud.
'Vasudaivakutumbakam' has always been the
National slogan.

Let's march together and uphold the motto then.

SPECIAL NEEDS – SPECIAL DEEDS

I was on cloud nine when you came into this world,
My world seemed to be vivacious,
I thanked the almighty who was so gracious.
You were incredibly buoyant in your actions,
But people always gave different reactions.
Often they said I had tomatoes in my eyes,
Their views did not seem ostensible,
For which they thought I was responsible.
When I came to know you were autistic,
Emotions ran through me and I became hysterical.
My world got restricted but I took up
The challenge for you were the apple of my eye.
It was a desperate attempt to salvage the situation,
I now requested everybody for cooperation.
This mother wants a helping hand, so
That my son can conquer his land

MUSIC CAN MAKE YOU HEALTHIER

Music is a world renowned language that all can understand. From Australia to the deepest jungles of Africa, music is associated in people's everyday lives. Not only is music applied for entertainment but it can also be used for storytelling, learning, religious rituals and medical therapy. Music is an excellent therapeutic tool for the brain, because it activates so many parts of it. Music's pitch, rhythm, meter and timbre are processed in both the left and the right hemispheres of the brain. Listening to music triggers the areas of the brain that have to do with spatial reasoning. Music can even alter the brain if it is studied from a young age. Today, it is not uncommon for music to be used as a medicine for Parkinson's, Alzheimer's, depression, anxiety, stroke-victim recovery, stress, memory loss, and mental well-being.

Music's effect on the brain is a very profound and mysterious topic. It is said that music influences the process of thinking and analysing, making work more enjoyable and efficient. Studies have shown that music increases the amount of endorphins (a chemical released in the brain to reduce pain and provide a "good feeling" state) in the brain, initially, jump-starting the bodies healing process. As it distracts the attention from pain, it concurrently generates chemical behaviours that promote healing.

Music affects us in many different ways, and provides us with many benefits. Music can even be used to boost our mood. However, we have to know which type of music is most beneficial for us. It is normally based on personal preference. Universally classical music is usually the most rewarding. MUSIC IS TRULY AMAZING!

'GOOD MANNERS ARE THE OIL WHICH LUBRICATE THE FRICTION OF INTERPERSONAL RELATIONS AND CREATE A HAPPY AND SUCCESSFUL SOCIETY.'

Good manners are important for considering the feelings of other people and being the kind of person that others would like and respect. Always do to others as you would wish them to do to you if you were in their place. If you show good manners everywhere you go, you are more likely to encourage others to behave in the same way towards you.

- Be thoughtful, cheerful, generous, cooperative, and helpful. Don't be bossy and put people down or say rude things, respect others privacy and take care of personal property.

- Choose your words wisely – Don't rush to comment about things you don't know much about.
- Think before you speak especially if you are a person who may be poor at finding the right words.
- Don't speak loudly as you will sound rude.
- Respect others. Don't insult anyone. Respect older people like grandparents, parents, teachers, aunts and uncles.
- Speak highly of your parents. Don't speak badly about your parents who have brought you into this world or people who have raised you.
- Do not swear or use inappropriate language. It is unprofessional
- Good manners open more doors that the best education cannot'

Creativity is the ability to generate new ideas by combining, changing, or reapplying existing ideas. It is the ability to see different possibilities and to imagine something new.

Creativity expands our awareness and along with expanded awareness comes new ways of problem solving. From my own experience, creativity helps me to deal better with uncertainty and become a better problem solver in all areas of my life and work. I have discovered that creativity is one of the most powerful tools for us to learn to see different possibilities. It is one of the most valuable resources we have for making any new discovery, in fields as diverse as leadership, medicine, technology, and art.

The seeds of creativity live in everyone. Some individuals are fortunate that their sprouting imagination was nurtured and grown into strong creative thinking abilities. Their parents and teachers nourished them with creative experiences and confidence building responses to their attempts, throughout their childhood.

Creative people invent, imagine, problem-solve, create and communicate in fresh, new ways. Every business requires creative thinkers in the form of scientists, engineers, medical researchers, technology innovators, business entrepreneurs, artists, performers, writers and illustrators, designers, inventors, educators and parents. Those with the ability to "think outside of the box" will lead the future and make special things happen.

Creativity is the most dynamic form of self-expression. Being creative is the best way for a developing young mind to understand and reflect upon feelings and experiences. The experiences children have during their early years of life can significantly enhance the development of their creativity and learning abilities.

“To live a creative life, we must lose our fear of being wrong.”

“Creativity is immensely important in our everyday life.”

RELATIONSHIP BETWEEN SPORTS AND ACADEMICS

It is true that sports and academics are interrelated.

Sports is definitely good for our health and body. But what most people don't know is that sports have an incredible amount of effect on our mind as well. Playing sports teach us life lessons like self- confidence, responsibility, teamwork and most importantly discipline.

Hence from playing sports like football, basketball, badminton and tennis our body is exercising and so is our mind.

So, how exactly is one's brain exercising or benefitted by playing sports like football or basketball? Well, the equation is simple. When our body is exercising, it increases blood circulation, which means our body gets more amount of blood and also there is an increase in nerve connections.

And how does that help? The increased blood supply and nerve connection means increased concentration and memory.

This means we get better in our academics, right? Then why aren't we playing sports to get better in academics? Now that is because simply playing sports does no good, one has to spend certain amount of time with their books too. When one shows same amount of interest in studying and playing, the concentration and memory increases.

Students who are very much into academics, must play sports. Playing sports would give relaxation and improve their ability to learn more. Only reading would just cause exhaustion.

To sum up, playing sports has serious benefits. Besides being fun, it helps you relax more and worry less, as well as increase your energy/stamina. And if you are already a beneficiary of sports, then you already know it.

LEARN TO BE POLITE

George Washington was the President of the United States of America. There are many incidents related to his kindness. One day he went out to assess the condition of the city. He was riding his horse. On his way at one place a building construction work was in progress. He stopped his horse there and began to see the ongoing work. Suddenly he saw a few labourers trying to carry a huge stone into the building, but the stone was too heavy for them to move. However they tried, the stone did not move an inch. An arrogant looking building contractor was shouting at the workers and vainly encouraging them to roll the stone into the building. He was not ready to help them with his hands.

When Washington saw that contractor, he came close to him and said "Why don't you help these workers? If one more were added, the stone would be moved very easily. The authoritative looking contractor observed George Washington from top to bottom but he failed to recognize him, and he said haughtily, "I am the contractor here and I only get the work done, I don't do the manual work."

Listening to the contractor's answer, Washington got off his horse and moved towards the workers to help them in moving the stone. With his help,

the workers managed to move the stone into the building. Having helped the workers, Washington got on his horse and said to the contractor "Sir, in future if you are short of a workman come to the President house and ask for George Washington"

The contractor was stunned and he bent down at Washington's feet and began to apologize for his rude behavior. Washington put his hands on the contractor's shoulder and helped him to his feet and said," By doing work a person will not lose his superior station. If you help your workmen you will gain more respect. The person who is always ready to help others is respected in the society. To get to heights in this world, humbleness and politeness happen to be essential "

From that day the contractor changed completely and he became a very polite man with his workmen. His workers started giving him more respect than he deserved

There is a very simple lesson in the story: If a little help from our side can make someone's work easier, we should never withdraw, because the person in need will begin to respect us more. Respect is earned by our good deeds and the key to respect is humbleness and philanthropy.

SPEAK OUTS

Q. What is more important, fame or money?

Money and Fame are two aspects of life which people wish and desire to acquire. But without hard work there is no money or fame. Though money gets us material things it has its own limitations. On the other hand, it is fame that travels far and wide to people, people who may become good friends, acquaintances or just be strangers yet know about one another. But money and fame are not like the horse and the carriage, or flip side of a coin, If you have the money, fame is not always certain and vice versa, fame may earn one, money for a living or not but money is likely to move both aspects.

Abhay, VI F

According to my understanding fame is more important as it is the thing which everyone wants to have but cannot earn it easily. If you have a high level of fame friends, parents and teachers' eyes reflect admiration and respect, this is something more important than money that buys you comfort and luxuries. Money can be easily earned with hard work but fame is very hard to earn.

Nithya, VII B

Q- Can a hobby prove to be a good profession?

Yes, it can prove out to be a good profession because when we like something that particular task becomes easier and it also becomes easier to achieve in that particular field.

Q- Does thinking about our future disturb our present?

