# AUTHOR'S VISIT

Jubilee Hills Public School, Hyderabad, had the honour of hosting a distinguished author, Dr. Dinesh C. Sharma, along with two journalists, Sri Prem Aman and Sri Venkateshwarulu, who was also an ex editor of The Hindu, on 7th February, 2026. The session aimed to promote reading habits and literary appreciation among students.

Encouraging Young Talent

The event was attended by the President, Sri A. Murali Mukund, Director, Ms. M. Varalakshmi and the Principal, Ms. P. Kanchana Valli. The programme commenced with a library tour, where Dr. Dinesh C. Sharma was introduced to the school's well-stocked library and its reading initiatives. He interacted warmly with students and appreciated the school's commitment to nurturing a culture of reading and research from a collection of 20,000+ books.

This was followed by the formal introduction of the author, highlighting Dr. Dinesh C. Sharma's remarkable contributions as a renowned science writer, journalist, and author of several acclaimed books. His achievements and dedication in making science accessible to young minds were briefly shared with the audience.

In his address, Dr. Dinesh C. Sharma spoke engagingly about the importance of curiosity, critical thinking, new technology and continuation of tradition. He encouraged students to ask questions, observe the world around them, and develop a scientific temper through regular reading and writing. He emphasised that books have endured through time and continue to be a powerful medium of leaving a lasting impression on both students and teachers. The students were thrilled to have an opportunity to meet the author and share their writing experiences.

The programme concluded with a vote of thanks, expressing appreciation to the author, the school management, teachers, and students for making the event a memorable and enriching experience.

## **DR. MOUNIKA,** *Honoured with the Prestigious APJ Abdul Kalam Award*

An exemplary alumna of Jubilee Hills Public School, Hyderabad (Batch of 2005), Dr. Mounika, a renowned Paediatric Nephrologist, has been awarded the prestigious APJ Abdul Kalam Award. With expertise in treating complex kidney conditions in children, Dr. Mounika has made significant contributions to the medical community.

Dr. APJ Abdul Kalam Health Award, acknowledges her excellence in service and commitment to healthcare, highlighting the impact of healthcare professionals on society. This achievement is a testament to her dedication to the field of paediatric nephrology.

The management of Jubilee Hills Public School congratulates Dr. Mounika on her remarkable achievement which has earned her recognition as a leading specialist in the field of healthcare.

# WORKSHOP ON USAGE OF CANVA FOR EDUCATORS

*Ms. Ujjwala Panchal*

**Briefing the Staff about Canva Usage**

Jubilee Hills Public School organised an in-service training session on “Usage of Canva for Educators” in the school premises on 18 and 20 February 2026 for teachers to enhance their creativity in using digital tools.

The session was led by Ms. Ujjwala Panchal, Digital Design Trainer from Canva.

The objective of the session was to equip teachers with digital design skills and introduce them to innovative ways of integrating Canva into classroom teaching and school activities.

Ms. Ujjwala Panchal began the session by explaining the importance of digital creativity in modern education. She demonstrated how Canva can be used to create engaging presentations, worksheets, infographics, certificates, newsletters, and social media posts for school events. She also highlighted the availability of Canva for Education, which provides free access to premium features for teachers and students.

The session included a live demonstration where teachers learned to:

1. Create interactive lesson presentations
2. Design worksheets and study materials
3. Use templates effectively

She emphasized how Canva enhances digital literacy and makes teaching more visually engaging. She also guided the teachers on incorporating project-based learning using Canva tools.

The session was highly interactive and informative and provided valuable exposure to digital tools that can transform the teaching-learning process. Teachers actively participated and clarified their queries.

# CLUB & INTER HOUSE COMPETITIONS

*Sparks Creativity and Teamwork*

Jubilee Hills Public School, Hyderabad, organized lively and engaging Club Competitions and Inter-House Sports Competitions that encouraged students to explore their interests beyond academics.