Yes, of course it disturbs our present because thinking about future which is not sure to come wastes our time and we are not able to concentrate on our present.

Pushkar, VIII B

No, it does not disturb our present because future planning is important to achieve success in an organized and easier way.

Chalasya, VIII C

CLASS - IX

Q- Does thinking about our future disturb our present?

In my opinion, I don't think there is any such equation. If we have planned our working in the present in concurrence to our plans for the future there should only be a positive move forward. Everything cannot be played by the ear; we have to start planning from the present as the starting point. Yes, we should consider the fact, we all get one life to live and we ought to enjoy it to the fullest. So along with fun and enjoyment we should not deviate but have a strong focus on our goals.

Poonam Pai, IX B

CLASS - X

Q- Does improving our standard of living lead to unnecessary use of resources?

I feel that improving the standard of living will increase the utilization of resources. We should decide upon our minimum utilization of resources for a standard living and for leading a decent life.

Nikhil Patnaik, X F

Everyone wants to improve their standard of living and in the attempt do not realize that other costs will also increase. So unconsciously when the attempt to improve our standard of living is made, we simultaneously increase the use of resources, but calling this increase unnecessary might be an overstatement; an aspiration for better has to be there to be alive, but greed of a lavish lifestyle is what leads to the thoughtless and unnecessary use of resources which may later prove a waste.

A WORKSHOP ON NATIONAL ACTION PLAN OF DRUG DEMAND REDUCTION

An interactive workshop for implementation of National action plan for drug demand reduction was conducted on 28th and 29th March 2019 at Godavari Auditorium, SCERT, Hyderabad.

The National Institute of Social Defence (NISD), an autonomous institute under the Ministry of Social Justice and Empowerment has been conducting various awareness capacity programs on the issues of the drug abuse in collaboration with various agencies in the state.

The NISD in collaboration with the SCERT aims at implementing the National Action plan of Drug Demand Reduction (NAPDDR). It conducts various awareness and capacity building programs for adolescents and youth of schools, colleges and school teachers, counselors, across the country.

The proposed initiative aims at creating awareness to mitigate the growing menace of drug among the adolescent studying in schools and colleges. Drug use is increasing worldwide and adolescents are a vulnerable group. Early exposure to drugs not only increases the risk of the adolescent developing an addiction, but also impacts their psychosocial and personality development.

It is important for us, as parents and teachers to understand what drugs are, their short and long term effects, recognize early signs of addiction and help the child.

Honourable Governor inaugurates Alumni G. Venkatesh's Art Exhibition

LAURELS TO JHPS

"Believe in yourself. You are braver than you think, more talented than you know and capable of more than you imagine." – Roy.T.Bennett

Godavarthi Venkatesh, 2009 batch alumni of Jubilee Hills Public School, had confidence in himself when he was an amateur. Even with a hearing impairment, he worked hard exhibiting his passion towards the world of colours as he always believed that his art practice pumped air under his wings to fly high with his imaginations.

We at Jubilee Hills Public School are overwhelmed by the outstanding accomplishment of Godavarthi Venkatesh and are proud to have given such a talented artist to the society. JHPian Ch. Hemesh, a 12 yr. old, brings hope to Alzheimer patients

Ch. Hemesh of Class 7 has been accredited with designing a smart wrist band for patients suffering from Alzheimer's disease. Hemesh says that his grandmother has been his inspiration as she also is suffering from this disease. The wrist band worn by the patient monitors his/her body temperature or pulse rate, the patient's status i.e whether

he is sleeping or awake, whether he is walking, with the help of an MPU 6050 Accelerometer Module. Temperature and pulse rate are monitored with the help of sensors. The data received by the sensors is sent to the caretaker or family member's mobile via the Bluetooth module. Hemesh made the use of an AT tiny 85 version of the Arduino which is cheap and small in size. This project is beneficial to people who are old, disabled or suffering from Alzheimer's disease.

A BOOK REVIEW

The merry adventures of Robin Hood

'The merry adventures of Robin Hood' is a novel written by Howard Pyle. Howard Pyle is an author who takes us back to the medieval period with new page-turning adventures with the heroes of his stories. He captures the readers into a world that is filled with adventures and emotions. He is credited to writing 'King Arthur and his knights of the round table' and 'The merry adventures of Robin Hood'.

Robin Hood was a skilful archer who became an outlaw at the age of eighteen. He lived with his band of merry men and helped steal from the rich to help the poor who had been robbed by the rich. His greatest enemy in the story was the Sheriff of Nottingham and his best friend was Little John. He and his men faced many problems from the Sheriff and fooled him in ways that make for a hilarious read.

Although the characters in the stories of Howard Pyle meet with a tragic end, it leaves a great impact on the reader. I enjoy reading this book again and again because every time I read this book, Robin Hood and his merry men are reborn and the adventure starts again.

IDIOMS ARE FUN TO LEARN

HOLD YOUR HORSES

MEANING: Slow down, be patient

USAGE: When I am impatiently eating the ice cream, grandpa tells me to hold my horses.

ORIGIN: Horse carts were used for travelling in the 19th century, America. When you wanted the cart driver to slow down, you had to tell him to rein in his steeds, in other words, "hold your horses". Soon this expression came to be applied to life too, and if you want anybody to slow down or be a little patient all you need to say is, "Hey! Hold your horses!"

GO TO DOGS

MEANING: To be ruined, to fall from a great position.

USAGE: Our rich neighbour's fortune went to the dogs when his son spent all the money.

ORIGIN: In the medieval times, food that was spoilt or considered unfit for man was given to the dogs. Soon men started ascribing this state to his fellow beings, to indicate it that a person's state had become very bad, like that of a dog.

1. MAKE A MOUNTAIN OUT OF A MOLE HILL - To make anything sound or look larger than it actually is.
2. MONKEY BUISNESS: fooling around, silly behaviour
3. RATS ABANDONING A SINKING SHIP: disloyal people
4. STRAIGHT FROM THE HORSE'S MOUTH: get some news directly from the person concerned.
5. CATCH THE BULL BY ITS HORNS: to be brave in a frightening or dangerous situation.
6. ALBATROS AROUND YOUR NECK: a burden or a weight which is hard to get rid of
7. AS THE CROWF LIES: the shortest distance in a straight line
8. COLD TURKEY: to suddenly quit an old habit
9. UP YOUR SLEEVES: kept secret and in reserve for use when needed
10. AT THE DROP OF A HAT: at once immediately
11. DRESSED TO KILL: dressed to attract attention
12. ON A SHOESTRING BUDGET: surviving for a longer period with meager means.
13. BOLT FROM THE BLUE: something sudden or unexpected
14. APPLE OF YOUR EYE: a thing which is very precious to you
15. TO ADD INSULT TO INJURY: to make a situation worse

The Man on the Hill

A man travels the hills
 With so many brave skills
 Enjoys nature with so many thrills
 And protects himself from the coming miles

The man is so brave
 As he passes from the grave
 His braveness is just
 And his kindness is love

He helps the good
 He stalks at the bad
 He never changes his mood
 He never turns sad

Best Friends Forever

I have many friends
 But only one who defends
 Me from any sadness or danger
 But when we met she was a stranger

I think we met in class three
 Our friendship was a guarantee
 We used to sit together and study
 And were each other's buddy

Now she lives far away from me
 But she still remembers our glee
 We both together are the most clever
 And that's what makes us best friends forever

No matter where we are
 Our friendship is sealed in that jar
 We never had a chance to compare
 Because only equality was present there

A DISGUISE

I wandered lonely here and there
 In order to search happiness
 Here and there and everywhere
 I couldn't find it anywhere
 I searched around with all my might
 Where is joy and happiness?
 All the day, all the night
 The back, the front, the left, the right
 And yet no matter how hard I tried
 I couldn't find happiness
 All the sides, eyes open wide
 I couldn't find it I nearly cried
 Disappointed, I climbed up a tree
 I gave up hope of finding it
 But I had plenty to see
 The entire world in front of me
 I was smiling, I realized
 I saw a smile on my face
 I knew I hadn't been wise
 NATURE'S MY HAPPINESS
 A BLESSING IN DISGUISE

TECHNOLOGY

We can do everything here
Send messages to one and all
We can use it mostly without fear
As this is technology dear!

Viewers, browsers, writers, hackers;
This world is filled with many nutcrackers
From English meanings to money earnings
From space research to finding birds!

Everything has a small secret'
This, I cannot reveal yet
But as you may have found,
Technology is a great big, hound!