The Art Competition highlighted the imaginative skills of young artists, while the dance performances captivated the audience with vibrant energy, rhythm, and grace. The Best Out of Waste activity encouraged environmental awareness by promoting the concept of recycling and creative reuse. The Rubik's Cube Challenge tested students' logical thinking and concentration.

Students from various classes participated and showcased their creativity and talent with collaborative spirit.

A wide range of activities such as Art, Dance, Rubik's Cube Challenge, Best Out of Waste, Elocution, Show and Tell, and interactive Basic Math and Computer Games and Sports activities were

**RHYTHM CLUB**

Cultural awareness was promoted through Show and Tell sessions, where students confidently presented elements of India's rich heritage and traditions. Elocution helped to develop leadership qualities, self-confidence and effective communication skills. Interactive computer-based games focusing on typing and basic math

# PARIKSHA PE CHARCHA-2026

## Live Pariksha Pe Charcha 2026

## Live Pariksha Pe Charcha 2026

An informative session of Pariksha Pe Charcha-2026 was conducted on 6 February, 2026 at Jubilee Hills Public School, Hyderabad. The programme aimed to motivate students and help them overcome examination stress by encouraging a positive attitude towards studies and learning.

Students of Classes 6 to 12 watched the live interaction of Sri. Narendra Modi, the Prime Minister of India, with students from across the country. During the session, he shared valuable tips on effective time management, maintaining confidence and preparing for examinations without fear. He also encouraged students to treat exams as a celebration of learning rather than a burden. The session was highly interactive and inspiring for the students, helping them gain confidence and develop a positive outlook towards their upcoming examinations.

Learning Exam Strategies through  
Pariksha Pe Charcha

# ROAD SAFETY

## DRIVE SAFE & ARRIVE ALIVE

The Jubilee Hills Zone Traffic Police organized a road safety awareness programme under the “Arrive Alive” campaign on 25 February, 2026 at Jubilee Hills Public School, Hyderabad. The programme was conducted to educate school bus drivers, van & auto drivers and bus attenders from Jubilee Hills Public School and Bharatiya Vidya Bhavan School about traffic rules and safe driving practices in the “Arrive Alive” Programme which is a state government initiative.

The Deputy Commissioner of Police (DCP) Kajal Singh, addressed the gathering and emphasized that the safety of school children is the responsibility of the drivers and depends on the alertness of drivers. She advised them to remain careful at all times and strictly avoid driving under the influence of alcohol. She also explained the concept of defensive driving, which includes anticipating dangers, staying alert and being aware of the surrounding vehicles. She also advised the drivers to stay away from using mobile phones. A PPT was shown to create awareness among drivers about safe driving practices.

The programme was attended by around 200

Promoting Safe Driving Practices in “Arrive Alive” Programme

people comprising of school bus drivers, bus attenders and transport staff from Jubilee Hills Public School and Bharatiya Vidya Bhavan School. Several officials and representatives participated in the event, including Jubilee Hills and Banjara Hills Traffic Inspectors Mr. Ravinder and Mr. Sunil, Jubilee Hills Public School Director, Ms. M. Varalakshmi.

The event concluded with appreciation for the efforts of the traffic police and school authorities in promoting road safety and building a strong culture of responsible driving in the city.

Road Safety Awareness Session for School Transport Staff

# Food & Nutrition Workshop

A Nutrition Workshop, led by Chef Sonam, was conducted for children aged 5-9 years. The interactive session showcased colourful fruits and vegetables and explained their connection to different body parts. Red foods for a healthy heart, orange foods for eye health, and green foods to fight diseases were among the fascinating facts shared.

With child-safe knives, children cut and mixed different fruits to craft a vibrant fruit bowl, making learning a hands-on experience. Chef Sonam's energetic approach ensured every child participated and engaged with the session. This allowed children to focus on the live colours of fruits and vegetables, making the experience more immersive.