Many new inventions are coming near
We have to be ready without fear.
Many things may happen as,
This is technology dear!

Technology is like a think tank,
It never lets us go blank
We can get money from the banks
With a single click of our hand!

We can travel all over the world
Book tickets with a word
Travel free, like a bird,
With our thoughts in a swirl

This is the future,
It cannot be out far
It cannot be out done
It cannot be out matched
It cannot be out run , no!
As technology is the future bro!

Lets all face it
We all know it
Technology is a prodigy,
It changes the world's ideology!

Gifted

I gifted that girl a gift
And she opened it with a swift
Her smile lit up the room like wildfire,
And now she feels like a queen of an empire

Her heart was filled with happiness
Trust me, her friends were the witness
Scratching your head to know who am I ?
I am the uncle of that dancing cutie pie

As it was her 5th birthday
I left my match that day
That experience was brand-new
But finding the gift inside the box will be a
mystery for you.....

The path of success

The path of success is never straight
You need patience, you need to wait
You need self-confidence, trust in you
Talk with crowds but never leave virtue

You need truthfulness, don't deal in lies
Choose the right path, be wise
Make your goal-your aim,
This is life, not any game

If you lose, get up and try again,
This is the will that says sustain
Listen to the will that says go on
Instead of saying gone

Success is on either edge of toss,
Losing doesn't mean a loss
Improve yourself, identify your fault,
Until you reach the goal, don't halt

Because the essence of success says
Success can be achieved only with honesty,
Self-confidence and courage.....

ISOLATED LIFE

A war without victory in place
 Makes time tick at its own pace
 How to restore this strife
 With all the difficulties in my life?

A scar to savor sweet I feel
 The heart will never heal , this scar I conceal
 How much longer can my soul
 Tolerate or jolt out of control?

Places I visited,
 Happy times unlimited
 Mere dreams no more
 Wearily washed ashore

Memories still crystal clear,
 Chased by moments held dear
 Distraught, she sought consolation
 In numbness by intoxication

Does the ceaseless sea at least accept
 The turbulence buried in the depth?
 Did the dreaming need in-built
 To touch the sky, get fulfilled

Tongues of flames scorch my heart ,
 I fumble, I stumble, I fall apart.
 Night and day merged as one
 For this jewel in the crown

In the furnace of hell's prison
 Love has turned into poison
 In the end what is left for me?

If I have to be with this
 Who can change my destiny

THE SCHOOL BAG

I am the bag,
 Who carries the load
 And I am the bag,
 Who never utters a word

I am the bag,
 Who carries the books
 And I am the bag,
 Who never angrily looks

I am the bag,
 Who has zips
 And I am the bag,
 Who never slips

I am the bag,
 Who is meant for school
 And I am the bag,

My Brother

My brother, doesn't really bother
 But loves me, my mother and father
 We slap, kick, fight and cry
 And watch videos all through the night

We play with our dog

We play in the bog

We play video games

And give each other funny names

My brother doesn't really bother

But when all of our family gather

He makes us faint with laughter

And plays pranks with all of us together

We always fight

And are always in each other's target sight

We play together whole night

And this bond is never taken light

हिंदी दिवस

जुबली हिल्स पब्लिक स्कूल में 'हिंदी दिवस' बड़े ही हर्षोल्लास से मनाया गया। इस अवसर पर विद्यालय की प्रधानाध्यापिका श्रीमती वरलक्ष्मी जी ने सभी को 'हिंदी दिवस' की शुभकामनाएँ दीं। विद्यालय के विद्यार्थियों द्वारा हिंदी भाषा के महत्त्व को दर्शाते हुए मनमोहक गीत, नाटक, चुटकले एवं नृत्य आदि प्रस्तुत किए गए। विभिन्न कार्यक्रमों के प्रति विद्यार्थियों का उत्साह दर्शनीय था।

बचपन

नन्हा प्यारा-सा यह बचपन
जीवन का एक टुकड़ा बचपन ।
नटखट नादानी का बचपन

खेलकूद में गुजरा बचपन,
बीता है सुन्दर-सा बचपन ।

बाढ़

नदियों के बहाव को रोका,
और उन पर बाँध बना
डाले जगह जगह बहती धाराएँ,
अब बन के रह गई हैं गंदे नाले
जब धाराएँ सुकड़ गई तो उन सबकी धरती कब्जा ली
सीनों पर फिर भवन बन गए छोड़ा नहीं कुछ भी खाली
अच्छी वर्षा जब भी होती है
पानी बाँधो से छोड़ा जाता है
वो ही तो फिर धारा के सीनों पर
भवनों में घुस जाता है
इसे प्राकृतिक आपदा कहकर
सब बाढ़-बाढ़ चिल्लाते हैं
मीडिया अफसर नेता मिलकर
तब रोटियाँ खूब पकाते हैं।

क्या मानव नहीं जानता इससे ही है सबकी शान
हमारे जीवन को स्वच्छ बनाने के लिए इन्होंने

ईश्वर ने इन्हें बनाया, हमारे स्वास्थ्य के लिए

मूर्ख बकरियाँ

एक गाँव के समीप एक नदी बहती थी। उस पर वृक्ष के तने का एक पुल पड़ा था। वह पुल इतना तंग था कि उससे एक समय में एक ही व्यक्ति गुजर सकता था।

एक बार एक बकरी उस पुल पर से गुजरने लगी। दूसरी तरफ से एक और बकरी उसी पुल पर चली आई। वे दोनों पुल के बीचों-बीच एक-दूसरे के सामने आकर डटकर खड़ी हो गईं। एक बकरी ने गुस्से में कहा - 'पहले मुझे गुजरने दे, तू पीछे चली जा।'

दूसरी बोली - 'नहीं, मैं पीछे नहीं जाऊँगी। इतनी दूर आगे आ चुकी हूँ, तू ही क्यों नहीं पीछे मुड़ जाती? पहले मुझे पार जाने दे।'

दोनों बकरियाँ मूर्ख थीं। कोई भी पीछे नहीं मुड़ी। जिद की मारी दोनों अड़ गईं। फिर आपस में उलझ पड़ीं। परिणाम यह हुआ कि दोनों नदी में गिर पड़ीं और दोनों डूब गईं।

शिक्षा - मूर्ख लोग जिद पर अड़कर हानि उठाते हैं।

हरे-हरे खेतों में
बरस रही है बूँदे
घिर-घिर आया सावन

ले के फूलों का जश्न,
धूप से तपती इस धरती का
बूँदों ने किया आलिंगन
यह संसार है कितना सुंदर
लेकिन लोग नहीं उतने अक्लमंद
यही है एक निवदेन

कर रहम उन मासूम रिश्तों पे
जुड़ें दुश्मन संग जिनके अरमान हैं

आज पहुँचा श्मशान है
देख के हालत अपनी दुनिया की
नीली छतरी वाला परेशान हैं।

चलो किताबें खरीदने

एक दिन दादाजी ने मेरे भाई और मुझे कुछ पैसे दिए।
 “जाओ! किताबें खरीद लाओ,” उन्होंने कहा।
 हम दोनों बहुत खुश हुए।
 हम दोनों को पढ़ना बहुत अच्छा लगता है।
 हम सोचने लगे कि कब जाएँ।
 हमने तय कर लिया कि अभी जाते हैं।
 क्या हमें बड़े बाज़ार में जाना चाहिए? या छोटी दुकान में जाना चाहिए?
 हमें किसी के साथ जाना चाहिए या अकेले जाना चाहिए?
 हमने तय किया कि केवल हम दोनों छोटी दुकान में जाएँगे।
 हमें किताबों की छोटी दुकान पसंद है।
 यह छोटी ज़रूर है, लेकिन यहाँ बहुत सी किताबें हैं।
 दुकानदार हमें पहचानता है। वह हमेशा हमारी मदद करता है।
 समझ नहीं आ रहा था कि किताबें सचित्र हो या कहानियों से भरी हो। पतली हों, मोटी हों। दुकानदार हमें देखकर मुस्कराया। “बच्चों, आओ मेरे साथ,” उसने कहा। “यह किताबें जानवरों के बारे में हैं। वे परियों के बारे में हैं। ऊपर वाली लड़ाइयों के बारे में हैं। तुम्हें जो चाहिए, ले लो।”
 मैंने कुछ किताबें उठाई। मेरे भाई ने कुछ किताबें उठाई।
 मैं फ़र्श पर बैठ गई। वह कुर्सी पर बैठ गया।
 और हम दोनों पढ़ते गए, पढ़ते गए और पढ़ते गए।
 कितनी शान्ति थी वहाँ! कहीं कोई आवाज़ नहीं।
 एक घंटा बीता। दो घंटे बीते।
 आखिर में, हम जान गए कि कौन सी किताबें खरीदनी हैं।
 दुकानदार हमें देखकर मुस्कराया। मैंने एक मोटी किताब खरीदी जिसमें बहुत सी कहानियाँ थीं।
 मेरे भाई ने एक बड़ी किताब खरीदी जिसमें बहुत सी तसवीरें थीं। हम दौड़कर दादाजी के पास घर आये। उनके बिस्तर पर चढ़कर बैठ गए।
 उन्होंने अपने पास बैठा लिया। हम पढ़ते रहे, पढ़ते रहे, पढ़ते रहे...।

अनमोल सुविचार

शिक्षक का अर्थ

शि - शिखर तक ले जाने वाला

क्ष - क्षमा की भावना रखने वाला

क - कमज़ोरी दूर करने वाला

अर्थात् - जो विद्यार्थी की हर गलती को क्षमा करने की भावना रखता है और उसकी हर कमज़ोरी दूर कर उसको शिखर (सफलता) तक ले जाता है। वही सच्चा शिक्षक कहलाता है।

“कोई एक विचार लो और उसे ही जीवन बना लो। उसी के बारे में सोचो, उसके सपने देखो। उसे मस्तिष्क में, मांसपेशियों में, नसों में और शरीर के हर हिस्से में डूब जाने दो। दूसरे सभी विचारों को अलग रख दो, यही सफल होने का तरीका है।”

कारगिल युद्ध

नमस्कार मेरा नाम अवंतिका है और मैं कक्षा पाँचवी की छात्रा हूँ। आज मैं आप सभी को कारगिल विजय दिवस की शुभकामनाएँ देते हुए कारगिल युद्ध के बारे में कुछ बताना चाहूँगी। कारगिल युद्ध भारतीय और पाकिस्तानी सेनाओं के बीच मई - जुलाई 1999 में कश्मीर के कारगिल जिले में नियंत्रण रेखा (एल.ओ.सी) के पास हुआ। घुसपैठ को कारगिल क्षेत्र से साफ करने के लिए ऑपरेशन विजय का शुभारंभ किया गया था। यह ऑपरेशन 2 से 3 महीने चला था, जिसमें भारत के 500 से अधिक सैनिकों ने अपना बलिदान दिया। इनमें से एक थे मेरे मामाजी मेजर पद्मपाणी आचार्य जिन्होंने जंग के मैदान पर वीरगति प्राप्त की थी। कारगिल विजय दिवस उन शहीदों की याद में मनाया जाता है जिन्होंने हँसते-हँसते हमारी भारत माता की रक्षा करते हुए अपनी जान गँवाई। आज उन्हीं के बलिदान के कारण हम और हमारा कश्मीर सुरक्षित है उनकी याद में, मैं अपना लेख इस पंक्ति के साथ समाप्त करती हूँ।

आओ देश का सम्मान करें, शहीदों की शहादत याद करे, जो कुर्बान हो गए मेरे देश पर उन्हें सर झुकाकर सलाम करें।

धन्यवाद,

सफलता

यदि 'सफलता' एक सुंदर 'पुष्प' है तो
 'विनम्रता' उसकी 'सुगंध'।
 जिंदगी में जो चाहे हासिल कर लो,
 बस इतना ख्याल रखना कि,
 आपकी मंज़िल का रास्ता,
 लोगों के 'दिलों' को तोड़ता हुआ न गुज़रे।
 'अच्छी सोच'
 'अच्छा विचार'
 'अच्छी भावना'
 मन को हल्का करता है।
 किसी को हरा देना बेहद आसान है,
 लेकिन किसी को जीतना बेहद मुश्किल है।
 मेहनत सीढ़ियों की तरह होती है
 और
 भाग्य लिफ्ट की तरह ...
 किसी समय लिफ्ट तो बंद हो सकती हैं,
 लेकिन...सीढ़ियाँ हमेशा ऊँचाई की तरफ ले जाती हैं।
 संघर्ष करते हुए मत घबराना,
 क्योंकि संघर्ष के दौरान ही,
 इंसान अकेला होता है,
 सफलता के बाद तो,
 सारी दुनिया साथ होती है।

अच्छा स्वास्थ्य

अच्छे स्वास्थ्य के लिए सभी तरह के आहार खाने चाहिए। आप के आहार में विशेष रूप से ताज़े फल और हरी पत्तेदार सब्ज़ियाँ शामिल होनी चाहिए। इसके अलावा हमें दाल, अंडे, डेयरी के उत्पाद भी लेने चाहिए जो शरीर में ऊर्जा प्रदान करते हैं। हमें प्रतिदिन आठ घंटे सोना चाहिए। नींद की कमी आपको सुस्त बना देती है और शारीरिक रूप से परेशान करती हैं। हमें प्रतिदिन आधे घंटे तक व्यायाम करना चाहिए। हमें नियमित रूप से स्वास्थ्य की जाँच करवानी चाहिए। हमें साफ-सफाई का ध्यान भी रखना चाहिए। अगर हम अच्छा खाना खाएँगे और साफ़ रहेंगे, तो हमें कोई बीमारी नहीं होगी।

समय का मोल

मिले फूल से फूल तो
गुलदस्ता बन जाता है।
ईट से ईट जुड़े तो देखो
सुंदर घर बन जाता है।
छोटी-छोटी जल की बूँदें
सागर बन लहराती हैं।

मिट्टी के कण-कण से ही
यह पृथ्वी बन जाती है।
पल-पल छोटा लगता है पर
इससे युग बन जाता है।
पल-पल का जो मोल समझता
बुद्धिमान कहलाता है।

फौजी हूँ मैं

फौज मेरे खून में है
दिल से एक फौजी ही तो हूँ मैं
बस बदन पर वर्दी की है कमी
जिसे मेहनत कर है मुझे कमाना
फौजी हूँ मैं फौजी
फौज है खून में मेरे
मन चाहे देश के दुख हँसूँ
देखूँ मुसकाते चेहरे
बने देश मेरी चाहत
दूँ मैं देश को राहत
एक मनमौजी ही तो हूँ
एक फौजी ही तो हूँ।

बातों ही बातों में

कुछ बातें है सुनी हुई, कुछ बातें हैं अनसुनी
बात बनाने वाले को कहतें है बातुनी।।
कुछ बातें हैं ऐसी जिससे बटोर सकते हैं ज्ञान
मीठी-कड़वी बातों का अनुभव करते हैं कान।
ज़रा-ज़रा सी बात पर होना मत नाराज़
हर गलत बात पर उठाना अपनी आवाज़।।

ध्यान रखना बात करते समय,
हो जाए ना गड़बड़।
क्योंकि छोटी सी बात का
बन जाता है बतंगड़।।

बात करो ऐसी कि सबके मन को भाए
झूम उठे, मन खुशियों से भर जाए।
कहीं शरमिंदा ना कर दे तुम्हें तुम्हारी बोली
सुंदर बातों के रंग से जी भरकर खेलो होली।।

आज के युग में कलाकार है वो
जो कहे बात निराली।
ऐसे कलाकारों की करो प्रशंसा
और ठोको ताली।।

कड़वी बातें तो सब करते हैं
मुश्किल है करना मीठी बातें।
क्योंकि हर बात में आजकल
होती है ढेर सारी शिकायतें।।

अच्छी बातें करके
दूसरों का रखो मान।
और जो शुद्ध वाणी ना बोले,
वो काहे का इंसान।।

मेरी प्यारी नानी

अब कौन मुझसे ढेर सारी बातें करेगा?
 कौन बात-बात पर मुस्कुराएगा?
 कौन नानू के बटुए में से पैसे निकालकर
 जमा-पूँजी करेगा?
 कौन अपना लाड़-प्यार सबको बाँटेगा?
 क्यों चले गए आप वहाँ?
 भगवान राम है जहाँ?
 काश! संता क्लौज़ सच में होते,
 और वे मेरी नानी को मुझे लौटा देते।
 मैं नानी को हर रोज़ याद करूँगी,
 और न ही कभी उन्हें भूल पाऊँगी।