The workshop helped the children in learning healthy food habits. The session

concluded with a sense of accomplishment and enthusiasm, as children proudly displayed their fruit bowls

Little Chefs on Job

## FINANCIAL LITERACY WORKSHOP

Jubilee Hills Public School, Hyderabad recently conducted a unique Financial Literacy Workshop for Kids led by experienced grandmother and CFO Yogini Agarwal. With her experience of running the Yogibear Children's Park for 15 years, she delivered fun and engaging finance lessons. The workshop for children was conceptualized to introduce young learners to basic money management skills in a fun and engaging manner. The

workshop aimed to build early awareness about financial habits through interactive and playful learning techniques. This workshop for kids proved to be an innovative step towards nurturing financial understanding among young learners.

Empowering Through Financial Literacy

# PARENT TEACHER ASSOCIATION (PTA)

The Parent Teacher Association General Body meeting was conducted by Jubilee Hills Public School, Hyderabad on 14 February, 2026. The session was addressed by the Director, Ms. M. Varalakshmi, and the Principal, Ms. P. Kanchana Valli, who focused on reviewing the school's achievements, major activities, workshops, recognitions, and future plans for the upcoming year.

A comprehensive briefing was given on the school's awards and recognitions received during the academic year. Recently the school was recognised as "The Best School with CBSE Curriculum". The Director was honoured with the "Impactful School Leaders Award" for visionary leadership and institutional growth.

Major school events were highlighted and appreciated for promoting cultural awareness and student talent. Students actively participated in enrichment programmes like Solar Observation Activity and Night Sky Observation Activity. The school got a valuable opportunity to attend the AP Space Tech Summit held at Guntur, Andhra Pradesh, to showcase innovations and ideas in the field of Space Technology. Another key highlight of the year was the author interaction programme by award-winning science writer Dr. Dinesh C. Sharma, who visited the school and interacted with students on scientific thinking.

Future academic plans were also outlined, announcing the introduction of the Cambridge curriculum framework. For higher classes,

the Science stream will be integrated with knowledge partners to prepare students for competitive exams like JEE and NEET. An after-school coaching programme has also been introduced for the Commerce stream students to prepare them for competitive examinations such as CLAT, IPMAT, and CUET.

The Director informed parents about infrastructure upgrades, academic collaborations, technology integration, and various student programmes. The meeting concluded with an interactive question answer session, reinforcing cooperation between parents and the school in supporting student excellence and holistic development, including discipline, moral values and etiquette in using technology.

# JHPS SPACE LAB SPECIAL MENTIONS

## National Level Achievement

**Sriman Ammaneni (Class 6B) won 1st Prize at the National Level Painting Competition on National Space Day, beautifully portraying India's space journey from Aryabhata to Gaganyaan.**

## National Space Day

**Students celebrated National Space Day (23rd August), marking the historic success of Chandrayaan-3 in 2023, through planetarium visits, competitions, and Space Lab presentations.**

## Live Rocket Launch Experience

**Students witnessed the live launch of Shubhanshu Shukla to the ISS, sparking inspiration and deep discussions on human spaceflight.**

## NASA EarthKAM Mission

**Our school participated in the annual NASA EarthKAM Mission, where students request Earth images captured from the ISS, encouraging them to explore and seek answers to their curious questions about our planet. This year was especially memorable as Indian astronaut Shubhanshu Shukla was part of the ISS crew.**

## ISRO-NRSC Visit

**National Space Day winners visited ISRO-NRSC, Hyderabad, and interacted with astronaut Shubhanshu Shukla. From watching his launch, sending Earth image requests to the ISS, to finally meeting him in person, it was truly a full-circle moment for our students.**

## World Space Week

**Students showcased satellites, rovers, robotic arms, and orbit models built during Space Lab sessions.**

## Asteroid Search Campaign

**Two student-identified objects were selected at the preliminary stage, marking a potential asteroid discovery.**

## Solar Observation

**Students safely observed real sunspots through solar telescopes, learning about solar activity and its impact on Earth.**

## NASA Space App Challenge

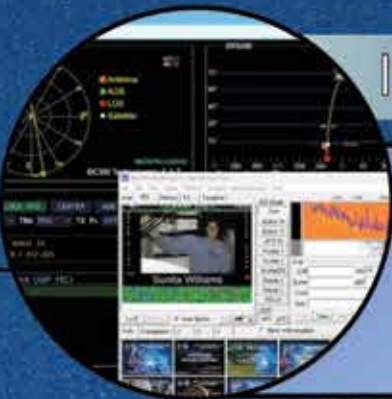

Teams created 'Space Comics' (Solar Flares & Auroras) and 'Meteor Impact Simulation' demonstrating crater formation and environmental effects and presented it on an international platform.