काश! आँखों से मेरे अंधकार के बादल छट जाते,
 काश! इन नयनों को भगवान रोशनी से नहलाते,
 काश! आँखे मेरी इस सुंदर दुनिया को देख पाते।
 हे भगवान! सुनो इस भक्तिन की पुकार।
 तुम्हारे सिवाय कौन करेगा मेरी नैया पार।
 तुम हो अनंत, तुम हो अपार,
 कर दो भगवन मेरा भी उद्धार।
 हर पल जपती हूँ तुम्हारे नाम की माला,
 सोचकर यही कि कब होगा ज़िंदगी में उजाला।
 न दिन देखूँ, न रैन
 नाम आपका जपे बिना कहाँ सुख चैन।
 हे भगवन! हटा दो आँखों का ये अँधेरा,
 कर दो इस भक्तिन के जीवन में सवेरा।
 देख सकूँ सावन की ये खिलती फुलवारी,
 जीवन में मेरे भी आए सुख की हरियाली।

जो माँ ना होती

ईश्वर का वो अनमोल उपहार है माँ
 धरती पर भगवान का प्रतिबिंब है माँ
 सोचिए जो माँ ना होती, तो क्या होता?
 न ये संसार होता, न कोई इंसान होता
 न ममता बरसती, न प्यार की बात होती।
 माँ से बढ़ कर धीरज किसका?
 सारे जग में है तेज़ उसका।
 उसके तन से काया ढलती,
 ममता की छाया में औलाद पलती।
 माँ की छवि कैसी न्यारी,
 सब बातें उसकी प्यारी-प्यारी।
 वो जननी है दुख हरणी,
 बच्चों के लिए भवसागर तरणी।
 जब-जब आँखों में आँसू आते,
 कर-कमल माँ के उन्हें सहलाते।
 भगवान का एक वरदान है माँ,
 हर इंसान की पहचान है माँ।
 कभी दिल जो माँ का रोता,
 ममता का मरहम आँसुओं को छुपा लेता।
 लेकिन आज ज़माने की सोच बदल गयी,
 चमक-दमक में औलाद खो गयी।
 बचपन भले ही याद रखा हो,
 लेकिन माँ की ममता भुला दी गयी।
 ना दुखे कभी माँ का दिल,
 ये हमेशा याद रखना,
 क्योंकि माँ का कोई तोल नहीं,
 तीनों जहान में उसकी ममता का कोई मोल नहीं।

एक था जंगल

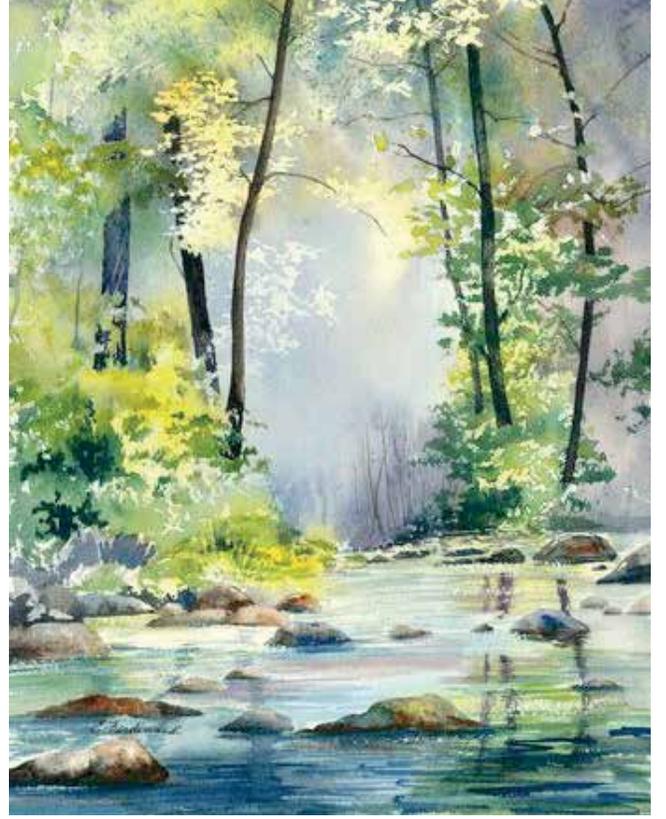

एक था जंगल घनघोर,
प्राकृतिक सुंदरता थी जिसके चारों ओर।
मन को लुभाती है जिसकी ..
कल-कल बहती नदियों की सुरीली तान,
वो नन्हें पक्षियों का मधुर गान।

डरा देती है...

जंगल के राजा शेर की दहाड़,
कभी कंपा देती है नागों के राजा की फुफकार,
कभी गजराज की मस्तानी चाल से थर्राती है धरती,
फिर भी प्रकृति इन्हें अपनी गोद में है बसाती।

हरियाली से भरा ये जंगल,
हरी-भरी घास से मवेशियों की भूख मिटाता,
तो खट्टे-मीठे फलों से राहगीर का पेट भरता,
झरनों के मीठे पानी से मुसाफिर की प्यास बुझाता,
पेड़ की ठंडी छाँव से हर किसी की थकान मिटाता,
मानव हो या जानवर, सभी की सेवा निस्वार्थ करता।

लेकिन आज वो जंगल लुप्त हो रहा है,
आदमी के स्वार्थ का शिकार हो रहा है,
कट रहे हैं इसके पेड़, खुद रहा है इसका सीना,
मुश्किल हो गया है जानवरों का जीना,
नहीं रही वो ठंडी छाँव, गायब हो गई नदियों की तान।

आज बंजर वो जंगल हो रहा है,
अपनी इस दुर्दशा पर तिल-तिल रो रहा है,
रोज शाम रोते-रोते सो रहा है,
और सुबह उठते ही बस एक बात सोच रहा है,
कि रोज़ मेरा ये हाल क्यों हो रहा है!

मन का भीतरी व बाहरी रूप

मीना : नमस्कार बहन जी! बहुत दिन हो गए आपसे मिले। (मिलना ही नहीं था, पर तेरे पास मेरे हज़ार रुपए हैं। इसलिए तेरी शक्ल देखनी पड़ी।)

गीता : हाँ जी, बहुत दिन हो गए। (भगवान जाने आज सुबह मैंने किसका चेहरा देखा, इस स्त्री से मिलना पड़ा।) वो ना मुझे समय ही नहीं मिल रहा, वज़न कम करने के लिए जिम जा रही हूँ।

मीना : ओह! इसलिए आप इतनी दुबली-पतली दिख रही हो। (उस जिम मास्टर पर मुझे तरस आ रहा है, तुझे ऐसा बनाकर उसका क्या हाल हुआ होगा?)

गीता : (हाँ-हाँ, ज़रूर पतली दिख रही हूँ। तेरे जैसे खा-पीकर बैठी नहीं हूँ मैं) थैंक यू जी! पर आपको क्या हुआ, मोटी दिख रही हो?

मीना : वो मुझे मिठाई खाना बहुत पसंद है और खाने के बाद आपकी तरह मैं जिम नहीं जाती हूँ। इसलिए थोड़ी मोटी हो गई। (मैं भले ही मोटी हूँ, पर तुझसे सुंदर हूँ।)

गीता : कोई बात नहीं, आप बहुत क्यूट दिख रही हो। (क्यूट क्या, तुझे देखकर तो जीव-जन्तु भी भाग जाएँगे)।

मीना : थैंक यू जी! एक और बात करनी थी। आपने पिछले महीने मुझसे हज़ार रुपये लिए थे, क्या आप वो देंगी? दरअसल मैं माँगती ही नहीं, पर आपको भी किसी और के पैसे रखना अच्छा नहीं लगता होगा ना इसलिए कह रही हूँ। (जल्दी से मेरे पैसे दो और मुझे फिर दिखाई भी मत देना)

गीता : (सिर्फ़ हज़ार रुपये हैं... ऐसे पूछ रही है जैसे मैंने इसके लाखों रुपये लिए) जी हाँ, मुझे याद है, ये लीजिए आपके रुपये।

मीना : (हे भगवान! आपका लाख-लाख धन्यवाद ! आज इससे छुटकारा मिल गया) थैंक यू जी! फिर मिलते हैं, बाय-बाय।

गीता : (क्या? तुझसे फिर मिलना तो नरक में कदम रखने की तरह है। तेरी शक्ल मैं फिर से नहीं देखूँगी) हाँ, ज़रूर, बाय।