## Space Tech Summit

JHPS secured 3rd Place among 120 teams from 43 schools, impressing judges with presentations on LIGO, Dyson Swarm and Mars mission.

## ISS HAM Radio Workshop

In collaboration with the National Planetarium, Malaysia, students observed live ISS image transmissions and experienced real-time space-to-Earth communication.

## Night Sky Observation

Students observed the Moon, Saturn, Jupiter, and its Galilean moons, connecting theory with real celestial objects.

## TRADITION, TECHNOLOGY AND TRANSFORMATION

**J**ubilee Hills Public School, Hyderabad—synonymous with excellence, trust, and transformation—has been shaping generations of learners since 1988. The institution has stood as a beacon of discipline, innovation, and holistic education. Today it nurtures over 3,000 students from Nursery to Grade XII, blending tradition and technology to prepare future-ready citizens.

### LEADERSHIP THAT TRANSFORMS FUTURES

The transformation of Jubilee Hills Public School is evident across every sphere—from curriculum innovation and digital integration to international collaborations and future-ready infrastructure. More than adopting trends, the school focuses on shaping young minds into thinkers, creators, and compassion, as global citizens.

The strength of JHPS lies in its leadership and governance under the Jubilee Hills Education Society led by A. Marali Mukund, President, A. Dinakar Babu, Secretary, M. Varalakshmi, Director, and P. Kanakanna Valli, Principal. Together, they foster an environment where students are empowered to dream, lead, and serve.

M. Varalakshmi, Director

### FROM SCHOOL BENCHES TO HEALING HEARTS

**JHPS alumni serving as some of the most renowned doctors in the country**  
A stethoscope may be a tool—but it is the hands that hold it, shaped by JHPS' rigorous spirit, that truly heal. The school salutes its alumni who transitioned from students to the frontlines of global health.

**Divya Panda MBBS, MD Pathology | JHPS Batch: 2005**

Divya Panda credits JHPS for fostering leadership, confidence, and a deep awe for science. From academics to sports and cultural activities, her holistic school experience—including serving as Head Girl and winning a Junior National silver medal in gymnastics—shaped her discipline and determination. Today as a Pathologist, she continues to build on the strong foundation laid during her school years.

**K. Sivacharan MBBS, MD General Medicine (Cardiology), FNB Cardiac Electrophysiology | JHPS Batch: 2005**

Sivacharan's journey into advanced cardiology began with the encouragement and academic foundation he received at JHPS. The school nurtured his interest in science while instilling values of perseverance, resilience, and discipline—qualities that continue to guide his professional life today.

**Tejaswini Ramineni MBBS, DNB Internal Medicine, DNB Clinical Immunology & Rheumatology | JHPS Batch: 2006**

Tejaswini Ramineni now a Clinical Immunologist and Rheumatologist, attributes her success to the school's strong emphasis on science, curiosity, debates, and communication. The confidence to present research at international forums and think critically was cultivated early at JHPS. Mentorship and inspiration—including a defining interaction with Dr. A.P.J. Abdul Kalam—further strengthened her resolve to pursue medicine.

**Monica Reddy Muppudi MBBS, MDI JHPS Batch 1999**

Monica Reddy Muppudi, attributes much of her success to her formative years at JHPS. A former Head Girl, she values the school's unique commitment to nurturing individual strengths beyond academics. For Monica Reddy, the school's focus on resilience, empathy, and community created a foundation of academic quality that continues to guide her distinguished medical career.