मेरी प्यारी दादी

मैं बैठी पछताऊँ
कि दादी के घर कब जाऊँ।
स्कूल की छुट्टियाँ हो गईं शुरू
दादी के घर जाने की तैयारियाँ भी शुरू।

मैंने दादी को गले लगाया
उन्हें देख मन भर आया।

दादी ऐसी-ऐसी कहानी सुनाती
कि मैं उन्हें कभी छोड़ना नहीं चाहती।

मेरी दादी सबसे प्यारी
जग में है सबसे न्यायी।

दादी का घर दूर है कहाँ?
दादी, क्यों नहीं तुम आ जाती मेरे यहाँ।

छुट्टियाँ समाप्त हो गईं
घर जाने की तैयारी भी शुरू हो गई।

मेरा मन घबरा रहा है
क्योंकि स्कूल मुझे बुला रहा है।

अच्छा दादी फिर मिलेंगे
मिलकर हम खूब हँसेंगे।

हम भी किसी से कम नहीं

भले ही हम हैं दिव्यांग
पर नहीं किसी की दया के मोहताज
हमें अपने आत्मबल पर है
पूरा-पूरा विश्वास ।
धीरे-धीरे ही सही,
पर चलते जाएँगे हम हरदम,
सबसे आगे न सही, पर
किसी से पीछे भी न रहेंगे हम ।
न तो हम हैं हताश, न ही हैं हम निराश,
है दृढ़ हमारा आत्म-विश्वास,
अपनी क्षमताओं से हम भी,
फैला देंगे विश्व में प्रकाश ।
अंत में कहना है यही,
ईश्वर का वरदान हैं हम ही,
कमज़ोर हैं पर गम नहीं,
हम भी किसी से कम नहीं ।

मुन्ने मियाँ

रात का माजरा
आप सुनिए ज़रा
मैं जो छत पर गया
तो वहाँ डर गया
भूत देखा खड़ा
एक बहुत ही बड़ा
देखते ही उसे

होश जाते रहे
धम्म करके गिरा
और फिर क्या हुआ
मैं नहीं जानता
होश आया था जब
जमा थे लोग सब
मुन्ने मियाँ ने कहा

भूत है वहाँ
लोगों ने जब परखा
कोई था बुरखे में खड़ा
जो अंधेरे में था भूत दिख पड़ा।

बचपन

बचपन की यादें न भूलो
वापस जाने की चाह रख लो
रास्ते मुड जाएँगे

डायरी के पन्ने खोलो
अपने भीतर छिपे बालक को टटोलो
देखो कि

विद्यालय में हास्य-व्यंग्य की वर्षा थी
सपनों की बहार थी
पढ़ाई की छटपटाहट थी
शरारतों की बौछार थी
मित्रों संग मनुहार थी
इसी में है फिर रंगना
जीवन को है फिर संजोना।

कौन हूँ मैं?

अंतर्मुखी सी शर्मिली,
शक्तिशाली या कमज़ोर,
समाज की बंदिशों में बँधी हूँ,
या उन्हें तोड़ने की कोशिश कर रही हूँ?
खो दी है मैंने पहचान सही गलत की,
या मान गई हूँ हार समाज के तौर-तरीकों से?
क्या पाना है और मंज़िल कहाँ है,
क्या यह भी भूल चुकी हूँ मैं ?
कठपुतली हूँ या हूँ चिड़िया,
शीतल पानी या आग का दरिया,
करनी है तलाश मुझे अपनी पहचान की,
बदलनी है सोच और तस्वीर समाज की।

‘नटूरे के सच से खतरे में फटूरे’

एक स्कूल था, जिसका नाम था रामपुर विद्यामंदिर। एक कक्षा में अंग्रेजी की क्लास चल रही थी। उसी कक्षा के पप्पू नाम के एक छात्र ने अध्यापक से पूछा ‘सर नटूरे को हिंदी में क्या कहते हैं?’

अध्यापक को नटूरे का अर्थ याद नहीं था तो उन्होंने कहा ‘मैं तुम्हें कल बताऊँगा।’ यह कहकर उन्होंने बात टाल दी। घर जाकर उन्होंने शब्दकोश के हर पन्ने में इस शब्द को ढूँढा। अगले दिन जब पप्पू ने पूछा तो फिर अध्यापक ने वही कहकर बात टाल दी। ये सिलसिला कई दिनों तक चलता रहा। अध्यापक ने बहुत सी कंपनियों के शब्दकोश खरीदे और ‘नटूरे’ शब्द को ढूँढा, लेकिन उन्हें ये शब्द कहीं नहीं मिला। उन्हें अब यह डर सताने लगा कि यदि वो खुद अंग्रेजी नहीं जानते हैं तो बच्चों को क्या सिखाएँगे और यदि इसी कारण उन्हें नौकरी से निकाल दिया जाए, तो उनका क्या होगा?

अध्यापक ने लगभग अपने घुटने टेक दिए, लेकिन आखिरी कोशिश के लिए उन्होंने पप्पू से पूछा ‘पप्पू, क्या तुम मुझे नटूरे की स्पेलिंग बता सकते हो?’

पप्पू, ‘हाँ जरूर! **NATURE**

स्पेलिंग सुनकर अध्यापक ने गुस्से से लाल-पीला होते हुए कहा, ‘क्या, नेचर को नटूरे कहकर तुमने मेरा दिमाग खराब कर दिया। मैं तुम्हें अभी इस स्कूल से निकलवाता हूँ। चलो प्रिंसिपल के ऑफिस।’

पप्पू घबराते हुए कहता है, ‘ऐसा मत कीजिए सर, वरना मेरा फटूरे (**FUTURE**) का सत्यानाश हो जाएगा।’

" Community of language, government and religion has been the power of fusion.....A common language would be a great desideratum, but the same criticism applies to it, the destruction of the vitality of the various existing ones..... The only solution to be reached was the finding of a great sacred language of which all the others would be considered as manifestations, and that was found in "Sanskrit."

జీవిత సత్యం

ఒక ఆకు రాలుతూ చెప్పింది
 ఈ జీవితం శాశ్వతం కాదు అని
 ఒక పువ్వు వికసిస్తూ చెప్పింది
 తనలాగే మంచిని చేయమని
 ఒక మెరుపు మెరుస్తూ చెప్పింది
 ఉండేది క్షణమైనా ఉజ్జ్వలంగా ఉండమని
 ఒక ఏరు జలజల పారుతూ చెప్పింది
 తనలాగే కష్ట సుఖాల్లో చలించకుండా సాగమని
 జాబిలి వెలుగుతూ చెప్పింది
 తనలాగే జీవితాంతం ఎదుటివారిలో వెలుగుని
 నింపమని

స్నేహబంధం

నను మరువకు నేస్తమా !
కలత పడిన మనసుతో కన్నీరు నింపే వేళ
పన్నీటి జల్లులా, చిరుగాలి తెమ్మెరలా
ఆదుకుని బాధ పంచుకునే ఆప్త మిత్రుడున్నాడని
మర్చిపోకు నేస్తమా నీ మదిలో నను నిలుపుము

మన సంతోషం తన సంతోషంగా
మన బాధ తన బాధగా భావించేది అమ్మ

ఎక్కడ వెతికినా కనిపించవేంటమ్మా
చాలమ్మా ఈ దాగుడు మూతలు
వార్తల్లో, చలన చిత్రాల్లో నీ అంశ స్పష్టంగా కనపడుతుంది.
అయినా ఏం లాభం? జారిన నీ నోటి ముత్యాలను వదిలేసి
ఆంగ్ల రంగుల్లో ఉండే కటిక రాళ్ళను మాత్రమే ఉపయోగిస్తున్నారు.