**Chandana Mareddy MBBS, MD Paediatrics, FIAP (PND, BMT), MCh UK Paediatric Haemato-Oncologist & BMT Physician | JHPS Batch: 2007**

For Chandana Mareddy medicine is both science and service. From her advanced training in India and abroad, her journey reflects purpose, working with children facing cancer and complex blood disorders, she combines evidence-based care with deep compassion, while also building sustainable systems to address care beyond hospital walls.

**N. S. Soujanya MBBS, DNB Pulmonology | Consultant Pulmonologist | JHPS Batch: 2004**

From Bharatanatyam and Carnatic music to critical respiratory care, N. S. Soujanya's journey reflects the power of holistic education. The arts instilled discipline, focus, and grace under pressure—qualities that now support her work as Lead Pulmonologist handling high-stress, life-critical cases. Her academic milestones and professional success are built on the perseverance and balance cultivated at JHPS.

**Sri Sai Bhavya Prabhala MBBS, PLAB-Qualified | JHPS Batch: 2014**

Sri Sai Bhavya Prabhala believes that the school's emphasis on discipline, goal-setting, and holistic development prepared her for medical training and her progression toward a medical career in the UK. She continues to carry forward the values of integrity, perseverance, and purpose instilled during her formative school years.

**Meera Babu MBBS | JHPS Batch: 2016**

A proud alumna of JHPS, Meera Babu credits the school's balanced approach to academics and values for shaping her journey. The culture of curiosity, inspiring teachers, and commitment to holistic education guided her through medical education and into professional practice. She remains grateful for the confidence and discipline nurtured at JHPS.

**Veena Saroj Punnakolla MBBS, MS ENT | JHPS Batch: 2011-12**

Veena Saroj Punnakolla reflects on how JHPS shaped not just her academic abilities, but her character. The school's focus on sports and all-round development taught her resilience, teamwork, and time management—essential qualities in medical practice. She continues to serve with integrity and compassion, guided by the values learnt at school.

**Manamitha Reddy Muppudi MBBS (SMMC), MS Ophthalmology (MMC), FPOS | JHPS Batch: 2004**

Leadership, empathy, and resilience define Manamitha Reddy Muppudi's journey. As House Captain and Head Girl, she developed strong leadership skills that continue to shape her professional life. Her medical career in ophthalmology is deeply rooted in the discipline, moral grounding, and communication skills nurtured at JHPS, along with lifelong friendships formed during her school years.

### A LEGACY OF HEALING

The journeys of these alumni doctors reflect the enduring impact of JHPS, as the school continues to shape professionals who heal not only with skill—but with heart. Their stories reaffirm the school's commitment to transforming young minds into compassionate healers and responsible global citizens—true embodiments of tradition, technology and transformation.

# AI in school curriculum; students in Telangana to get breakfast, milk

Koride.Mahesh  
@timesofindia.com

**Hyderabad:** In a major transformation of the state's education system, chief minister A Revanth Reddy announced that Artificial Intelligence (AI) will be integrated into the school curriculum starting from the 2026-27 academic year. Reviewing the education department on Thursday, the CM, who also holds the education portfolio, directed officials to implement short-term AI training for teachers to help them adapt to the shifting technological landscape.

Govt school students will also be provided with breakfast and milk (sourced from Vijaya Dairy), alongside uni-

## KEY CHANGES

► Telangana Public Schools, modelled on the Arutla Telangana Public School, will be started in 100 assembly constituencies (excluding Hyderabad)

► AI-based courses will be introduced immediately in polytechnics and Advanced Technology Centres (ATCs), replacing outdated curricula

forms, shoes, socks, and stationery.

Two separate reports — one on fee regulation in private schools and the other on

Telangana education policy — were presented to the chief minister at the meeting. The reports would be referred to experts.

The CM said there was a need to transform govt schools into symbols of quality education. Stating that there was no dearth of funds, he asked engineers to construct schools within the core urban region economy (CURE) area on the lines of corporate schools and complete 12 new integrated schools within a year. He also specified that the integrated schools should have all the facilities akin to Bharatiya Vidya Bhanvan and Jubilee Hills Public School.

► Continued on P6