మానవ సంబంధాలు

మట్టి పాత్రలో కలిసి భోజనం చేసినప్పుడు
 అందరిలో సహనం ఉండేది .
 అరటి ఆకులో భోజనం చేసినప్పుడు
 బంధాలు పచ్చగా ఉండేవి.
 లోహ పాత్రలో భోజనం చేసినప్పుడు
 సంబంధాలలో ఆధునికీకరణ ప్రారంభం అయింది.
 గాజు పాత్రలో భోజనం చేసినప్పుడు
 బంధాలలో బీటలు, పగుళ్లు ఉండేవి.
 ఇప్పుడు థర్మాకోలు లో భోజనం చేసినప్పుడు
 “యూజ్ అండ్ త్రో ” లా సంబంధాలు మారిపోయాయి

మాట తూటాతో సమానం

ఓ తండ్రి తనకొడుక్కి కొన్ని మేకులు ఇచ్చి, నీకు రోజుకు ఎంత మంది మీద అయితే కోపం వస్తుందో అన్ని మేకులను గోడకు కొట్టు అని అన్నాడు. మొదటి రోజు 20, రెండవ రోజు 15, మూడవ రోజు 10 ఇలా ... తన చేతిలో ఉన్న మేకులన్నీ గోడకు కొట్టేశాడు కొడుకు. మేకులు అయిపోగానే కొడుకు తండ్రి దగ్గరికి వచ్చి, నాన్నా! మీరిచ్చిన మేకులన్నీ అయిపోయాయి. అని అన్నాడు. దానికి తండ్రి ఓ! అంటే నీకు చాలా మంది మీదనే కోపం వచ్చిందిరా..అన్నాడు. ఆ.. అయితే రేపటి నుండి రోజుకు కొన్ని మేకుల చొప్పున గోడ నుండి నువ్వు కొట్టిన మేకులు తియ్యమన్నాడు కొడుకుతో తండ్రి. తండ్రి చెప్పినట్టే కష్టపడి మేకులన్నీ తీసేశాడు కొడుకు. కొన్ని మేకులు తొలగించడానికి చాలా కష్టపడ్డాడు.

ఆ తర్వాత ఓ రోజు ఏమైంది రా ! అని అడిగాడు తండ్రి కొడుకుని. గోడకు కొట్టిన మేకులన్నీ తీసేశాను నాన్నా అన్నాడు కొడుకు. మరి గోడ ఎలా ఉందిరా ? మేకులైతే తీసేశాను కాని, వీటి వలన గోడలకు అయిన రంధ్రాలు మాత్రం అలాగే ఉన్నాయి నాన్నా అన్నాడు కొడుకు. అప్పుడు తండ్రి కొడుకుతో చూశావా ! మేకులు కొట్టేటప్పుడు చాలా సులభంగా కొట్టా వు! తీసేటప్పుడు చాలా కష్ట పడ్డావు. మేకులు తీసినా రంధ్రాలు మాత్రం అలానే ఉన్నాయి. అంటే మనకు చాలా మంది మీద కోపం వస్తుంది. ఆ కోపంలో వాళ్ళ మనస్సుని గాయపరుస్తాం. (అంటే మేకులు కొడతాం), తర్వాత సారీ చెప్పేస్తాం. (అంటే కొట్టిన మేకులు తీసేస్తాం), కానీ సారీ చెప్పినంత మాత్రాన వారి మనస్సుకు అయిన గాయం. (అంటే రంధ్రాలను) మాత్రం పూడ్చలేం. అందుకే ‘మాట తూటా’ లాంటిది. అచి, తూచి మాట్లాడుదాం, ఇతరులను నొప్పించకుండా మాట్లాడుదాం ప్రేమగా మాట్లాడుదాం. అందుకే ‘వాగ్భూషణం భూషణం’ అన్నారు పెద్దలు.

సంస్కారం నేర్పిన చలి

చలికాలం వస్తూనే అందరికీ సంస్కారం నేర్పింది.
పురుషులు చాలా ఒద్దికగా చేతులు కట్టుకుని ఉంటున్నారు .
స్త్రీలు నిండుగా చెంగు కప్పుకుంటున్నారు.
అందరూ తొందరగా ఇంటికి వస్తున్నారు.
వేడిగా తిని, త్వరగా భోజనాలు చేసి, ముసుగు కప్పుకుంటున్నారు.
రహదారులపై యువకుల సంచారం తగ్గి, రోడ్లకు విశ్రాంతినిచ్చారు.
ఫ్యాన్స్, ఏసి లు వెయ్యకుండా కరెంట్ ను ఆదాచేస్తున్నారు.
కాబట్టి అందరికీ సంస్కారం, పొదుపు నేర్పుతున్న చలికి నమస్కారం.

దాన గుణం (నీతి కథ)

పూర్వం ఇద్దరు రాజులు రథాలపై పొరుగు రాజ్యం వెళుతూ ఇరుకైన ఒక వంతెన మీద ఎదురయ్యారు. ఒక రాజు రథం వెనక్కి వెళ్తేనే గాని రెండో రథం వెళ్ళే వీలు లేదు. రథ సారథులిద్దరూ నీ రథం వెనక్కి తీసుకెళ్ళంటే, నీదే తీసుకెళ్ళని వాదించుకోవడం మొదలు పెట్టారు. ఇద్దరు రాజులు ఏం జరుగుతుందా అని చూస్తున్నారు. చివరికి ఇద్దరు సారథులూ ఒక ఒప్పందానికి వచ్చారు. వాళ్ళు తమ రాజుల గొప్పదనం చెప్పేట్లు ఏ రాజు గొప్పవాడో ఆ రాజుకు రెండో రాజు ముందు దారి ఇచ్చేట్లు. సరే మొదటి సారథి ఇలా అన్నాడు. మా రాజ్యంలో మారాజు గారు రోజుకి వంద మంది అభాగ్యులకి, ఆకలి బాధతో ఉన్న వారికి భోజనం ఏర్పాటు చేసిగాని వారు భుజించరు. బట్టలు లేని వారికి రోజుకి ఐదారు వందలమందికి వస్త్రదానం చేస్తారు. ఇంకా అనాథ శరణాలయాలు.... వృద్ధాశ్రమాలూ స్థాపించారు. దీనికి ..

రెండవ సారథి తలదించుకుని కంట నీరు పెట్టుకుని తన రథం వెనక్కి తీయటానికి సిద్ధమయ్యాడు. దానికి రాజుగారు ఇలా అడిగారు. ఏమయ్యా ! మీ రాజు గారికి దాన గుణం లేదా! అలా ఏమీ చెప్పకుండా రథం వెనక్కి తిప్పుకుంటున్నావు. దానికి ఆ సారథి వినయంగా రాజా! మా రాజుగారు దానం చేస్తుండగా చూసే అదృష్టం మా రాజ్యంలో ఎవరికీ కలుగలేదు. మా రాజ్యంలో దానం చేద్దాం అంటే సామాన్యులమైన మాకే ఒక్క దీనుడూ కనపడలేదు. వృద్ధాశ్రమాలలో ఉండే అవసరము ఏనాడూ ఎవరికీ కలుగలేదు. ఇంకా మారాజు గారికి ఆ అవకాశం ఎలా ఉంటుంది? దానం చేసే అవకాశం, అవసరం మా రాజ్యంలో లేదు ప్రభూ అని. వెంటనే మొదటి రథంలో రాజు రథం దిగి రెండవ రాజుకు పాదాభివందనం చేసి, తన రథం వెనక్కి తీయించి దారి ఇచ్చాడు.

ప్రయత్న శీలం

ఒక మట్టి ముద్దను మనిషి ఎన్ని రూపాల్లోనైనా తీర్చి దిద్దగలడు. అలాగే నిరాశలో నుంచి, మనిషి ఆశను వెదకి, తనకు అనుగుణంగా కాలాన్ని మలుచుకోవడానికి యత్నించాలి. అప్పుడే మనిషి ఉన్నత శిఖరాలను చేరుకుంటాడు. ఉదాహరణకి ఎక్కడ పాలుదొరుకుతాయా అని నిరంతరం అన్వేషించే పిల్లి తన ప్రయత్నంతో పాలను సాధించుకుని, తన పొట్ట నింపుకుంటుంది. ఆ పిల్లికి ఎప్పుడూ పాలిచ్చే ఆవు లేదు కదా! ఆవు లేకున్నా పాలకు కొరత లేకుండా సాధించు కొంటున్నదంటే పిల్లి నిరంతర ప్రయత్న శీలమే కారణం. కనుక పిల్లి కూడా మనిషికి ఆదర్శమే. ఇలా లోకంలో మానవునికి బుద్ధి చెప్పే ప్రాణులెన్నో ఉన్నాయి. కనుక మనిషి నిరంతరం ప్రయత్న శీలాన్ని అలవరుచుకోవాలి.

సెలయేరు, గొడ్డలి పోటీ పడ్డాయి.

పోలింగ్ జరిగింది.

చెట్లకు జీవనాధారమైన నీరు ఇచ్చే సేలయేరు గెలుస్తుందని

అందరూ అనుకున్నారు.

నిత్యం వృక్షాలను తెగ నరికే గొడ్డలి చిత్తు, చిత్తు గా ఓడి

పోతుందని సర్వే ఫలితాలు ముందే చెప్పాయి.

అయితే చివరికి గొడ్డలి భారీ మెజారిటీతో గెలిచింది.

ఆశ్చర్యపోయారు అందరూ....!

ఈ విషయాన్ని వివిధ వృక్ష జాతుల నాయకులను అడిగారు.

అవును... నిజమే...

గొడ్డలి వలనే మా జాతి అంతరిస్తుంది. కానీ

ఆ గొడ్డలి వెనుక ఉన్న క్రమ మా కులానికి చెందినది.

అందుకే గొడ్డలికి ఓటేశాం...!

బాల్యం ఓ మాధుర్యం

పల్లెటూళ్ళల్లో పిల్లలు తమ నిజమైన బాల్యాన్ని అద్భుతంగా ఆస్వాదిస్తారు. ఈ బాల్య జీవితమే తమ భవిష్యత్తులో ప్రకృతిపై ప్రేమ, కల్యాణం లేని మనస్తత్వం వంటి గుణాలకు ఆయువు పోస్తుంది. పిల్లలు మానసిక వికాసంలోనూ మరియు ప్రకృతితో మమేకమవడం సొంత ఊరిపై ప్రేమ వంటి గుణాలన్నీ కేవలం ఆటలద్వారా మాత్రమే పిల్లలకు లభిస్తాయి. పసితనములో బూచి అంటూ అమ్మా నాన్నలు పిల్లలతో ఆడుకుంటూ మురిసిపోతారు. ప్రతి పిల్లవాడు ఊరంతా తనదే అన్న భావనతో తన తోటి పిల్లలతో కలిసి 'ఎక్కడి దొంగలక్కడే గప్పుప్' అంటూ దాగుడు మూతలు ఆడుకుంటూ అన్నం వేళ్ళు సైతం మరచిపోయి అమ్మ వచ్చి బువ్వకు పిలిచేదాకా అలుపెరుగక ఆడుతూ ఉంటారు. అమ్మాయిలేమో పొద్దున్నే మంచినీళ్ళకి వాగులోని చెలమల వద్దకు వెళ్ళి అక్కడే గన్నాలు ఏరుకొని వచ్చి అచ్చన గన్నాలాట, మామిడిటెంకతో తొక్కుడు బిళ్ళ, గుజ్జనగూళ్ళు వంటి ఆటలతో మైమరచి పోతారు. అమ్మాయిలేమో కర్ర బిళ్ళ, క్రికెట్, వంగుడు దూకుడు వంటి ఆటలు ఆడుతూ పొలాలకి వెళ్ళి అక్కడ చెట్లతో అనుబంధం పెంచుకుంటూ అక్కడే తాటి ముంజలు తింటూ పక్షులతో గడుపుతూ కుటుంబం, స్నేహితులతో బంధువులతో సంతోషిస్తారు. వెన్నెల రాత్రుల్లో చెప్పవలసిన అవసరమే లేదు. బజారులో పిల్లలందరూ దాక్కునే ఆట, నీడ తొక్కే ఆట వంటి ఆడుతూనే ఉంటారు. ఇలా మానసిక వికాసంతో పాటు మంచి అలవాట్లు, కలివిడితనం వంటి లక్షణాలు ఆటల ద్వారా అలవాడతాయి. కానీ ప్రస్తుతం బాల్యం బందీ అవుతుంది. ఆటలు ఆడటానికి స్వేచ్ఛ లేదు. పోటీ నెపంతో పిల్లలు బాల్యం అనుభవించకుండానే పెరుగుతున్నారు. ఓ విద్యార్థి ఈ పరిస్థితి నుండి బయటపడు.

అంకెల మాటలు

పెళ్ళి కావట్లేదని 6 బయట 7 స్తూ కూర్చున్న
 100 నా రావుకి మంచి అమ్మాయిని చూసి పెడతానని
 వాగ్దానం చేశాడు 1 దంతం. అతని 3 మార్చడానికి
 $\frac{1}{2}$ టి బజ్జీలు తిందామా అని అడిగితే, ఉప్పు తక్కువ 1000 మన్నాడు.
 100న రావు తిని గంటలో రెడీ అయి సినిమాకు బయలు దేరాడు.
 సినిమా హాలులో తనపక్కన కూర్చున్న అమ్మాయి పేరు 100న అని తెలిసి,
 ఎగిరి గంతేశాడు 100న రావు. అమ్మాయి తండ్రి 10000000 శ్వరరావు అని,
 వాళ్ళ ఇల్లు తిరాల వీధిలో ఉందని తెలిసి, బీరువా లో ఉన్న మంచి బట్టలు వేసుకుని
 వాళ్ళింటికి బయలుదేరే లోగా ఆ రోజు 8 మి అని గుర్తొచ్చి ఆగిపోయాడు.

IDEA: Smart Wristband To Monitor Old and Disabled

Every 30 seconds a person develops Alzheimer's. Hemesh's Grandmother was one amongst many who was affected by the disease. Being affected by the disease she did not have control on her body. She used to wake up at abnormal timings during midnight without anyone noticing, especially the caretaker. Thus, to solve this problem Hemesh created a Smart Wristband To Monitor Old and Disabled people.

The Wristband or sock is worn by the patient, monitors his/her body temperature and pulse rate, monitors the person's status i.e. whether the person is sleeping or is he/she awake and walking with the help of an MPU6050 Accelerometer module. Temperature and pulse rate are monitored with the help of temperature and pulse sensors. The data received by the sensors is sent to the caretaker or a family member's phone that the person is awake or there is an abnormal rate of pulse or temperature of the person's body with the help of a Bluetooth Module. Hemesh made the use of an Arduino as version of the Arduino as it is cheap and small in size. This project is very useful as it can help people suffering from Alzheimer's.

Alzheimer's: Hope on hand for caregivers

Caregivers find it difficult to keep a constant watch on Alzheimer's patients and sometimes miss their health issue. Addressing this issue, a city school kid innovated a smart wrist band which signals to the caregiver about any activity or health update through an application connected to the smart wrist band.

Alzheimer's disease can be diagnosed through a blood test. However, it is difficult to detect the disease in its early stages. Hemesh's smart wristband can help caregivers monitor the health of their loved ones. The device is connected to a mobile application that sends alerts to the caregiver's phone when the patient's pulse rate or body temperature is abnormal.

City school boy develops smart wrist band to keep tabs on patients. A Bluetooth module connects mobile app with a range of 15-50 meters.

The process of patenting the device is underway. Hemesh is currently in the process of patenting the device. He is also looking for investors to fund the project. The device is currently in the process of being patented.

Apart from detecting the status of the patient, the band also shows body temperature, pulse rate and transfers the data to the mobile application connected to it. The application is currently operational on only Android devices. iOS application is in process.

Students bag First Prize in the National Level CBSE Science Expo

Pranavathi Divya Teja and Nikhil Patnank, the class X students of Jubilee Hills Public School brought laurels to the school by bagging the First Prize in the National Level CBSE Science Exhibition in 'Others Category' held at Mayoor Public School, Noida on February 8 and 9. The students made a Prototype in Advanced Invention System called 'Way-out'. This technology can rescue people from drowning and can be used during natural calamities such as floods.

This was the only Project from Telangana and Andhra Pradesh to have secured the first position. The Project was sent from the school ATL (ATL Tinkering Lab), a state-of-

the-art facility which runs on the motto of generating an ecosystem of innovation. Through this lab, the school has been providing congenial facilities to encourage and fortify the hidden potential of its students to their optimum level of creation, development and achievement.

The management held a special assembly and felicitated both the students for their brilliant performance. K. Krishnadev Rao, president, Jubilee Hills Education Society and T. Harishchandran Prasad, secretary, Jubilee Hills Education Society, honoured the students by presenting them with a cash prize of Rs.10,000 each, and also felicitating their mentor Goundar with a cash award.

Speaking on the occasion, T. Harishchandran Prasad congratulated the students and said that since the inception of the school it had been a dream of the founders to have a tech-

nology lab to help the students with their creativity in technology. He further stated that the Atal Tinkering Lab, which was setup through a grant from the Government of India, helps to build an innovative mindset.

K. Krishnadev Rao congratulated the students and said, "Success is what you alone want without stepping on somebody else's toes. It is not what your parents want or what your friends want. It is what you want in life. When you achieve this, you are successful."

The parents thanked the teachers and the management for providing their children with the right opportunities and helping them achieve their best.
